

Assuming compliance with certain covenants, in the opinion of Ahlers & Cooney, P.C., Bond Counsel, under present law and assuming continued compliance with the requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Series 2022A Bonds is excludable from gross income for federal income tax purposes. Interest on the Series 2022A Bonds is not an item of tax preference for purposes of the federal alternative minimum tax. The Series 2022A Bonds will NOT be designated as "qualified tax-exempt obligations". In the opinion of Ahlers & Cooney, P.C., Bond Counsel, under present law, interest on the Series 2022B Bonds is not intended by the City to be exempt from federal income taxation. See "TAX MATTERS" herein for a more detailed discussion.

Sioux City, Iowa

\$13,895,000 General Obligation Bonds, Series 2022A
\$8,890,000 Taxable General Obligation Bonds, Series 2022B

Dated: dated of delivery (estimated closing on June 23, 2022)

The General Obligation Bonds, Series 2022A (the "Series 2022A Bonds") and the Taxable General Obligation Bonds, Series 2022B (the "Series 2022B Bonds"), (collectively, the Series 2022A Bonds and the Series 2022B Bonds are referred to herein as the "Bonds") described above are issuable as fully registered Bonds in the denomination of \$5,000 or any integral multiple thereof and, when issued, will be registered in the name of Cede & Co., as Bondholder and nominee of the Depository Trust Company, New York, NY ("DTC"). DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry form. Purchasers of the Bonds will not receive certificates representing their interest in the Bonds purchased. So long as DTC or its nominee, Cede & Co., is the Bondholder, the principal of, premium, if any, and interest on the Bonds will be paid by City Treasurer as Registrar and Paying Agent (the "Registrar"), or its successor, to DTC, or its nominee, Cede & Co. Disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants as more fully described herein. Neither the Issuer nor the Registrar will have any responsibility or obligation to such DTC Participants, indirect participants or the persons for whom they act as nominee with respect to the Bonds.

Interest on the Bonds is payable on June 1, and December 1 in each year, beginning December 1, 2022 to the registered owners thereof. Interest shall be payable by check or draft of the Paying Agent mailed to the persons who were registered owners thereof as of the fifteenth day of the month immediately preceding the Interest Payment Date, to the addresses appearing on the registration books maintained by the Paying Agent or to such other address as is furnished to the Paying Agent in writing by a registered owner.

The Bonds maturing after June 1, 2027, may be called for redemption by the Issuer and paid before maturity on said date or any date thereafter, from any funds regardless of source, in whole or from time to time in part, in any order of maturity and within an annual maturity by lot. The terms of redemption shall be par, plus accrued interest to date of call.

MATURITY SCHEDULE – See next page

The Bonds are being offered when, as and if issued by the Issuer and accepted by the Underwriter, subject to receipt of an opinion as to legality, validity and tax exemption by Ahlers & Cooney P.C. Des Moines, Iowa, Bond Counsel. Ahlers & Cooney P.C. is also serving as Disclosure Counsel for the Issuer in connection with the issuance of the Bonds. It is expected that the Bonds in the definitive form will be available for delivery on or about June 23, 2022. The Underwriter intends to engage in secondary market trading of the Bonds subject to applicable securities laws. The Underwriter is not obligated, however, to repurchase any of the Bonds at the request of the holder thereof.

The Date of this Official Statement is May 23, 2022

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. The Issuer considers the Official Statement to be "near final" within the meaning of Rule 15c2-12 of the Securities Exchange Commission. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as a representation of facts.

THESE SECURITIES HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION BY REASON OF THE PROVISIONS OF SECTIONS 3(a)(2) OF THE SECURITIES ACT OF 1933, AS AMENDED. THE REGISTRATION OR QUALIFICATIONS OF THESE SECURITIES IN ACCORDANCE WITH APPLICABLE PROVISIONS OF SECURITIES LAWS OF THE STATES IN WHICH THESE SECURITIES HAVE BEEN REGISTERED OR QUALIFIED AND THE EXEMPTION FROM REGISTRATION OR QUALIFICATION IN OTHER STATES SHALL NOT BE REGARDED AS A RECOMMENDATION THEREOF. NEITHER THESE STATES NOR ANY OF THEIR AGENCIES HAVE PASSED UPON THE MERITS OF THE SECURITIES OR THE ACCURACY OR COMPLETENESS OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY MAY BE A CRIMINAL OFFENSE.

FORWARD-LOOKING STATEMENTS

This Official Statement, including Appendix A, contains statements which should be considered "forward-looking statements," meaning they refer to possible future events or conditions. Such statements are generally identifiable by the words such as "plan," "expect," "estimate," "budget" or similar words. THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE CITY DOES NOT EXPECT OR INTEND TO UPDATE OR REVISE ANY FORWARD-LOOKING STATEMENTS CONTAINED HEREIN IF OR WHEN ITS EXPECTATIONS, OR EVENTS, CONDITIONS OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR.

OFFICIAL STATEMENT
SIOUX CITY, IOWA
\$13,895,000 GENERAL OBLIGATION BONDS SERIES 2022A
\$8,890,000 TAXABLE GENERAL OBLIGATION BONDS, SERIES 2022B

INTRODUCTORY STATEMENT

This Official Statement presents certain information relating to Sioux City, Iowa (the “City” or “Issuer”), in connection with the sale of the Issuer’s General Obligation Bonds, Series 2022A (the “Series 2022A Bonds”) and the Taxable General Obligation Bonds, Series 2022B (the “Series 2022B Bonds”) (collectively, the Series 2022A Bonds and the Series 2022B Bonds are referred to as “Bonds” herein). The Bonds are being issued for the following purposes: (i) to provide funds various infrastructure and facilities improvement projects as detailed herein, and (ii) each Series shall pay the respective costs associated with the issuance of the Bonds. See “**SOURCES AND USES OF FUNDS**” herein.

This Official Statement is deemed to be a final official statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission, except for the omission of certain pricing and other information which is to be made available through a final Official Statement.

This Introductory Statement is only a brief description of the Bonds and certain other matters. Such description is qualified by reference to the entire Official Statement and the documents summarized or described herein. This Official Statement should be reviewed in its entirety.

The Bonds are general obligations of the Issuer, payable from and secured by a continuing annual ad-valorem tax levied against all of the property valuation of the Issuer. See “**THE BONDS – Source of Security for the Bonds**” herein.

All statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

THE BONDS

General

The Bonds are dated as of the date of delivery (expected on or about June 23, 2022), and will bear interest at the rates to be set forth on the cover pages herein, interest payable on June 1 and December 1 in each year, beginning on December 1, 2022, calculated on the basis of a year of 360 days (twelve 30-day months). Interest shall be payable by check or draft of the Paying Agent mailed to the persons who were registered owners thereof as of the fifteenth day of the month immediately preceding the Interest Payment Date, to the addresses appearing on the registration books maintained by the Paying Agent or to such other address as is furnished to the Paying Agent in writing by a registered owner.

Authorization for the Issuance

The Bonds are being issued pursuant to the Code of Iowa, 2021 as amended, Sections 384.25, 384.26, 384.28, and Chapter 403 and the authorizing resolutions of Council, respectively (the “Resolutions(s)”).

Book Entry Only System

The following information concerning The Depository Trust Company (“DTC”), New York, New York and DTC’s book-entry system has been obtained from sources the Issuer believes to be reliable. However, the Issuer takes no responsibility as to the accuracy or completeness thereof and neither the Indirect Participants nor the Beneficial Owners should rely on the following information with respect to such matters but should instead confirm the same with DTC or the Direct Participants, as the case may be. There can be no assurance that DTC will abide by its procedures or that such procedures will not be changed from time to time.

The Depository Trust Company (“DTC”), New York, NY will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S equity issues, corporate and municipal debt issues and money market instrument (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation (“DTCC”).

DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of: AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered in the transaction. Transfers of ownership interest in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment transmission to them notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit have agreed to obtain and transmit notices to Beneficial Owners, in the alternative, Beneficial owners may wish to provide their names and addresses to the Registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participants in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC (nor its nominee), Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or successor securities depository). In that event Security certificates will be printed and delivered to DTC.

The Issuer cannot and does not give any assurances that DTC, the Direct Participants or the Indirect Participants will distribute to the Beneficial Owners of the Bonds (i) payments of principal of or interest and premium, if any, on the Bonds, (ii) certificates representing an ownership interest or other confirmation of beneficial ownership interest in the Bonds, or (iii) redemption or other notices sent to DTC or Cede & Co., its nominee, as the Registered Owner of the Bonds, or that they will do so on a timely basis, or that DTC, Direct Participants or Indirect Participants will serve and act in the manner described in this Official Statement. The current “Rules” applicable to DTC are

on file with the Securities Exchange Commission, and the current “Procedures” of DTC to be followed in dealing with Direct Participants are on file with DTC.

Neither the Issuer nor the Paying Agent will have any responsibility or obligation to any Direct Participant, Indirect Participant or any Beneficial Owner or any other person with respect to: (1) the accuracy of any records maintained by DTC or any Direct Participant or Indirect Participant; (2) the payment by DTC or any Direct Participant or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal or redemption price of or interest on the Bonds; (3) the delivery by DTC or any Direct Participant or Indirect Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Indenture to be given to owners of Bonds; (4) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (5) any consent given or other action taken by DTC as a Bondholder.

Transfer and Exchange

In the event that the Book Entry System is discontinued, any Bond may, in accordance with its terms, be transferred by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the principal corporate office of the Registrar accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Registrar. Whenever any Bond or Bonds shall be surrendered for transfer, the Registrar shall execute and deliver a new Bond or Bonds of the same maturity, interest rate, and aggregate principal amount.

Bonds may be exchanged at the principal corporate office of the Registrar for a like aggregate principal amount of Bonds or other authorized denominations of the same maturity and interest rate; provided, however, that the Registrar is not required to transfer or exchange any Bonds which have been selected for prepayment and is not required to transfer or exchange any Bonds during the period beginning 15 days prior to the selection of Bonds for prepayment and ending the date notice of prepayment is mailed. The Registrar may require the payment by the Bond Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange. All Bonds surrendered pursuant to the provisions of this and the preceding paragraph shall be canceled by the Registrar and shall not be redelivered.

Prepayment

Optional Prepayment. The Bonds maturing after June 1, 2027, may be called for redemption by the Issuer and paid before maturity on said date or any date thereafter, from any funds regardless of source, in whole or from time to time in part, in any order of maturity and within an annual maturity by lot. The terms of redemption shall be par, plus accrued interest to date of call.

Selection of Bonds for Redemption. Bonds subject to redemption will be selected in such order of maturity as the Issuer may direct. So long as the Bonds are held by DTC, if less than all of the Bonds of a single maturity are to be redeemed, the Issuer will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant’s interest in such maturity to be redeemed, and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. In the event, the Bonds are not held by DTC, if less than all of the Bonds of a single maturity are to be redeemed, the Bonds to be redeemed will be selected by lot or other random method by the Registrar in such a manner as the Registrar may determine.

Notice of Redemption. Prior to the redemption of any Bonds under the provisions of the Resolutions, the Registrar shall give written notice not less than thirty (30) days prior to the redemption date to each registered owner thereof.

On the dates so designated for redemption, notice having been given in the manner and under the conditions hereinabove, provided and moneys for payment of the redemption price being held in the Sinking Fund, the Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Bonds on such date. Interest on the Bonds so called for redemption shall cease to accrue; such Bonds shall cease to be entitled to any benefit hereunder, and the Bond Holders shall have no rights in respect thereof except to receive payment of the redemption price thereof.

Bonds which have been duly called for redemption, with respect to which irrevocable instructions to call for redemption at a stated redemption have been given to the Registrar, and moneys for the payment the face amount thereof, premium, if any, and interest on are held in separate accounts by the Registrar in trust for Bondholders shall not thereafter be deemed to be outstanding under the provisions of the Resolutions, other than be entitled to receive payment from such sources.

Source of Security for the Bonds

The Bonds are valid and legally binding general obligations of the Issuer payable both as to principal and interest from ad valorem taxes levied against all taxable property therein without limitation as to rate or amount, all except as limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws relating to the enforcement of creditors’ rights generally and except that enforcement by equitable and similar remedies, such as mandamus, is subject to the exercise of judicial discretion. In the Resolutions, the Issuer will levy taxes for the years and in amounts sufficient to provide 100% of annual principal and interest due on the Bonds. If, however, the amount credited to the debt service fund for payment of the Bonds is insufficient to pay principal and interest, whether from transfers or from

original levies, the Issuer must use funds in its treasury and is authorized to levy ad valorem taxes upon all taxable property in the City without limit as to rate or amount sufficient to pay the debt service deficiency.

Iowa Code section 76.2 provides that when an Iowa political subdivision issues general obligation bonds, “the governing authority of these political subdivisions before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years. A certified copy of this resolution shall be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full.”

Nothing in the Resolutions prohibits or limits the ability of the Issuer to use legally available moneys other than the proceeds of the general ad valorem property taxes levied as described in the preceding paragraph to pay all or any portion of the principal of or interest on the Bonds. If and to the extent such other legally available moneys are used to pay the principal of or interest on the Bonds, the Issuer may, but shall not be required to, (a) reduce the amount of taxes levied for such purpose, as described in the preceding paragraph; or (b) use proceeds of taxes levied, as described in the preceding paragraph, to reimburse the fund or account from which such other legally available moneys are withdrawn for the amount withdrawn from such fund or account to pay the principal of or interest on the Bonds.

