Neighborhood Street Clearing Program Parking Restrictions for January 12, 2010

The Police, Fire and Public Works Departments announce the start of a phased snow clearing program to facilitate emergency access throughout Sioux City. The clearing of snow from the street to the right of way will allow for timely response to residences and locations to set up once the public safety personnel are on site.

On January 12 and January 13, snow clearing will take place in the following 4 neighborhoods; Leeds, Riverside, Country Club and Singing Hills. Parking will be restricted to one side of the street for a 24 hour period (7AM to 7AM) each day. There will be no parking on the odd numbered address side of the street on January 12 and parking will be allowed on the opposite side of the street. On January 13, parking will be restricted on the even side of the street and allowed on the (just cleared) odd side of the street. To ensure the street is cleared, vehicles must be moved during these times. The Police Department will work closely with Field Services throughout this effort and vehicles that are not in compliance will be towed.

Please refer to the **Street Clearing** link on the City's website at www.sioux-city.org to review current press releases related to the Street Clearing Program. The link is located on the left side of the home page.