The Issuer’s obligation to pay the principal of and interest on the Bonds is on a parity with the Issuer’s obligation to pay the principal of and interest on any other of its general obligation debt secured by a covenant to levy taxes within the Issuer, including any such debt issued or incurred after the issuance of the Bonds. The Resolutions do not restrict the Issuer’s ability to issue or incur additional general obligation debt, although issuance of additional general obligation debt is subject to the same constitutional and statutory limitations that apply to the issuance of the Bonds. For a further description of the Issuer’s outstanding general obligation debt upon issuance of the Bonds and the annual debt service on the Bonds, see “**Outstanding Debt**” herein. For a description of certain constitutional and statutory limits on the issuance of general obligation debt, see “**Debt Limit**” herein.

BONDHOLDERS’ RISKS

An investment in the Bonds is subject to certain risks. No person should purchase the Bonds unless such person understands the risks described below and is willing to bear those risks. There may be other risks not listed below which may adversely affect the value of the Bonds. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Preliminary Official Statement (including the Appendices hereto) in order to make a judgment as to whether the Bonds are an appropriate investment. The factors described below, along with other matters, may affect the ability of the Issuer to pay the Bonds when due, the Issuer’s general financial condition, or the marketability of the Bonds.

Financial Condition of the Issuer from time to time

No representation is made as to the future financial condition of the Issuer. Certain risks discussed herein could adversely affect the financial condition and or operations of the Issuer in future. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the “**THE BONDS - Source of Security for the Bonds**” herein.

Tax Levy Procedures

The Bonds are general obligations of the Issuer, payable from and secured by a continuing ad valorem tax levied against all of the property valuation within the corporate limits of the Issuer. See “**THE BONDS – Source of Security for the Bonds**” herein for more details. As part of the budgetary process each fiscal year, the Issuer will have an obligation to request a debt service levy to be applied against all of the taxable property within the Issuer. A failure on the part of the Issuer to make a timely levy request or a levy request by the Issuer that is inaccurate or is insufficient to make full payments of the debt service of the Bonds for a particular fiscal year may cause Bondholders to experience delay in the receipt of distributions of principal of and/or interest on the Bonds. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the Resolutions for the Bonds) may have to be enforced from year to year.

Changes in Property Taxation

From time to time the Iowa General Assembly has altered the method of property taxation and could do so again. Such alterations could adversely affect the Issuer’s financial condition. Historically, changes to property tax calculations and impositions are imposed on a prospective basis. However, there is no assurance future changes to property taxation by the Iowa General Assembly will not be applied retroactively. It is impossible to predict the outcome of future property taxation changes by the Iowa General Assembly or resulting impacts on the Issuer’s financial condition. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the “**THE BONDS - Source of Security for the Bonds**” herein.

Loss of Tax Base

Economic and other factors beyond the Issuer’s control, such as economic recession, deflation of property values, or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed value within the corporate boundaries

of the Issuer. In addition, the State of Iowa has been susceptible to tornados, derecho, flooding and other extreme weather wherein winds and flooding have from time to time caused significant damage, which if such events were to occur, may have an adverse impact on the Issuer's financial position.

Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history of economic prospects connected with a particular issue, and secondary marketing practices in connection with a particular Bond or Bonds issue are suspended or terminated. Additionally, prices of bond or note issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price of the Bonds.

EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT IN THE BONDS AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF USCH INVESTMENT. THE SECONDARY MARKET FOR THE BONDS, IF ANY, COULD BE LIMITED.

Matters Relating to Enforceability

Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bonds, including but not limited to, the right to a proceeding in the law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolutions for the Bonds. The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Resolutions authorizing the Bonds. The opinion, to be delivered concurrently with the delivery of the Bonds, will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principals of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

Ratings Loss

Moody's Investors Service, Inc. ("Moody's") has assigned a rating of "Aa2" to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of Moody's, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Standard & Poor's Corporation ("S&P") has assigned a rating of "AA" to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of S&P, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Regulation of municipal rating agencies is an evolving process. Future regulation of rating agencies could materially alter the methodology, rating levels, and types of ratings available, for example, and these changes, if ever, could materially affect the market value of the Bonds.

Forward-Looking Statements

This Official Statement contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words "estimate," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward looking statements and the actual results. These differences could be material and could impact the availability of funds of the Issuer to pay debt service when due on the Bonds.

Tax Matters and Loss of Tax Exemption

As discussed under the heading "Tax Matters" herein, the interest on the Series 2022A Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Series 2022A Bonds as a result of acts or omissions of the Issuer in violation of its covenants in the Resolutions. Should such an event of taxability occur, the Series 2022A Bonds would not be subject to a special prepayment and would remain outstanding until maturity or until prepaid under the prepayment provisions contained in the Series 2022A Bonds and there is no provision for an adjustment of the interest rate on the Series 2022A Bonds.

It is possible that further legislation will be proposed or introduced that could result in changes in the way that tax exemption is calculated, or whether interest on certain securities are exempt from taxation at all. Prospective purchasers should consult with their own tax advisors regarding any pending or proposed federal income tax legislation. The likelihood of legislation being enacted cannot be reliably predicted.

It is also possible that actions of the Issuer after the closing of the Series 2022A Bonds will alter the tax status of the Series 2022A Bonds, and, in the extreme, remove the tax exempt status from the Series 2022A Bonds. In that instance, the Series 2022A Bonds are not subject

to mandatory prepayment, and the interest rate on the Series 2022A Bonds does not increase or otherwise reset. A determination of taxability, after closing of the Series 2022A Bonds, could materially adversely affect the value and marketability of the Series 2022A Bonds.

DTC-Beneficial Owners

Beneficial Owners of the Bonds may experience some delay in the receipt of distributions of principal of and interest on the Bonds since such distributions will be forwarded by the Paying Agent to DTC and DTC will credit such distributions to the accounts of the Participants which will thereafter credit them to the accounts of the Beneficial Owner either directly or indirectly through indirect Participants. Neither the Issuer nor the Paying Agent will have any responsibility or obligation to assure that any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Bonds can be effected only through DTC Participants, indirect participants and certain banks, the ability of a Beneficial Owner to pledge the Bonds to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Bonds, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See “**THE BONDS– Book-Entry Only System.**”

Other Factors

An investment in the Bonds involves an element of risk. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Official Statement (including the Appendices hereto) in order to make a judgment as to whether the Bonds are an appropriate investment.

Pending Federal Tax Legislation

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals pending in Congress that could, if enacted, alter or amend one or more of the federal (or state) tax matters described herein in certain respects or would adversely affect the market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted and there can be no assurance that such proposals will not apply to the Bonds. In addition, regulatory actions are from time to time announced or proposed, and litigation threatened or commenced, which if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

Federal Funds Orders, and State Funds Legislation

Various federal executive orders, and Iowa Code Chapter 27A (collectively “ICE Enforcement Initiatives”), impose requirements intended to ensure compliance with the federal immigration detention processes. The ICE Enforcement Initiatives impose various penalties for non-compliance, including the loss of state and/or federal funding under certain circumstances. The loss of state and/or federal funds in any significant amount could negatively impact timing and completion of certain of the Projects funded by the Bonds, and the Issuer’s overall financial position which could affect its rating. However, the Bonds are secured by a debt service levy upon real property in the jurisdictional limits of the Issuer, and are not secured by state or federal funds. See “**THE BONDS - Source of Security for the Bonds**” herein.

Global Health Emergency Risk

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus. On March 13, 2020, President Donald Trump declared a national emergency to unlock federal funds to help states and local governments fight the pandemic. The current spread of COVID-19 is altering the behavior of businesses and people in a manner that may have negative effects on economic activity, and therefore adversely affect the financial condition of the Issuer, either directly or indirectly. Federal, State, and local officials are taking steps to curb the spread of the virus, including providing both discretionary and mandatory guidelines and orders regarding public gatherings, and imposing mandatory closings of some businesses. Continued spread of the virus (or subsequent variants) could reduce sales tax collections, delay the receipt of property tax payments and negatively impact other collections dependent on local business activity, which is likely to be slower. Vaccine roll-out and “re-opening” efforts in the State are currently underway. The Issuer does not currently anticipate a material effect on the imposition and collection of property taxes. In fiscal year 2021, the Issuer received approximate \$1,900,000 under the federal CARES ACT funding, which was used to supplement emergency costs associated with the pandemic and create a reserve for future such costs. The Issuer received notification of an award of \$43,100,000 from the American Rescue Plan, payable in fiscal years 2021 and fiscal year 2022. The Issuer has not yet determined how to fully allocate the American Rescue Plan funds and has attempted to make the necessary budgetary adjustments to account for the disruptions associated with the pandemic. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the “**THE BONDS – Source of Security for the Bonds**” herein.

Cybersecurity

The Issuer, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. In December 2019, the Issuer received notice from a third-party vendor who processed credit

card transactions for parking tickets and utility billing that its system may have been hacked, potentially compromising customer data entered between August 26 and September 18, 2019. Prior to September 18, 2019, the Issuer had already engaged a different vendor to process its credit card transactions. The Issuer contacted affected card holders, provided credit monitoring, and strengthened security measures. There can be no assurances that any security and operational control measures implemented by the Issuer will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the Issuer's information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the Issuer's operations and financial condition. The Issuer has a \$1,000,000 cyber-insurance policy. The Issuer cannot predict whether this policy will be sufficient in the event of a cyberattack. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the "THE BONDS - Source of Security for the Bonds" herein.

Pensions

Pursuant to GASB 68, the Issuer reported a liability of \$26,714,496 as of June 30, 2021 for its proportional share of the IPERS net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Issuer's proportion of the net pension liability was based on the Issuer's share of contributions to the IPERS pension plan relative to the contributions of all IPERS participating employers. At June 30, 2020, the Issuer's collective proportion was .3802918%, which was a decrease of .010387% from its proportion measured as of June 30, 2019. Additionally, the Issuer reported a liability of \$48,346,997 as of June 30, 2021 for its proportionate share of the net MFPRSI pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2020, the City's collective proportion was 6.061557% which was a decrease of .0170845% from its proportion measured as of June 30, 2019. See "PENSIONS" herein for more summary information related to the Issuer's contributions, and "APPENDIX D-AUDITED FINANCIAL STATEMENTS OF THE ISSUER – NOTES TO FINANCIAL STATEMENTS (NOTE 14)" for additional information related to the Issuer's deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate and discount rate sensitivity. Changes to the Issuer's pension contributions, or available sources to fund said contributions, may adversely affect the Issuer's financial condition. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the "THE BONDS - Source of Security for the Bonds" herein.

Underground Storage Tanks

The Issuer is under obligation from the State of Iowa to remediate underground pollution located at the Sioux City Gateway Airport. The pollution was caused during the 1930's by underground storage tanks leaking petroleum-based substances. Since then, the storage tanks have been removed, but the underground contamination remains. The cost to remediate the pollution is not reasonably estimable at this time, but if significant, could adversely impact the Issuer's financial condition. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the "THE BONDS - Source of Security for the Bonds" herein.

Continuing Disclosure

A failure by the Issuer to comply with continuing disclosure obligations (see "CONTINUING DISCLOSURE" herein) will not constitute an event of default on the Bonds. Any such failure must be disclosed in accordance with Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, and may adversely affect the transferability and liquidity of the Bonds and their market price.

Bankruptcy

The rights and remedies available to holders of the Bonds may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditor's rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State of Iowa. The various opinions of counsel to be delivered with respect to the Bonds and the Resolutions, including the opinion of Bond Counsel, will be similarly qualified. If the Issuer were to file a petition under Chapter 9 of the Bankruptcy Code, the owners of the Bonds could be prohibited from taking any steps to enforce their rights under the Resolution. In the event the Issuer fails to comply with its covenants under the Resolutions or fails to make payments on the Bonds, there can be no assurance of the availability of remedies adequate to protect the interests of the holders of the Bonds.

Under Iowa Code Chapter 76, specifically sections 76.16 and 76.16A, as amended, a city, county, or other political subdivision may become a debtor under Chapter 9 of the Federal bankruptcy code, if it is rendered insolvent, as defined in 11 U.S.C. §101(32)(c), as a result of a debt involuntarily incurred. As used therein, "debt" means an obligation to pay money, other than pursuant to a valid and binding collective bargaining agreement or previously authorized bond issue, as to which the governing body of the city, county, or other political subdivision has made a specific finding set forth in a duly adopted resolution of each of the following: (1) all or a portion of such obligation will not be paid from available insurance proceeds and must be paid from an increase in general tax levy; (2) such increase in the general tax levy will result in a severe, adverse impact on the ability of the city, county, or political subdivision to exercise the powers granted to it under applicable law, including without limitation providing necessary services and promoting economic development; (3) as a result of such obligation, the city, county, or other political subdivision is unable to pay its debts as they become due; and (4) the debt is not an obligation to pay money to a city, county, entity organized pursuant to chapter 28E of the Code of Iowa, or other political subdivision.

Suitability of Investment

The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

Summary

The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Official Statement and the Appendices hereto.

LITIGATION

The City was notified of an investigation by the Iowa Department of Natural Resources regarding compliance by the City's Sewer utility with regard to discharge limitations under the City's NPDES Permit issued in March, 2012. The City is alleged to have exceeded Permit limitations on upwards of 800 days since 2012. On May 17, 2016, an environmental hearing was conducted by the Environmental Protection Commission (EPC) to determine the course of any additional enforcement action. The EPC determined that additional action was necessary and referred this matter to the Iowa Attorney General. Violations can incur penalties of up to \$5,000 per day if enforcement is pursued by the Iowa Attorney General. The matter has been stayed while various agencies at the state and federal level continue their investigations. The City has been cooperating with said investigations. In January 2019, charges were filed by the U.S. Attorney's office against two former City employees regarding operations at the City's wastewater treatment plant. On January 23, 2019, one former employee pleaded guilty. On October 6, 2020 a second former employee pleaded guilty. The impact on the City, if any, with respect to such plea or ongoing proceedings is currently unknown. The City has budgeted Sewer utility reserves believed to be adequate to cover potential penalties associated with this investigation, but there can be no guarantee additional penalties, charges or actions will not be imposed or undertaken by the State of Iowa or federal government. The amount, if any, the City may eventually pay as a result of this investigation will not affect the City's ability to pay the principal of and interest on the Bonds. The City also has outstanding State Revolving Fund (SRF) loans through the Iowa Finance Authority (IFA) which are secured by the revenues of the Sewer utility. A condition of the SRF loans is continued compliance with applicable federal and state requirements. If IFA sought to accelerate any of the City's existing SRF loans, the City could issue conventional sewer revenue obligations to refund the same.

To the knowledge of the Issuer, there is no legal action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, public board or body for which the Issuer has been served with process or official notice or threatened against or affecting the Issuer or any reasonable basis therefore, wherein an unfavorable decision, ruling or finding would adversely affect the transaction contemplated by this Official Statement or the validity of the Bonds, the Bond Resolution, or any agreement or instrument to which the Issuer is a party and which is used or contemplated for use in the transactions contemplated by this Official Statement, and no member, employee or agent of the Issuer has been served with any legal process regarding such litigation or other proceeding.

Except as described above, to the knowledge of the Issuer, no litigation is pending or threatened which, in the opinion of the Issuer's counsel, if decided adversely to the Issuer would be likely to result, either individually or in the aggregate, in final judgments against the Issuer which would materially adversely affect its ability to meet debt service payments on the Bonds when due, or its obligations under the Bond Resolution, or materially adversely affect its financial condition.

ACCOUNTANT

The accrual-basis financial statements of the Issuer included as APPENDIX D to this Official Statement have been examined by Williams & Company P.C., to the extent and for the periods indicated in their report thereon. Such financial statements have been included herein without permission of said CPA, and said CPA expresses no opinion with respect to the Bonds or the Official Statement.

UNDERWRITING

The Series 2022A Bonds are being purchased, subject to certain conditions, by Robert W. Baird & Co., Red Bank, NJ (the "2022A Underwriter"). The 2022A Underwriter has agreed, subject to certain conditions, to purchase all, but not less than all, of the Series 2022A Bonds at an aggregate purchase price of \$13,828,565.65 plus accrued interest to the Closing Date.

The Series 2022B Bonds are being purchased, subject to certain conditions, by Robert W. Baird & Co., Milwaukee, WI (the "2022B Underwriter"). The 2022B Underwriter has agreed, subject to certain conditions, to purchase all, but not less than all, of the Series 2022B Bonds at an aggregate purchase price of \$8,846,096.72 plus accrued interest to the Closing Date.

The Underwriter for each Series may offer and sell the Bonds, respectively, to certain dealers (including dealers depositing the Bonds into unit investment trusts, certain of which may be sponsored or managed by the Underwriter) at prices lower than the initial public offering prices stated on the cover page. The initial public offering prices of the Bonds may be changed, from time to time, by the Underwriter(s), respectively.

The Underwriter(s) intend to engage in secondary market trading of the Bonds subject to applicable securities laws. The Underwriter(s) are not obligated, however, to repurchase any of the Bonds at the request of the holder thereof.

THE PROJECT

The Bonds are being issued to provide funds for (a) certain of the improvements and facilities included in the bond-financed portions of the City’s 2022-23 Capital Improvements Program, and (b) the costs of issuance associated with the Bonds, respectively.

SOURCES AND USES OF FUNDS

<u>Sources of Funds</u>		<u>Series A</u>	<u>Series B</u>
	Bond Proceeds	\$13,895,000.00	\$8,890,000.00
	Reoffering Premium	52,586.15	26,097.60
	<u>Total Sources of Funds</u>	\$13,947,586.15	\$8,916,097.60
 <u>Uses of Funds</u>			
	Deposit to Project Fund	\$13,753,564.00	\$8,797,303.00
	Costs of Issuance	72,847.19	46,514.81
	Underwriter’s Discount	119,020.50	70,000.00
	Surplus	2,154.46	2,278.91
	<u>Total Uses of Funds</u>	\$13,947,586.15	\$8,916,097.60

TAX MATTERS

The Series 2022A Bonds

Tax Exemption

Federal tax law contains a number of requirements and restrictions that apply to the Series 2022A Bonds. These include investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and facilities financed with bond proceeds, and certain other matters. The Issuer has covenanted to comply with all requirements that must be satisfied in order for the interest on the Series 2022A Bonds to be excludable from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Series 2022A Bonds to become includable in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2022A Bonds.

Subject to the Issuer’s compliance with the above referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Series 2022A Bonds is excludable from gross income for federal income tax purposes. Interest on the Series 2022A Bonds is not an item of tax preference for federal alternative minimum tax. Prospective purchasers of the Series 2022A Bonds should be aware that ownership of the Series 2022A Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Bond Counsel will not express any opinion as to such collateral tax consequences.

Prospective purchasers of the Series 2022A Bonds should consult their tax advisors as to collateral federal income tax consequences.

Ownership of the Series 2022A Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Series 2022A Bonds. Prospective purchasers of the Series 2022A Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

Not Bank-Qualified Tax-Exempt Obligations

The Issuer will NOT designate the Series 2022A Bonds as “qualified tax-exempt obligations” under the exception provided in Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the “Code”).

Tax Accounting Treatment of Discount and Premium on Certain Bonds

The initial public offering price of certain Series 2022A Bonds may be less than the amount payable on such Series 2022A Bonds at maturity (“Discount Bonds”). An amount equal to the difference between the initial public offering price of Discount Bonds (assuming that a substantial amount of the Discount Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Bonds. Purchasers of Discount Bonds should consult with their

own tax advisors with respect to the determination of accrued original issue discount on Discount Bonds for income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment. The initial public offering price of certain Series 2022A Bonds may be greater than the amount of such Series 2022A Bonds at maturity (“Premium Bonds”). An amount equal to the difference between the initial public offering price of Premium Bonds (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes a premium to the initial purchaser of such Premium Bonds. Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium on Premium Bonds for income tax purposes and with respect to the state and local tax consequences of owning and disposing of Premium Bonds.

Other Tax Advice

In addition to the income tax consequences described above, potential investors should consider the additional tax consequences of the acquisition, ownership, and disposition of the Series 2022A Bonds. For instance, state income tax law may differ substantially from state to state, and the foregoing is not intended to describe any aspect of the income tax laws of any state. Therefore, potential investors should consult their own tax advisors with respect to federal tax issues and with respect to the various state tax consequences of an investment in Series 2022A Bonds.

Audits

The Internal Revenue Service (the “Service”) has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Series 2022A Bonds. If an audit is commenced, under current procedures the Service may treat the Issuer as a taxpayer and the bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Series 2022A Bonds until the audit is concluded, regardless of the ultimate outcome.

Withholdings

Payments of interest on, and proceeds of the sale, redemption or maturity of tax-exempt obligations, including the Series 2022A Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any Series 2022A Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any Series 2022A Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

New and Pending Legislation

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may be considered by the Iowa legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Series 2022A Bonds will not have an adverse effect on the tax status of interest or other income on the Series 2022A Bonds or the market value or marketability of the Series 2022A Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Series 2022A Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Current and future legislative proposals, including some that carry retroactive effective dates, if enacted into law, court decisions, or clarification of the Code may cause interest on the Series 2022A Bonds to be subject, directly or indirectly, to federal income taxation, or otherwise prevent owners of the Series 2022A Bonds from realizing the full current benefit of the tax status of such interest. Also, future legislative proposals, or clarification of the Code, may affect the market price for, or marketability of, the Series 2022A Bonds. Prospective purchasers of the Series 2022A Bonds should consult their own legal counsel and tax advisors regarding pending or proposed tax legislation, as to which Bond Counsel expresses no opinion except as expressly set forth in “APPENDIX B” to this Official Statement.

Enforcement

Holders of the Series 2022A Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Series 2022A Bonds, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolution for the Series 2022A Bonds. There is no bond trustee or similar person to monitor or enforce the terms of the Series 2022A Bond Resolution. In the event of a default in the payment of principal of or interest on the Series 2022A Bonds, there is no provision for acceleration of maturity of the principal of the Series 2022A Bonds. Consequently, the

remedies of the owners of the Series 2022A Bonds (consisting primarily of an action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the Resolution for the Series 2022A Bonds) may have to be enforced from year to year.

The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property, but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Series 2022A Bonds cannot foreclose on property within the boundaries of the Issuer or sell such property in order to pay the debt service on the Series 2022A Bonds. In addition, the enforceability of the rights and remedies of owners of the Series 2022A Bonds may be subject to limitation as set forth in Bond Counsel's opinion. The opinion to be delivered concurrently with the delivery of the Series 2022A Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally, and to the exercise of judicial discretion in appropriate cases.

Opinions

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series 2022A Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Bond Counsel's opinions are not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the Issuer described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinions of Bond Counsel and Bond Counsel's opinions are not binding on the Service. Bond Counsel assumes no obligation to update its opinions after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise.

ALL POTENTIAL PURCHASERS OF THE SERIES 2022A BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE SERIES 2022A BONDS (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE).

The Series 2022B Bonds

Federal Taxability of Interest

The interest to be paid on the Series 2022B Bonds is includable in the income of the recipient for purposes of United States income taxation.

Ownership of the 2022B Bonds may result in other tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any collateral consequences arising with respect to the Series 2022B Bonds. Prospective purchasers of the Series 2022B Bonds should consult their tax advisors regarding the applicability of other federal, any state and or local taxes not addressed in Bond Counsel's opinion.

Enforcement

Holders of the Series 2022B Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Series 2022B Bonds, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolution for the Series 2022B Bonds. There is no bond trustee or similar person to monitor or enforce the terms of the Resolution for the Series 2022B Bonds. In the event of a default in the payment of principal of or interest on the Series 2022B Bonds, there is no provision for acceleration of maturity of the principal of the Series 2022B Bonds. Consequently, the remedies of the owners of the Series 2022B Bonds (consisting primarily of an action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the Resolution for the Series 2022B Bonds) may have to be enforced from year to year.

The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property, but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Series 2022B Bonds cannot foreclose on property within the boundaries of the Issuer or sell such property in order to pay the debt service on the Series 2022B Bonds. In addition, the enforceability of the rights and remedies of owners of the Series 2022B Bonds may be subject to limitation as set forth in Bond Counsel's opinion. The remedies available to the owners of the Series 2022B Bonds upon an event of default under the Resolution for the Series 2022B Bonds, in certain respects, may require judicial action, which is often subject to discretion and delay. Under existing law, including specifically the federal bankruptcy code, certain of the remedies specified in the Resolution for the Series 2022B Bonds may not be readily available or may be limited. A court may decide not to order the specific performance of the covenants contained in these documents. The legal opinions to be delivered concurrently with the delivery of the Series 2022B Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given, that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Series 2022B Bond Resolution, including principal of and interest on the Series 2022B Bonds.

Opinions

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series 2022B Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Bond Counsel's opinions are not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the Issuer described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinions of Bond Counsel and Bond Counsel's opinions are not binding on the Service. Bond Counsel assumes no obligation to update its opinions after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise.

ALL POTENTIAL PURCHASERS OF THE SERIES 2022B BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE SERIES 2022B BONDS.

LEGAL MATTERS

The Bonds are subject to approval as to certain legal matters by Ahlers & Cooney, P.C., Des Moines, Iowa, as Bond Counsel. Bond Counsel has not participated in the preparation of this Official Statement except to the extent described in the section herein entitled "**PREPARATION OF THE OFFICIAL STATEMENT**". Bond Counsel has not examined nor attempted to examine or verify any of the financial or statistical statements, or data contained in this Official Statement, and will express no opinion with respect thereto. The form of legal opinion for each issue, in substantially the forms set forth in **APPENDIX B** to this Official Statement, will be delivered at closing. Ahlers & Cooney, P.C. is also serving as Disclosure Counsel for the Issuer in connection with the issuance of the Bonds.

The legal opinions to be delivered concurrently with the delivery of the Bonds, respectively, express the professional judgment of the attorneys rendering the opinion as to legal issues expressly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of the result indicated by that expression of professional judgment, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

There is no bond trustee or similar person to monitor or enforce the provisions of the Resolutions. The owners of the Bonds should, therefore, be prepared to enforce such provisions themselves if the need to do so arises. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the Resolutions) may have to be enforced from year to year. The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property, but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Bonds cannot foreclose on property within the boundaries of the Issuer or sell such property in order to pay the debt service on the Bonds. See "**TAX COLLECTION HISTORY**", "**COMBINED HISTORIC TAX RATES**" and "**PROPERTY TAX LEGISLATION**" included in **APPENDIX A** herein, for a description of property tax collection and enforcement.

In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in the Bond Counsel's opinion. The opinion will state, in part, that the obligation of the Issuer with respect to the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and to the exercise of judicial discretion in appropriate cases.

FINANCIAL ADVISOR

The Issuer has retained Piper Sandler & Co. as financial advisor (the "Financial Advisor") in connection with the issuance of the Bonds. The Financial Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of the Official Statement. The Financial Advisor is not a public accounting firm and has not been engaged by the Issuer to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards.

CONTINUING DISCLOSURE

The Issuer has covenanted for the benefit of the holders of the Bonds to provide certain financial information and operating data relating to

the Issuer, and to provide notices of the occurrence of certain enumerated events, if deemed by the Issuer to be material (the “Undertaking”). The specific nature of the information that the Issuer may provide pursuant to the Undertaking is summarized herein under the caption “APPENDIX C - Form of Continuing Disclosure Certificate.”

Pursuant to the Rule, the Issuer notes the following in the last five years related to its prior Undertakings:

- Issuer’s Audited Financials and Financial Information and Operating Tables (collectively, the “Annual Report”) were timely filed on EMMA within 210 days of the close of each fiscal year (as required by prior Undertakings – all Undertakings entered into from 2015 and beyond require filing by April 15). However, the Annual Report for fiscal year ending June 30, 2018 was not timely linked to the Issuer’s Series 2010C issue. A failure to file notice was posted to the Series 2010C issue on April 5, 2019. The Series 2010C issue finally matured on June 1, 2020 and is no longer outstanding.

The foregoing description of instances of noncompliance by the City with respect to its continuing disclosure Undertakings should not be construed as an acknowledgment that any such instance was material.

Breach of the Undertaking will not constitute a default or an “Event of Default” under the Bonds or Resolutions. A broker or dealer is to consider a known breach of the Undertaking, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the Issuer to observe the Undertaking may adversely affect the transferability and liquidity of the Bonds and their market price.

PREPARATION OF THE OFFICIAL STATEMENT

Bond Counsel has not participated in the preparation of this Official Statement other than to review or prepare information describing the terms of the Bonds, Iowa and Federal law pertinent to the validity of the Bonds, and the tax status of interest on the Bonds which can be found generally under the sections “The Bonds” (excluding the Sections “Book Entry Only” and “Transfer and Exchange”), “The Project”, and “Tax Matters”. Additionally, Bond Counsel has also provided its form of bond opinion and Issuer’s continuing disclosure certificate, found in Appendices B and C. Ahlers & Cooney PC is also serving as Disclosure Counsel to the Issuer in connection with the issuance of the Bonds.

All other information contained in this Official Statement has been obtained by (or on behalf of) the City from sources which the City considers to be reliable but it makes no warranty, guaranty, or other representation with respect to the accuracy or completeness of such information.

This Official Statement is not to be construed as a contract or agreement amongst the City, the Underwriter, or the holders of any of the Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. The information and expressions of opinions contained herein are subject to change without notice and neither the delivery of this Official Statement or the sale of the Bonds made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. The information contained in this Official Statement is not guaranteed.

I have reviewed the information contained within the Official Statement of Sioux City, Iowa, and said Official Statement does not contain any material misstatements of fact nor omissions of any material fact regarding the issue of \$13,895,000 General Obligation Bonds, Series 2022A and \$8,890,000 Taxable General Obligation Bonds, Series 2022B of said Issuer to be issued under date of delivery.

General Information

The City of Sioux City, Iowa was founded in 1854. Its roots go back to the days of the early fur traders and its growth was built around the stockyards, once the world's largest. Located in the center of America's heartland, Sioux City is located at the confluence of the Missouri and Big Sioux Rivers at the junction of the States of Iowa, Nebraska and South Dakota. This Tri-State area is commonly known as "Siouxland."

Twice named an All-America City by the National Civic League and designated as an Iowa Great Place, Sioux City, Iowa serves as the regional hub for business, employment, industry, retail trade, medical care, educational opportunities and tourism in Northwest Iowa, Southeast South Dakota and Northeast Nebraska. More than 165,000 people live in the tri-state metropolitan area.

Sioux City has become known as a regional medical community with two major hospitals (UnityPoint Health-St. Luke's and MercyOne Medical Center), Siouxland District Health, and the June E Nylen Cancer Center, servicing the area within a 50-mile radius.

Sioux City is also the urban center for shopping, entertainment and culture in the tri-state region. Sioux City offers six different geographical shopping hubs. Northern Valley Crossing is the newest development on the north side of Sioux City with approximately 21 acres available for development and Sunnybrook Plaza on the southeast side has seen over 200,000 sq ft of new retail development in the last few years. Cultural offerings include the Tyson Events Center, Orpheum Theatre, Sioux City Museum, Sioux City Art Center, Gilchrist Learning Center, LaunchPAD Children's Museum, Lewis & Clark Interpretive Center, Mid America Museum of Aviation & Transportation, Sioux City Railroad Museum and the Hard Rock Casino.

Sioux City metro was designated as Iowa's first "Great Place" with a five-star quality of life. A \$3 million renovation of an existing building into The Arena Sports Academy is providing year-round athletic opportunities for youth throughout the region. The \$17 million Chris Larsen Park Riverfront Redevelopment project, a plan to redevelop 23 acres of riverfront near downtown, is underway. Outdoor amenities included in the plan are: Stockyards Garden Plaza, Yoga Lawn, Event Lawn, Exploration Ridge with soft surface playground for children, two pavilions/plazas, two basketball courts, a dog park, regional trail and fountain.

The community has received many high-profile national rankings recently, including #1 for Economic Development by Site Selection magazine ten times since 2007, #3 Most Livable Small City in the U.S. by Smart Asset, #4 Most Sustainable Metro in the West North Central Region of the U.S. by Site Selection magazine, and #5 Trendiest City in the U.S. Where You Can Afford to Buy A Home by realtor.com. Sioux City is also 1 of 4 communities in the nation to have Police, Fire, EMS, and Communications accreditations.

Siouxland is home to many national companies including Seaboard Triumph Foods, Tyson Fresh Meats, Inc., empirical foods, Smithfield Foods, Sioux Honey Association, American Pop Corn, Palmer Candy Company, Bomgaars, Gelita USA Inc., Wells Dairy Inc., Wilson Trailer Inc., and Great West Casualty Company.

Sioux City offers many opportunities for business relocation and expansion with our five business parks. The Southbridge Business Park is for large scale industrial and commercial projects. Located on the southern edge of the City, the area encompasses nearly 10,000 acres. The City has invested more than \$50 million for vital utility infrastructure resources including a new water treatment plant, electrical substation, paved streets, and a new drop and pull rail yard. Sabre Industries has started construction on a \$25 million galvanizing plant adjacent to its existing facility, and Cold Link recently announced the construction of a \$60 million cold storage facility in Southbridge. The city continued expansion of its Southbridge Business Park with the acquisition of 52 additional acres of industrial development land in 2021. Expedition Business Park has 60 acres of class A property, in the southern area of Sioux City. The completion of a \$12 million expansion of Al Haynes Drive through Expedition Business Park opened new development land and will assist with the continued growth of the area. Oracle Aviation announced commitment to establish a \$9 million Aviation Center at Sioux Gateway Airport and will offer an academy in partnership with Morningside University for professional pilot training and other in-demand aspects of the aviation industry. The City successfully applied for \$1 million Federal EDA grant for the planned new hangar facility. The Yards has 30 acres of shovel-ready land zoned for commercial and light industrial development. Bridgeport West has over 1,200 acres of industrial development that is nearly built out, with the most recent development of a \$300 million facility on 250 acres by Seaboard Triumph Foods. Sioux City Tarp, one of the nation's largest manufacturers and wholesalers of tarp systems, also invested over \$1 million to expand its manufacturing and storage space in Bridgeport. Hoeven Valley is 5 miles long and 1 mile wide with three Class A railroads serving the area.

Sioux City also has three designated Opportunity Zones which encourage long-term investments in designated areas by providing investors with a capital gains tax deferral. These designated areas have generated strong interest from developers. Downtown Sioux is located in an Opportunity Zone and has seen significant investment in recent years. Merge Development recently completed construction of a new \$7 million 5-story mixed-use building on 4th Street which includes 56 residential units and roughly 6,600 SF of commercial space. Nelson Construction is investing \$12 million to renovate the Benson Building in downtown Sioux City into mixed-use, including 65 new market-rate residential units and first floor commercial space. Clarity Development of Omaha purchased the historic Badgerow Building and is investing \$23 million to redevelop it into 71 market-rate apartments and three floors of commercial space. J Development purchased the Commerce and Hatch buildings in downtown and invested \$22 million to redevelop the buildings into mixed-use, retail, commercial and 107 new market-rate residential units. Renovation of the former Karlton's building in downtown into a collaborative art gallery and studio space known as Art SUX Gallery was completed in summer 2021. The space features the work of local artists while offering classes and demonstrations on art to the public. In addition, Hardline Coffee Co. opened a coffee shop inside the building. HCI Real Estate Company announced the purchase and

planned multi-million-dollar redevelopment of several properties on 4th Street in downtown Sioux City, including the former Aalfs building. The Carlson Group announced a \$2.75 million transformation of the former Riviera Theatre in downtown into the RE/MAX City Centre. The building will be renovated to include a sushi restaurant, arcade and taproom, coffee shop, theatre and real estate offices. Stone Bru announced the renovation of 101 W 3rd Street into a coffee roasting facility, digital media studio and Stone Bru's headquarters.

The demand for new housing continues in Sioux City. A total of 103 housing units were built in Sioux City in 2021, following record highs of 363 in 2019 and 521 in 2020. The residential housing construction industry slowed during the pandemic due to several factors, including an increase in the cost of all construction materials as well as delays in receiving materials. A strong year of residential housing growth is anticipated in 2022 as three large projects are in the design phase that would develop over 500 new housing units in the coming two years.

The completion of Highway 20 making it four lanes from Western to Eastern Iowa as well as the \$400 million expansion of Interstate 29 through Sioux City has expanded the travel to Sioux City and assisted in the shipment of goods for industries in the City. Such added traffic is anticipated to increase economic development opportunities. The Sioux Gateway Airport is also completing a major reconstruction of its runways and serves as a regional airport providing commercial and private air service.

In 2018, the City contracted with Spectra as private manager of operations at the Tyson Events Center. The City has historically subsidized the annual operations budget of the Events Center. Under the current management agreement, Spectra is incentivized to make the operations profitable. City subsidy of operations continued in fiscal year ending June 30, 2021.

The City was chosen as a recipient of an Iowa Reinvestment District designation. The program is administered by the Iowa Economic Development Authority (IEDA) in accordance with Iowa Code chapter 15J. It provides assistance to communities to fund large-scale projects including new retail establishments and new hotels, supported by sales tax and hotel and motel tax revenues generated within the defined 25-acre reinvestment district. The reinvestment project must improve quality of life for the communities' citizens and substantially benefit the community, region and state.

The City was awarded \$13.5 million from the IEDA. The component projects are as follows:

- The construction of a 150-room Courtyard by Marriott hotel adjoining to the east side of the Sioux City Convention Center. The City's investment of \$4 million was used to build two parking decks and improvements to the Convention Center. Downtown Sioux City Hotel Associates, LLC invested \$21 million towards construction of the hotel. Pursuant to a development agreement with Downtown Sioux City Hotel Associates, LLC, the City pledged tax increment tax rebates in an amount not to exceed \$6 million over fifteen years. The hotel is subject to a minimum assessment of \$12.2 million.

In 2018, the City also entered into a management agreement with Kinseth Hospitality to manage the adjacent Convention Center. In prior years the City subsidized the annual operations budget of the Convention Center. Under the current management agreement, Kinseth is incentivized to make the operations profitable. In fiscal year ending June 30, 2021, the City had to subsidize the Convention Center budget.

- Ho-Chunk, Inc. invested over \$36 million to redevelop two historic industrial buildings and construct two additional new buildings along Virginia Street, known as Virginia Square.
 - 100 Virginia is a 27,805 sf, three-story building. Ho-Chunk, Inc. converted the first floor into restaurant space with an outdoor deck/patio area. The second and third floors were converted into 20 residential units and a roof top courtyard. The Developer signed a \$800,000 minimum assessment agreement as was provided tax increment tax rebates estimated at \$161,000.
 - 103 Virginia, a five-story building was converted into a mixed-use building. The first floor contains office space and a parking garage. The second and third floor consists of approximately 7,400 sf of office space and 11,800 sf of market-rate residential units. The fourth and fifth floors contains high end two-story condos. Additionally, there is over 5,000 sf of outdoor roof top patio space. The Developer signed a \$2 million minimum assessment agreement and was provided tax increment tax rebates estimated at \$345,000.
 - 101 Virginia is a newly constructed 73,678 sf building. The first floor contains retail space and indoor parking, and the remaining floors house 45 market-rate residential units. The developer has agreed to a minimum assessment agreement of \$400,000 in exchange for tax increment tax rebates estimated at \$45,000.
 - On a newly vacant site, within the Virginia Square district, Hart Family Hotels-Sioux City 2, LLC constructed a new \$7.4 million Avid Hotel. The developer has agreed to a minimum assessment agreement of \$5.5 million, and the City will provide 100% tax increment tax rebates for five years and 50% tax rebates for an additional five years (estimated to equate to an incentive of \$1.2 million.)

Additionally, the City has agreed to provide Ho-Chuck, Inc. with a reimbursement up to \$1.6 million of reinvestment funds received from the State and generated by their development.

- The Siouxland Expo Center is an innovative new multi-purpose venue, designed to add new recreational opportunities, provide unique spaces for large community events, and enhance the overall tourism appeal of the region. The Siouxland Expo Center opened

in September 2020 and was developed by a private 501(c)(3). The project includes over 100,000 sf of large sports area, a climbing wall room, restrooms, locker rooms and office space. The project cost approximately \$15 million. The City has committed \$2 million to the project from tax increment funds (payable \$200,000 per year for 10 years). Additionally, \$6.5 million from the Reinvestment Fund has been pledged by the City to the project. The remaining funding of the project is from private contributions and grants. Additional City general obligation bonds in 2025 are anticipated, to an aggregate amount of \$3 million in support of the Expo project. The City intends to abate the levy securing the bonds it issued for the Expo Center project from operational revenues, naming rights and private contributions. The City's Parks and Recreation department rents space in the Expo Center (securing operational revenues) and manages the facility.

- Warrior Hotel Limited Partnership redeveloped two downtown historic buildings in the Reinvestment District. The project was completed by Restoration St. Louis, a developer who specializes in historic renovations. The developer completely restored both buildings into a 146-room boutique hotel with 22 luxury apartments and additional commercial/retail space. The two buildings total more than 215,000 sf and the project cost approximately \$75 million. IEDA awarded over \$17 million in historic tax credits to the project. Additionally, the City has committed to a \$2.5 million upfront infrastructure grant and a \$2.5 million loan to the developer for area improvements. The project will receive tax rebates of new tax increment taxes of approximately \$7.3 million in exchange for a minimum assessment agreement of \$15 million. The City has also agreed to hotel/motel tax rebates to the developer for twenty years. No reinvestment revenue has been pledged to this project.

The City, through its eleven operating departments and numerous boards and commissions, provides a full range of municipal services to its citizens. The police department employs 127 sworn personnel. The fire department operates seven stations and has 111 sworn personnel. Located in the City are 58 parks having a total area of 1,711 acres. The City maintains two 18-hole golf courses, three swimming pools, a winter tubing facility, and the Siouxland Expo Center in addition to its many other leisure service facilities.

Sioux City has collective bargaining agreements with a number of organizations, each of which represents some of its employees. AFSCME represents a number of City employees. AFSCME representatives bargained last year through 2026. Library workers are also covered by union contract that expires June 30, 2022 along with PATS Union. Both of those groups have reached a tentative agreement for future years. Firefighters and transit workers have union contracts that will expire June 30, 2023. Police officers have a union contract that will expire June 30, 2024. The City has never experienced a strike by any of its employees.

The City was incorporated in 1855 and operates under the Council-Manager-At-Large form of government. The Council is composed of a mayor and four council members who serve staggered four-year terms.

Utilities

The following utilities operate within the Issuer providing the services indicated:

Electric Power:	Mid American Energy/Woodbury County Rural Electrical Coop
Natural Gas:	MidAmerican Energy
Telephone:	Century Link Long Lines
Water:	City of Sioux City
Sanitary Waste:	City of Sioux City

The City has constructed a renewable energy project at its waste water treatment plant. The project will reduce air emissions, improve odor control and support the City's vision for a healthier city. The project capitalizes on the uses of methane and carbon dioxide gas, the bi-product produced from the treatment of organic high strength waste material. The City's project will enable the biogas that is being generated from the treatment processes to be cleaned and compressed for sale as a renewable fuel. The fuel can then be reused in various ways and the sale of it will produce revenue. The City started producing the gas and pumping it into the pipeline in November of 2020. The gas production is dependent on WWTP gas production. There are additional phases of this project scheduled in the future to expand on production.

The project has an estimated 4-year payback on the initial investment which is estimated at \$11.8 million. The City anticipates funding the project with sewer revenue obligations through the Iowa Finance Authority. See "Other Obligations of the City – Sewer Revenue Obligations" table below for more information on Sewer utility financings.

Pensions

The City participates in two public pension systems, Iowa Public Employees' Retirement System (IPERS) and Municipal Fire and Police Retirement System of Iowa (MFPRSI). Summary descriptions of each Plan follow, and for more detail as to each available see "APPENDIX D–AUDITED FINANCIAL STATEMENTS OF THE ISSUER-NOTES TO THE FINANCIAL STATEMENTS (NOTE 14)".

IPERS Plan Description. IPERS membership is mandatory for employees of the Issuer. The Issuer's employees are provided with pensions

through a cost-sharing multiple employer defined pension plan administered by IPERS. IPERS benefits are established under Iowa Code, Chapter 97B and the administrative rules thereunder. The Issuer’s employee who completed seven years of covered service or has reached the age of 65 while in IPERS covered employment becomes vested. If the Issuer’s employee retires before normal retirement age, the employees’ monthly retirement benefit will be permanently reduced by an early-retirement reduction. IPERS provides pension benefits as well as disability benefits to Issuer employees and benefits to the employees’ beneficiaries upon the death of the eligible employee.

IPERS Contributions. Although the actuarial contribution rates are calculated each year, the contribution rates were set by state law through June 30, 2012 and did not necessarily coincide with the actuarially calculated contribution rate. As a result, from June 30, 2002 through June 30, 2013, the rate allowed by statute was less than the actuarially required rate. Effective July 1, 2012, as a result of a 2010 law change, IPERS contribution rates for the Issuer and its employees are established by IPERS following the annual actuarial valuation (which applies IPERS’ Contribution Rate Funding Policy and Actuarial Amortization method.) State statute, however, limits the amount rates can increase or decrease each year to one (1) percentage point. Therefore, any difference between the actuarial contribution rates and the contributions paid is due entirely to statutorily set contributions that may differ from the actual contribution rates. As a result, while the contribution rate in the fiscal year ended June 30, 2014 equaled the actuarially required rate, there is no guarantee, due to this statutory limitation on rate increases, that the contribution rate will meet or exceed the actuarially required rate in the future.

In fiscal year 2021, pursuant to the IPERS’ required rate, the Issuer’s Regular members contributed 6.29% of pay and the Issuer contributed 9.44% for a total rate of 15.73 percent, and the Issuer’s Protection Occupation members contributed 6.41% of pay and the Issuer contributed 9.61% for a total rate of 16.02 percent. The Issuer’s contributions to IPERS for the year ended June 30, 2021 were \$3,133,720. The City has currently budgeted a contribution of \$3,333,498 to IPERS for the year ended June 30, 2022. The Issuer’s share of the contribution, payable from the applicable funds of the Issuer, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The Issuer has always made its full required contributions to IPERS.

The following table sets forth the contributions made by the Issuer and its employees to IPERS for the period indicated. The Issuer cannot predict the levels of funding that will be required in the future.

Table 1 – Issuer and Employees Contribution to IPERS (1)

Fiscal Year	-----Contribution from Issuer-----					-----Contribution from Employee-----				
	Regular Contribution		Protection Contribution (2)			Regular Contribution		Protection Contribution (2)		
	Amount	% of Covered	Amount	% of Covered	Amount	% of Covered	Amount	% of Covered		
	<u>Contributed</u>	<u>Payroll</u>	<u>Contributed</u>	<u>Payroll</u>	<u>Contributed</u>	<u>Payroll</u>	<u>Contributed</u>	<u>Payroll</u>		
2017	2,710,121	8.93%	NA	NA	1,805,736	5.95%	NA	NA		
2018	2,609,105	8.93%	44,467	9.84%	1,738,429	5.95%	29,645	6.56%		
2019	2,811,702	9.44%	116,738	10.21%	1,873,475	6.29%	77,863	6.81%		
2020	2,838,078	9.44%	140,455	9.91%	1,891,050	6.29%	93,684	6.61%		
2021	2,970,096	9.44%	163,624	9.61%	1,979,015	6.29%	109,139.73	6.41%		

- (1) Source: the Issuer
- (2) Joined City payroll in FY18

The Issuer cannot predict the levels of funding that will be required in the future as any IPERS unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of IPERS is not subject to the direction of the Issuer. Thus, it is not possible to predict, control or prepare for future unfunded actuarial liabilities of IPERS (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAAL could be substantial in the future, requiring significantly increased contributions from the Issuer which could affect other budgetary matters.

Net IPERS Pension Liabilities.

Effective for fiscal years beginning after June 15, 2014, GASB Statement 68 requires all reporting units in a multi-employer cost sharing pension plan to record a balance sheet liability for their proportionate share of the net pension liability of the plan. The Issuer was required to implement GASB 68 in their year end June 30, 2015 financial statements.

At June 30, 2021, the Issuer reported a liability of \$26,714,496 (2) for its proportional share of the IPERS net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Issuer’s proportion of the net pension liability was based on the Issuer’s share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2020, the City’s collective proportion was .3802918%, which was a decrease of .010387% from its proportion measured as of June 30, 2019. See “**APPENDIX D–AUDITED FINANCIAL STATEMENTS OF THE ISSUER–NOTES TO THE FINANCIAL STATEMENTS (NOTE 14)**” for additional information related to IPERS benefits, the Issuer’s deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate, discount rate sensitivity and expenses.

Detailed information about the IPERS pension plan’s fiduciary net position is available in the separately issued IPERS financial report which is available to the public by mail at 7401 Register Drive, P.O. Box 9117, Des Moines, Iowa 50306-9117 or on IPERS’ website at www.ipers.org. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

MFPRSI Plan Description. The Issuer contributes to MFPRSI, which is a cost-sharing multiple-employer defined benefit pension plan established pursuant to Chapter 411 of the Code of Iowa and the administrative rules thereunder. MFPRSI membership is mandatory for fire fighters and police officers covered by the provisions of Chapter 411 of the Code of Iowa. Members with 4 or more years of service are entitled to pension benefits beginning at age 55. Full service retirement benefits are granted to members with 22 years of service, while partial benefits are available to those members with 4-22 years of service based on the ratio of years completed to years required. MFPRSI provides pension benefits as well as disability benefits to Issuer employees and benefits to the employees’ beneficiaries upon the death of the eligible employee.

MFPRSI Contributions (1). Member contribution rates are established by State statute. For the fiscal year ending June 30, 2021, members contributed 9.40% of earnable compensation, and that rate remains the same for fiscal year 2021/22.

Employer contribution rates are based upon an actuarially determined normal contribution rate and set by state statute. The required actuarially determined contributions are calculated on the basis of the entry age normal method as adopted by the Board of Trustees as permitted under Chapter 411 of the Code of Iowa. The normal contribution rate is provided by state statute to be the actuarial liabilities of the plan less current plan assets, with such total divided by 1 percent of the actuarially determined present value of prospective future compensation of all members, further reduced by member contributions and state appropriations. Under the Code of Iowa the employer’s contribution rate cannot be less than 17.00% of earnable compensation. The contribution rate was 25.31% for the year ended June 30, 2021.

If approved by the state legislature, state appropriations may further reduce the employer’s contribution rate, but not below the minimum statutory contribution rate of 17.00% of earnable compensation. The State of Iowa, therefore, is considered to be a non-employer contributing entity in accordance with the provisions of the Governmental Accounting Standards Board Statement No. 67, Financial Reporting for Pension Plans.

There were no state appropriations to MFPRSI during the fiscal year ended June 30, 2021.

The contribution paid by the City for the fiscal year ended June 30, 2021 totaled \$5,052,836. The City has currently budgeted a contribution of \$5,446,051 to MFPRSI for the year ended June 30, 2022.

The following table sets forth the contribution rates made by the Issuer and its employees to MFPRSI for the period indicated.

Table 2 – Issuer and Employees Contribution to MFPRSI. (1)

<u>Fiscal Year</u>	<u>Combined contribution rate</u>	<u>% of Payroll paid by Issuer</u>	<u>% of Payroll paid by Employee</u>
2017	35.32	25.92	9.40
2018	35.08	25.68	9.40
2019	35.42	26.02	9.40
2020	33.81	24.41	9.40
2021	34.71	25.31	9.40

(1) Source: the Issuer

The Issuer cannot predict the levels of funding that will be required in the future as any MFPRSI unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of MFPRSI is not subject to the direction of the Issuer. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of MFPRSI (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAAL could be substantial in the future, subject to any statutory limitation, requiring significantly increased contributions from the Issuer which could affect other budgetary matters.

Net MFPRSI Pension Liabilities. Effective for fiscal years beginning after June 15, 2014, GASB Statement 68 requires all reporting units in a multi-employer cost sharing pension plan to record a balance sheet liability for their proportionate share of the net pension liability of the plan. The Issuer was required to implement GASB 68 in their year end June 30, 2015 financial statements.

At June 30, 2021, the Issuer reported a liability of \$48,346,997 for its proportional share of the MFPRSI net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Issuer’s proportion of the net pension liability was based on the Issuer’s share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2020, the City’s proportion was 6.061557% which was a decrease of .0170845 from its proportion measured as of June 30, 2019. See “**APPENDIX D–AUDITED FINANCIAL STATEMENTS**

OF ISSUER - NOTES TO THE FINANCIAL STATEMENTS (NOTE 14)” for additional information related to MFPRSI benefits, the Issuer’s deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate, discount rate sensitivity and expenses.

Detailed information about the pension plan’s fiduciary net position is available in the separately issued MFPRSI financial report which is available to the public by mail at 7155 Lake Drive, Suite 201, West Des Moines, Iowa 50266 or on MFPRSI’s website at www.mfprsi.org. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Bond Counsel, Disclosure Counsel, the Issuer and the Financial Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from the MFPRSI or IPERS discussed above or included on the MFPRSI or IPERS websites, including, but not limited to, updates of such information on the State Auditor’s website or links to other Internet sites accessed through the MFPRSI or IPERS websites. Information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Other Post-Employment Benefits (OPEB)

During fiscal 2018, the City adopted the provisions of Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. This statement established standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditure. It replaces the requirements of the Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, as amended.

For defined benefit OPEB plans the statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Plan Description

The City’s defined benefit OPEB plan, City of Sioux City, Iowa Health Benefit Plan, offers OPEB benefits for all eligible retirees. City of Sioux City, Iowa Health Benefit Plan is a single employer defined benefit OPEB plan administered by the City. Under Chapter 509A.13 Group Insurance for Public Employees of the Code of Iowa, if a governing body, a City board of supervisors, or a city council has procured for its employees accident, health, or hospitalization insurance, or a medical service plan, or has contracted with a health maintenance organization authorized to do business in this state, the governing body, City board of supervisors, or city council shall allow its employees who retired before attaining sixty-five years of age to continue participation in the group plan or under the group contract at the employee’s own expense until the employee attains sixty-five years of age. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The City is self-insured for medical benefits. No stand-alone financial report is issued; the plan is self-funded and included in the City’s financial statements.

Population (1)

The following table sets forth population trends for the Issuer:

<u>Year</u>	<u>Population</u>
2020	85,797
2010	82,684
2000	85,013
1990	80,505
1980	82,003

Major Employers (1)

Following are the major employers within the City:

<u>Over 1,000 Employees</u>	<u>500-999 Employees</u>
MercyOne	185th Air Refueling Wing IANG
Seaboard Triumph Foods	City of Sioux City
Sioux City Comm School District	Curly's Foods
Tyson Fresh Meats	empirical foods
Unity Point Health-St. Luke's	Ho-Chunk, Inc.
Wells Enterprises	HyVee Food Stores
	Interbake Foods
	MidAmerican Energy Company
	Sabre Industries
	Tur-Pak Foods
	Western Iowa Tech Comm College

Employment Statistics (2)

The State of Iowa Department of Job Service reports unemployment unadjusted rates as follows (March 2022)

<u>Governmental Body</u>	<u>Percentage Unemployed</u>
National Average	3.6%
State of Iowa	3.3%
Woodbury County:	3.1%

Historical Employment Statistics (2)

Presented below are the historical unemployment rates for the years indicated for Woodbury County and the State of Iowa.

<u>Calendar Year</u>	<u>Woodbury County</u>	<u>State Of Iowa</u>
2021	4.31%	4.20%
2020	5.10%	5.10%
2019	2.60%	2.60%
2018	2.50%	2.50%
2017	3.10%	3.10%

Retail Sales (3)

Presented below are retail sales statistics for the City of Sioux City for the period indicated:

<u>Year Ended</u>	<u>Taxable Retail Sales</u>	<u>Number of Businesses</u>
2021	1,700,538,564	2,016
2020	1,548,765,245	2,003
2019	1,621,272,203	2,035
2018	1,643,511,688	2,035
2017	1,624,501,692	2,070

Building Permits (1)

Presented below are the building permits issued in the City for the fiscal year indicated.

<u>Fiscal Year</u>	<u>Number of Permits</u>	<u>Dollar Value</u>
2021	2,795	157,668,612
2020	2,766	210,770,806
2019	2,657	292,912,987
2018	3,016	351,395,530
2017	3,131	309,121,007

Property Tax Valuations (2)

In compliance with Section 441.21 of the Code of Iowa, as amended, the State Director of Revenue annually directs all county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The final values, called Actual Valuation, are then adjusted by the county auditor. Assessed or Taxable Valuation subject to tax levy is then determined by the application of State determined rollback percentages, principally to residential and commercial property.

Beginning in 1978, the State required a reduction in Actual Valuation to reduce the impact of inflation on its residents. The resulting value is defined as the Assessed or Taxable Valuation. The rollback percentages for residential, agricultural, commercial, multi-residential and utilities valuations are as follows:

<u>Fiscal Year</u>	<u>Residential Rollback</u>	<u>Ag. Land & Buildings</u>	<u>Commercial</u>	<u>Multi-residential</u>	<u>Utilities</u>
2022-23	54.1302	89.0412	90.0000	63.7500	100.0000
2021-22	56.4094	84.0305	90.0000	67.5000	98.5489
2020-21	55.0743	81.4832	90.0000	71.2500	100.0000
2019-20	56.9180	56.1324	90.0000	75.0000	100.0000
2018-19	55.6209	54.4480	90.0000	78.5000	100.0000

Property is assessed on a calendar year basis. The assessments finalized as of January 1 of each year are applied to the following fiscal year. For example, the assessments finalized on January 1, 2021 are used to calculate tax liability for the tax year starting July 1, 2022 through June 30, 2023. Presented below are the historic property valuations of the Issuer by class of property.

* During the 2021 Iowa legislative session, House File 418 was signed into law on March 8, 2021, applicable to valuations beginning January 1, 2022. HF418 removes the multi-residential property classification by reclassifying certain properties as a subdivision of "residential" property. The multi-residential classification was created as part of the January 1, 2015 valuations, and became unnecessary due to the equalization of the residential and multi-residential classifications as of January 1, 2022.

PROPERTY TAX LEGISLATION

During the 2019 legislative session, the Iowa General Assembly enacted Senate File 634 (the "2019 Act"). The 2019 Act modifies the process for hearing and approval of the total maximum property tax dollars under certain levies in the City's budget including levies for the General

Fund, the Emergency Fund, Trust and Agency Funds for pensions, insurance, transit, civic centers, certain bridges, sanitary disposal, and emergency management. The 2019 Act also includes a provision that will require the affirmative vote of 2/3 of the City Council when the maximum property tax dollars under these levies exceed an amount determined under a prescribed formula.

The 2019 Act does not change the process for hearing and approval of the Debt Service Levy pledged for repayment of the Bonds. Since adoption of the 2019 Act, the City has followed the additional process when necessary to administer its General Fund, Emergency Fund and Trust and Agency Fund levies.

During the 2013 legislative session, the Iowa General Assembly enacted Senate File 295 (the “2013 Act”), which the Governor signed into law on June 12, 2013. Among other things, the Act (i) reduces the maximum annual taxable value growth percent, due to revaluation of existing residential and agricultural property, from the current 4% to 3%, (ii) assigned a “rollback” (the percentage of a property’s value that is subject to tax) to commercial, industrial and railroad property of 95% for the 2013 assessment year and 90% for the 2014 assessment year and all years thereafter, (iii) created a new property tax classification for multi-residential properties (mobile home parks, manufactured home communities, land-lease communities, assisted living facilities and property primarily used or intended for human habitation containing three or more separate dwelling units) (“Multi-residential Property”) that begins in the 2015 assessment year, and assigns a declining rollback percentage of 3.75% to such properties for each subsequent year until 2021 assessment year (the rollback percentage for Multi-residential Properties will be equal to the residential rollback percentage in 2022 assessment year and thereafter) and (iv) exempts a specified portion of the assessed value of telecommunication properties.

The 2013 Act included a standing appropriation to replace some of the tax revenues lost by local governments, including tax increment districts, resulting from the new rollback for commercial and industrial property. The appropriation does not replace losses to local governments resulting from the 2013 Act’s provisions that reduce the annual revaluation growth limit for residential and agricultural properties to 3% from 4%, the gradual transition for multi-residential properties from the commercial rollback percentage (90% of market value) to the residential rollback percentage (currently 56.4094% of market value), or the reduction in the percentage of telecommunications property that is subject to taxation. Subsequently, during the 2021 legislative session, Senate File 619 (“SF 619”) was signed into law on June 17, 2021, which phased out the standing appropriation payments. In Fiscal Year 2020-21, the City collected \$1,882,769, future amounts for which will be phased out starting in Fiscal Year 2022-23, through Fiscal Year 2029-30. SF 619 also implements a tax credit for property owned by persons who are at least 70 years of age and whose annual household income is not more than 250% of the federal poverty level guidelines published by the U.S. Department of Health and Human Services. The expanded credit is available for claims filed on or after January 1, 2022. The expanded credit is exempt from the provisions of Iowa Code section 25B.7(1), which imposes a State requirement to fully fund changes to property tax credits. The legislation is anticipated to result in reduced property tax revenues as a result of the phased-out property tax replacement claims and also due to expansion of the Elderly Property Tax Credit.

Also, during the 2021 Iowa Legislative session, House File 418 was signed into law on March 8, 2021, applicable to valuations beginning January 1, 2022 (the “2021 Act”). The 2021 Act removes the multi-residential property classification by reclassifying certain properties as a subdivision of “residential” property. The multi-residential classification was created as part of the January 1, 2015 valuations, and became unnecessary due to the equalization of the residential and multi-residential classifications as of January 1, 2022.

Notwithstanding any modification to property tax revenues that may result from the 2013 Act, the 2019 Act, SF619 or the 2021 Act, the Bonds are secured by an unlimited ad valorem property tax, see “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS” herein.

From time to time, other legislative proposals may be considered by the Iowa General Assembly that would, if enacted, alter or amend one or more of the property tax matters described in this Official Statement. It cannot be predicted whether or in what forms any of such proposals may be enacted, and there can be no assurance that such proposals will not apply to valuation, assessment or levy procedures for the levy of taxes by the City.

Public Funds Investments (1)

As of April 30, 2022, the City held investments in the following amounts:

	<u>Amount</u>
Local Bank Deposits	\$ 23,155,408
IPAIT	3,651,100
Money Market Deposits	31,203,204
Certificates of Deposit	14,062,041
Repurchase Agreements	6,000,000
Commercial Paper	6,980,635
Federal Agency Coupon Securities	19,866,198
U.S. Treasury Securities	<u>28,923,243</u>
Total	\$ 133,841,829

Tax Rates (2)

The Issuer levied the following taxes for collection during the fiscal years indicated:

<u>Fiscal Year</u>	<u>General</u>	<u>Outside</u>	<u>Emergency</u>	<u>Debt Service</u>	<u>Employee Benefits</u>	<u>CIP</u>	<u>Total Levy</u>
2022	8.10000	1.48119	0.27000	3.07864	1.51948	0.00000	14.44931

Largest Taxpayers (3) (4) (5)

Set forth in the following table are the persons or entities which represent the 2020 largest taxpayers within the Issuer, as provided by the County Auditor’s Offices. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the City. Except as noted below, the City’s mill levy is uniformly applicable to all of the properties included in the table, and thus taxes expected to be received by the City from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the mill levies of the other taxing entities which overlap the properties.

<u>Taxpayer</u>	<u>2020 Taxable Valuation</u>	<u>Percent of Total</u>
MidAmerican Energy – Electric #7289 (4)	75,564,984	1.99%
Seaboard Triumph Foods LLC (5)	70,126,380	1.85%
SCE Partners LLC	46,181,160	1.22%

(4) Utility Property Tax Replacement. Beginning in 1999, the State replaced its previous property tax assessment procedure in valuing the property of entities involved primarily in the production, delivery, service and sale of electricity and natural gas with a replacement tax formula based upon the delivery of energy by these entities. Electric and natural gas utilities now pay replacement taxes to the State in lieu of property taxes. All replacement taxes are allocated among local taxing cities by the State Department of Revenue and Finance and the Department of Management. This allocation is made in accordance with a general allocation formula developed by the Department of Management on the basis of general property tax equivalents. Properties of these utilities are exempt from the levy of property tax by political subdivisions. Utility property will continue to be valued by a special method as provided in the statute and taxed at the rate of three cents per one thousand dollars for the general fund of the State. The utility replacement tax statute states that the utility replacement tax collected by the State and allocated among local taxing cities (including the City) shall be treated as property tax when received and shall be disposed of by the county treasurer as taxes on real estate. However, utility property is not subject to the levy of property tax by political subdivisions, only the utility replacement tax and statewide property tax. It is possible that the general obligation debt capacity of the City could be adjudicated to be proportionately reduced in future years if utility property were determined to be other than “taxable property” for purposes of computing the City’s debt limit under Article XI of the Constitution of the State of Iowa. There can be no assurance that future legislation will not (i) operate to reduce the amount of debt the City can issue or (ii) adversely affect the City’s ability to levy taxes in the future for the payment of the principal of and interest on its outstanding debt obligations, including the Bonds. Approximately 2.90% of the City’s tax base currently is utility property. Notwithstanding the foregoing, the City has the obligation to levy taxes against all the taxable property in the City sufficient to pay principal of and interest on the Bonds.

(5) Due to Chapter 427B - Industrial Real Estate Partial Tax Exemption, only 55% of the actual value is taxable. The current assessed value as of January 1, 2021 is \$118,000,000.

Outstanding Debt (1) (4)

Upon completion of this issue, the City will have twenty-one different general obligation issues outstanding including the Bonds. Presented below is the outstanding principal and interest of the Issuer’s General Obligation Debt, assuming interest rates estimated from 1.886% to 3% on the Bonds, presented in aggregate:

<u>Year</u>	<u>Total Principal</u>	<u>Total Interest</u>	<u>Total P&I</u>
2023	23,020,000	3,767,165	26,787,165
2024	21,955,000	3,204,064	25,159,064
2025	21,285,000	2,634,844	23,919,844
2026	18,695,000	2,092,754	20,787,754
2027	16,150,000	1,658,274	17,808,274
2028	14,560,000	1,251,703	15,811,703
2029	11,300,000	878,368	12,178,368
2030	8,650,000	587,696	9,237,696
2031	6,345,000	371,361	6,716,361
2032	3,765,000	192,028	3,957,028
2033	1,165,000	49,513	1,214,513
Totals:	146,890,000	16,687,768	163,577,768

Debt Limit (1) (2) (3) (4) (5)

The amount of general obligation debt a political subdivision of the State of Iowa can incur is controlled by the constitutional debt limit, which is an amount equal to 5% of the actual value of property within the corporate limits, taken from the last County Tax list. The Issuer's debt limit, based upon said valuation, amounts to the following:

	<u>FY22</u>
Actual Value of Property	5,377,635,701
X	0.05
<hr/> Statutory Debt Limit:	<hr/> 268,881,785
 Total General Obligation Debt:	 170,420,000
Less 2022 maturities cash on hand at City (4):	-23,530,000
<hr/> Total Urban Renewal Revenue Debt (payable in FY23):	<hr/> 2,109,879
Total Debt Subject to Limit:	148,999,879
Percentage of Debt Limit Obligated:	55.41%

(1) Direct debt Source: the Issuer

(2) Valuation Source: Iowa Department of Management

(3) The amount reported above is the amount due in the current fiscal year under development agreements payable after closing on the Bonds, as reported by the City pursuant to development agreements for urban renewal projects under the authority of Iowa Code Chapter 403 or other intergovernmental agreements (under chapter 28E, etc). The Iowa Supreme Court has not formally ruled on the question of whether contracts to rebate the tax increment generated by a particular development constitutes indebtedness of a City for constitutional debt limit purposes. The amount reported above includes amounts payable under development agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amounts currently due and appropriated in the current fiscal year. Amounts payable under a particular development agreement may not constitute legal indebtedness, but are memorialized in the table above to conservatively state the City’s possible financial exposure. Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred. The Total Debt Subject to Limit amount reported above does not include \$62,347,819 in City rebate agreements (subject to yet to be achieved contingencies or annual appropriation). Were such rebate agreements determined to be constitutional debt, the City’s percentage of Debt Limit Obligated would be 78.60%. The City actively pursues opportunities consistent with the development goals of its various urban renewal plans, which may be amended from time to time, and the City may enter into additional development agreements committing to additional rebate incentive in calendar year 2022 or after. See **“Other Tax Increment Rebate Agreements”** table herein for more information.

(4) Excludes 2022 maturities in the amount of \$23,530,000 for which City cash is on hand sufficient to make such payments

(5) The City’s payment requirements under various development agreement discussed herein under “Other Obligations” are not structured as general liabilities of the City, but rather are exclusively secured by and payable from a pledge of the City’s incremental property tax revenues (TIF) to be derived from the taxable properties (or some subset thereof) contained within an urban renewal area of the Issuer pursuant to Section 403.19 of the Code of Iowa. The City’s payment obligations under these contracts are routinely contingent upon development or redevelopment performance requirements of the developer and at times are made subject to annual appropriation rights by the City Council. The amounts reported herein includes amounts payable under rebate agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amounts currently due and appropriated in the current fiscal year. Additionally, amounts payable under a particular development agreement may not constitute legal indebtedness, but are memorialized in the table to conservatively state the City’s possible financial exposure. Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred.

Other Obligations of the City

The City has entered into loan agreements with the Iowa State Revolving Loan Fund program for various water and sewer revenue obligations over the years. Presented below is the current amortization of those loans (assuming all of the proceeds of the loans for projects currently under construction are drawn in full):

Totals:	522,000	9,544,000	6,282,000	19,702,000	848,000	2,526,000	3,965,000	28,844,000	9,588,000	6,643,000	1,733,000	90,197,000	1,676,228	11,440,963	103,314,190

(1) Unless otherwise noted, the interest rate on the SRF loan noted is 1.75%.

(2) With respect to the Sewer Revenue bonds dated 5/31/13 (three issues), the interest rate is 0.75%. The Sewer Revenue Note dated 6/4/21 has an interest rate of 2.75%

(3) Pursuant to a 28E agreement with the State of Iowa – Department of Transportation, the City has an obligation to repay, in addition to the above, \$704,288 to the DOT over the period through 7/1/2025, out of net operating revenues of the Sewer System of the City.

(4) Payments for FY22 total \$7,664,000 principal, \$1,644,297 interest, and \$243,723 administrative fees. Payments sufficient to cover P&I for fiscal year 2022 are set aside within the Sewer Utility Fund at this time.

- (1) Source: the Issuer
- (2) City has TIF funds on hand to retire amounts due in FY22.
- (3) City has appropriated these amounts for payment from TIF in FY23.
- (4) The City's payment requirements under these contracts are not structured as general liabilities of the City, but rather are exclusively secured by and payable from a pledge of the City's incremental property tax revenues (TIF) to be derived from the taxable properties (or some subset thereof) contained within an urban renewal area of the Issuer pursuant to Section 403.19 of the Code of Iowa. The City's payment obligations under these contracts are routinely contingent upon development or redevelopment performance requirements of the developer and at times are made subject to annual appropriation rights by the City Council. The amounts reported herein includes amounts payable under rebate agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amounts currently due and appropriated in the current fiscal year. Additionally, amounts payable under a particular development agreement may not constitute legal indebtedness, but are memorialized in the table to conservatively state the City's possible financial exposure. Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred.

Overlapping & Underlying Debt (2) (3)

Presented below is a listing of the overlapping and underlying debt for Issuers within the District and the amount applicable to the Issuer:

<u>Taxing Authority</u>	<u>Outstanding Debt</u>	<u>2020 Taxable Valuation</u>	<u>Taxable Value Within Issuer</u>	<u>Percentage Applicable</u>	<u>Amount Applicable</u>

APPENDIX B – FORM OF LEGAL OPINIONS

Series A

We hereby certify that we have examined a certified transcript of the proceedings of the City Council and acts of administrative officers of the City of Sioux City, State of Iowa (the "Issuer"), relating to the issuance of General Obligation Bonds, Series 2022A, by said City, dated June 23, 2022, in the denomination of \$5,000 or multiples thereof, in the aggregate amount of \$_____ (the "Bonds").

We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion as bond counsel.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer contained in the resolution authorizing issuance of the Bonds (the "Resolution") and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination and in reliance upon the certified proceedings and other certifications described above, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a body corporate and politic and political subdivision of the State of Iowa with the corporate power to adopt and perform the Resolution and issue the Bonds.
2. The Bonds are valid and binding general obligations of the Issuer.
3. All taxable property in the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. Taxes have been levied by the Resolution for the payment of the Bonds and the Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.
4. Interest on the Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

We express no opinion regarding the accuracy, adequacy, or completeness of the Official Statement or other offering material relating to the Bonds. Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

Series B

We hereby certify that we have examined a certified transcript of the proceedings of the City Council and acts of administrative officers of the City of Sioux City, State of Iowa (the "Issuer"), relating to the issuance of Taxable General Obligation Bonds, Series 2022B, by said City, dated June 23, 2022, in the denomination of \$5,000 or multiples thereof, in the aggregate amount of \$_____ (the "Bonds").

We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion as bond counsel.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer contained in the resolution authorizing issuance of the Bonds (the "Resolution") and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination and in reliance upon the certified proceedings and other certifications described above, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a body corporate and politic and political subdivision of the State of Iowa with the corporate power to adopt and perform the Resolution and issue the Bonds.
2. The Bonds are valid and binding general obligations of the Issuer.
3. All taxable property in the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. Taxes have been levied by the Resolution for the payment of the Bonds and the Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.
4. The interest on the Bonds is not excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended. **THE HOLDERS OF THE BONDS SHOULD TREAT THE INTEREST THEREON AS SUBJECT TO FEDERAL INCOME TAXATION.** We express no other opinion regarding any other federal or state income tax consequences caused by the receipt or accrual of interest on the Bonds.

We express no opinion regarding the accuracy, adequacy, or completeness of the Official Statement or other offering material relating to the Bonds. Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

APPENDIX C – FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the City of Sioux City, State of Iowa (the "Issuer"), in connection with the issuance of \$ _____ General Obligation Bonds, Series 2022A \$ _____ Taxable General Obligation Bonds, Series 2022B (collectively, the "Bonds") dated June 23, 2022. The Bonds are being issued pursuant to a Resolution of the Issuer approved on June 6, 2022 (the "Resolution"). The Issuer covenants and agrees as follows:

Section 1 Purpose of the Disclosure Certificate; Interpretation. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with S.E.C. Rule 15c2-12(b)(5). This Disclosure Certificate shall be governed by, construed and interpreted in accordance with the Rule, and, to the extent not in conflict with the Rule, the laws of the State. Nothing herein shall be interpreted to require more than required by the Rule.

Section 2 Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Financial Information" shall mean financial information or operating data of the type included in the final Official Statement, provided at least annually by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

"Business Day" shall mean a day other than a Saturday or a Sunday or a day on which banks in Iowa are authorized or required by law to close.

"Dissemination Agent" shall mean the Issuer or any Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"Financial Obligation" shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with S.E.C. Rule 15c2-12.

"Holders" shall mean the registered holders of the Bonds, as recorded in the registration books of the Registrar.

"Listed Events" shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

"Municipal Securities Rulemaking Board" or "MSRB" shall mean the Municipal Securities Rulemaking Board, 1300 I Street NW, Suite 1000, Washington, DC 20005.

"National Repository" shall mean the MSRB's Electronic Municipal Market Access website, a/k/a "EMMA" (emma.msrb.org).

"Official Statement" shall mean the Issuer's Official Statement for the Bonds, dated _____, 2022.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Rule" shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission (S.E.C.) under the Securities Exchange Act of 1934, and any guidance and procedures thereunder published by the S.E.C., as the same may be amended from time to time.

"State" shall mean the State of Iowa.

Section 3. Provision of Annual Financial Information.

- a) The Issuer shall, or shall cause the Dissemination Agent to, not later than the 15th day of April each year, commencing with information for the 2021/2022 fiscal year, provide to the National Repository an Annual Financial Information filing consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Financial Information filing must be submitted in such format as is required by the MSRB (currently in "searchable PDF" format). The Annual Financial Information filing may be submitted as a single document or as separate documents comprising a package. The Annual Financial Information filing may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Financial Information filing and later than the date required above for the filing of the Annual Financial Information if they are not available by that date. If the Issuer's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c).
- b) If the Issuer is unable to provide to the National Repository the Annual Financial Information by the date required in subsection (a), the Issuer shall send a notice to the Municipal Securities Rulemaking Board, if any, in substantially the form attached as Exhibits A-1 and A-2.
- c) The Dissemination Agent shall:
 - i. each year file Annual Financial Information with the National Repository; and
 - ii. (if the Dissemination Agent is other than the Issuer), file a report with the Issuer certifying that the Annual Financial Information has been filed pursuant to this Disclosure Certificate, stating the date it was filed.

Section 4. Content of Annual Financial Information. The Issuer's Annual Financial Information filing shall contain or incorporate by reference the following:

- a) The last available audited financial statements of the Issuer for the prior fiscal year, prepared in accordance with generally accepted accounting principles promulgated by the Financial Accounting Standards Board as modified in accordance with the governmental accounting standards promulgated by the Governmental Accounting Standards Board or as otherwise provided under State law, as in effect from time to time, or, if and to the extent such financial statements have not been prepared in accordance with generally accepted accounting principles, noting the discrepancies therefrom and the effect thereof. If the Issuer's audited financial statements for the preceding years are not available by the time Annual Financial Information is required to be filed pursuant to Section 3(a), the Annual Financial Information filing shall contain unaudited financial statements of the type included in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Financial Information when they become available.

- b) A table, schedule or other information prepared as of the end of the preceding fiscal year, of the type contained in the final Official Statement under the caption "Property Valuations", "Tax Rates", "Combined Historic Tax Rates", "Tax Collection History", "Outstanding Debt", "Debt Limit" and "Financial Summary."

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the Issuer or related public entities, which have been filed with the National Repository. The Issuer shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events.

- a) Pursuant to the provisions of this Section, the Issuer shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not later than 10 Business Days after the day of the occurrence of the event:
- i. Principal and interest payment delinquencies;
 - ii. Non-payment related defaults, if material;
 - iii. Unscheduled draws on debt service reserves reflecting financial difficulties;
 - iv. Unscheduled draws on credit enhancements relating to the Bonds reflecting financial difficulties;
 - v. Substitution of credit or liquidity providers, or their failure to perform;
 - vi. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Series Bonds, or material events affecting the tax-exempt status of the Bonds;
 - vii. Modifications to rights of Holders of the Bonds, if material;
 - viii. Bond calls (excluding sinking fund mandatory redemptions), if material, and tender offers;
 - ix. Defeasances of the Bonds;
 - x. Release, substitution, or sale of property securing repayment of the Bonds, if material;
 - xi. Rating changes on the Bonds;
 - xii. Bankruptcy, insolvency, receivership or similar event of the Issuer;
 - xiii. The consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
 - xiv. Appointment of a successor or additional trustee or the change of name of a trustee, if material;
 - xv. Incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material; and
 - xvi. Default, event of acceleration, termination event, modification of terms or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.
- b) Whenever the Issuer obtains the knowledge of the occurrence of a Listed Event, the Issuer shall determine if the occurrence is subject to notice only if material, and if so shall as soon as possible determine if such event would be material under applicable federal securities laws.
- c) If the Issuer determines that knowledge of the occurrence of a Listed Event is not subject to materiality, or determines such occurrence is subject to materiality and would be material under applicable federal securities laws, the Issuer shall promptly, but not later than 10 Business Days after the occurrence of the event, file a notice of such occurrence with the Municipal Securities Rulemaking Board through the filing with the National Repository.

Section 6. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Certificate with respect to each Series of Bonds shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds of that Series or upon the Issuer's receipt of an opinion of nationally recognized bond counsel to the effect that, because of legislative action or final judicial action or administrative actions or proceedings, the failure of the Issuer to comply with the terms hereof will not cause Participating Underwriters to be in violation of the Rule or other applicable requirements of the Securities Exchange Act of 1934, as amended.

Section 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the Issuer pursuant to this Disclosure Certificate. The initial Dissemination Agent shall be the Issuer.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- a) If the amendment or waiver relates to the provisions of Section 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;
- b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- c) The amendment or waiver either (i) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Issuer shall describe such amendment in the next Annual Financial Information filing, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the

type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Financial Information filing for the year in which the change is made will present a comparison or other discussion in narrative form (and also, if feasible, in quantitative form) describing or illustrating the material differences between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Financial Information filing or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Financial Information filing or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Certificate to update such information or include it in any future Annual Financial Information filing or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. Direct, indirect, consequential and punitive damages shall not be recoverable by any person for any default hereunder and are hereby waived to the extent permitted by law. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 13. Rescission Rights. The Issuer hereby reserves the right to rescind this Disclosure Certificate without the consent of the Holders in the event the Rule is repealed by the S.E.C. or is ruled invalid by a federal court and the time to appeal from such decision has expired. In the event of a partial repeal or invalidation of the Rule, the Issuer hereby reserves the right to rescind those provisions of this Disclosure Certificate that were required by those parts of the Rule that are so repealed or invalidated.

THE COVER

This year's cover displays the Morningside Public Library at 4005 Morningside Ave which reopened after a full renovation in the summer of 2020. This newly renovated branch library offers new fiction and nonfiction books, large type, audiobooks, movies, magazines, and music. With public computers and printers, plenty of tables and seating, and a children's area with an interactive play wall, there is something for every age group. Multiple services are offered at the library including a computer lab, color printing, scanning, public meeting rooms, study room & interactive play wall for children.

ABOUT SIOUX CITY, IA

The City of Sioux City, the principal city of northwest Iowa and the county seat of Woodbury County, is located at the confluence of the Missouri and Big Sioux Rivers at the junction of the states of Iowa, Nebraska, and South Dakota. This Tri-State area is known as “Siouxland.”

Founded in 1854, Sioux City’s roots go back to the days of the early fur traders. In the late 1800’s, the City was a major transportation and marketing center in the Midwest, only behind St. Louis and Chicago. On April 28, 1953, voters of Sioux City approved the City Council and Manager form of government. In 1962, Sioux City was awarded the “All-America City” status by Look Magazine and the National Municipal League. Sioux City received the “All-America City” designation again in 1990.

The community has received many other high profile national rankings in recent years, including: recognized as the Top Economic Development Community for populations under 200,000 by *Site Selection* magazine; ranked in Top 25 Best Places to Work in Manufacturing by *Smart Asset*; ranked in Top 10 Most Livable Small Cities in the U.S. by *Smart Asset*; re-designated as an Iowa Great Place by Iowa Department of Cultural Affairs; received Best-In-State Employer by *Forbes*; named "Best NAIA Championship Host" for the NAIA Women's DII Basketball National Championship and "Best Champions of Character Event" for the Special Olympics Clinic.

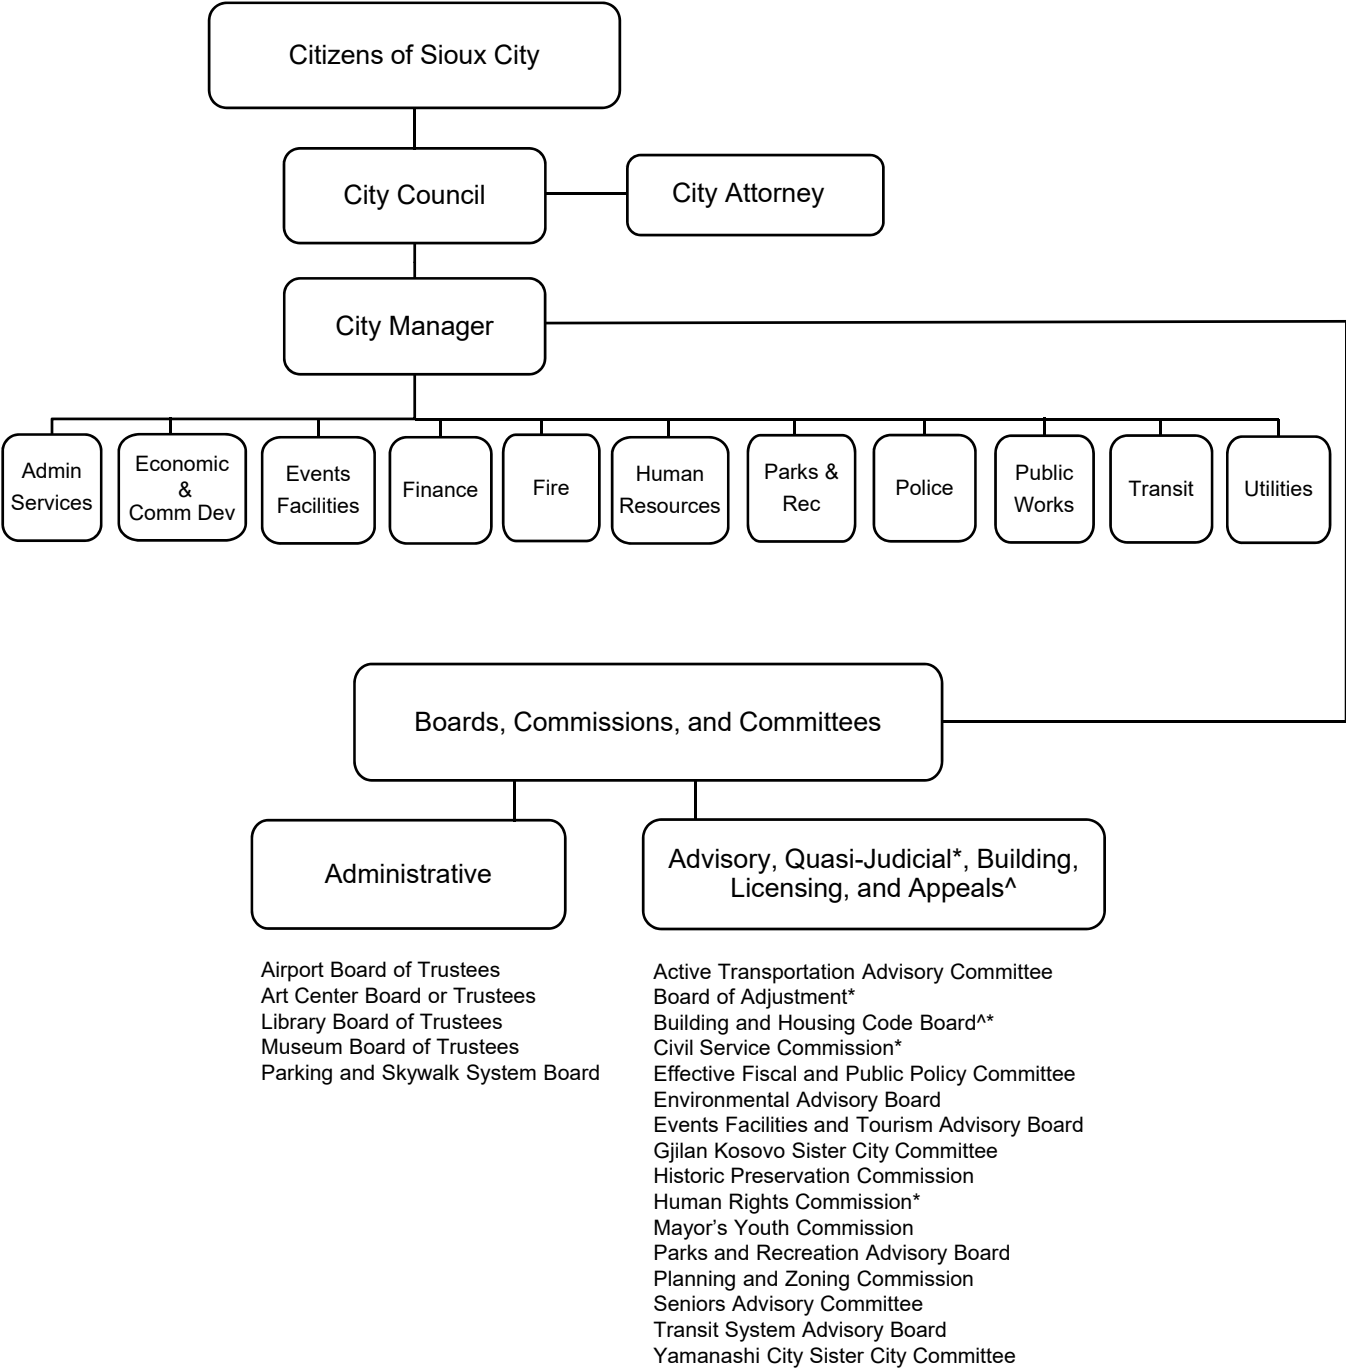

Sioux City is home to Saturday in the Park, one of the largest outdoor music festivals in the Upper Midwest, exciting sports action with USHL Hockey, Champions Indoor Football League and American Association Baseball. The new all seasons park, Cone Park, offers snow tubing and ice skating in the winter with trails and splashpad in the summer. And the LaunchPAD Children’s Museum, Hard Rock Hotel & Casino, award-winning Art Center and interactive Public Museum are just a few of the fun activities to enjoy, along with two eclectic historic districts in downtown. Cultural events like the Sioux City Symphony and Broadway series along with very diverse ethnic dining choices set Sioux City apart from other Midwest cities.

Exciting new developments are underway with new investment in downtown including the Sioux City Reinvestment District, Riverfront Development Project and mixed-use development and market-rate housing; trail connectivity and more.

Today, Sioux City is the fourth largest city in the State of Iowa with more than 85,000 residents dedicated to economic development and productivity. That dedication is seen through our strong, Midwestern work ethic, high-quality education and importance placed on family and neighbors. Our top-notch quality of life includes one of the lowest costs of living and crime rates in the nation. The City currently serves as the regional hub for business, employment, industry, retail trade, medical care, educational opportunities and tourism in Northwest Iowa, Southeast South Dakota and Northeast Nebraska. More than 168,000 people live in the tri-state metropolitan area and has one of the strongest business climates in the nation.

Siouxland is also home to the headquarters of several national companies including Tyson Fresh Meats, Inc., Sioux Honey Association, American Pop Corn Company, Bomgaars, Aalfs Manufacturing, Gelita USA Inc, Wilson Trailer, Inc., Beef Products, Inc. (BPI), and Great West Casualty Company.

City of Sioux City, Iowa
P O Box 447
Sioux City, IA 51102-0447
December 21, 2021

Honorable Mayor
Members of the City Council
Citizens of Sioux City, IA
City of Sioux City, IA

The comprehensive annual financial report of the City of Sioux City, Iowa for the fiscal year ended June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities are included.

Generally Accepted Accounting Principles (GAAP) requires that the City provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the management discussion and analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The financial statements and schedules included in this report reflect all the funds of the City in accordance with standards set by the Governmental Accounting Standards Board.

The City has established a comprehensive internal control framework that is designed to compile sufficiently reliable information for the preparation of the financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

The Code of Iowa requires an annual audit be made of the books of accounts, financial records and transactions of all administrative departments of the City by the State Auditor or by a Certified Public Accountant selected by the City Council. The audit for fiscal year 2021 was performed by Williams & Company, Certified Public Accountants. Williams & Company concluded that the City of Sioux City's financial statements for year ended June 30, 2021, are fairly presented in conformity with GAAP. Williams & Company's auditors' report is presented in the financial section of this report.

GOVERNMENT PROFILE

The City of Sioux City was incorporated in 1855, and is located in the northwest part of Iowa. The western border is the Missouri River and the City abuts the states of Nebraska and South Dakota. The City currently occupies a land area of 60 square miles and serves a population of 85,797 within the City and 149,940 in the metropolitan area.

The City is empowered to levy a property tax on real properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council. The City has operated under the council-manager form of government since 1954. Policy-making and legislative authority are vested in a governing council consisting of the mayor and four other members. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City Manager, the City Attorney and the City Treasurer. The City Manager is responsible for carrying out the policies and ordinances of the governing council, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The council is elected on a non-partisan basis. Council members serve four-year staggered terms and the mayor is separately elected. The City provides a full range of services.

The following schedule details the available services:

<u>Transportation</u>	<u>Fire Services</u>	<u>Police Services</u>	<u>Utilities</u>
Airport	Suppression	Patrol	Water
Transit	Prevention	Prevention	Sewer
	Training	Investigation	Solid Waste
	Hazardous Materials	Safety	Storm Sewer
	Paramedics		
<u>Public Works</u>	<u>Community Development</u>	<u>Culture</u>	
Streets/Bridges	Planning/Zoning	Art Center	
Traffic/Parking	Inspections	Museum	
Engineering	Housing	Library	
Cemeteries	Economic Development	Events Facilities	
	Property	Parks/Aquatics/Recreation	

The State Code of Iowa requires the adoption of an annual budget on or before March 31 of each year, which becomes effective July 1 and constitutes the appropriation for each program specified therein until amended. Any amendments to the City budget must be prepared and adopted in the same manner as the original budget. With the exception of capital improvement projects and encumbrances, all other appropriations, as adopted and amended, lapse at the end of the fiscal year. Encumbrances outstanding at year-end are reported as commitments of fund balances since they do not constitute expenditures or liabilities.

Annual budgets are adopted on the basis consistent with GAAP for all governmental funds. The City's budget is prepared on the modified accrual basis of accounting. The legal level of budgetary control is mandated by State law at the program structure level for all funds rather than at the individual fund level. The City maintains control over the program structure by reviewing estimated purchase amounts prior to release of purchase orders. Purchases orders are encumbered and open encumbrances are reported as reservations of fund balances at June 30.

The Finance Department is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft or misuse. The Department also ensures that adequate data is compiled to allow for the presentation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

The City continues to demonstrate its responsibility for sound financial management through the statements and schedules included in the financial section of this report.

ECONOMIC CONDITION

LOCAL ECONOMY

A number of major initiatives and business expansions continue to have a positive impact on the economy of Sioux City and the Siouxland region bringing new jobs, increased economic activity and significant growth in the property tax base. Oracle Aviation announced its commitment to establish an Aviation Center at Sioux Gateway Airport and will offer an academy in partnership with Morningside University for professional pilot training and other in-demand aspects of the aviation industry. As part of the project, the City successfully applied for a \$1 million U.S. Economic Development Administration grant to assist with construction of the planned new hangar facility. In addition, the City of Sioux City saw record breaking residential housing construction in 2020 with more than 500 new housing units added, including 107 single-family and 400 multi-family units.

The completion of several projects in downtown Sioux City are providing a positive economic impact for the community, including a \$70 million redevelopment of the historic Warrior and Davidson buildings into a boutique hotel, commercial uses, and luxury apartments; a \$35 million development of Virginia Square by Ho-Chunk, Inc. (HCI) Real Estate consisting of the redevelopment of two historic industrial buildings and construction of two new buildings into mixed-use retail, commercial, and market-rate residential uses, as well as a new hotel, all located along the Virginia Street entrance off I-29; a \$26 million upgraded Convention Center complex with construction of an attached all new five-story, 150 room Courtyard by Marriott hotel, convention center upgrades, and a new parking deck, complementing the Historic Fourth Street District; and a new \$15 million Siouxland Expo Center designed to provide quality flexible spaces for agricultural, recreational and major community events, as well as enhance the overall tourism appeal of the community. Sioux City has several investors interested in investing in the City's three designated Opportunity Zones and at least two projects using Opportunity Zone Funds are underway in downtown. A \$3 million renovation of an existing building into The Arena Sports Academy is providing year-round athletic opportunities for youth throughout the region.

The Sioux City area has received numerous accolades over the years, most recently including:

- Sioux City MSA recognized as the Top Economic Development Community for populations under 200,000 (9th time since 2007 that the MSA ranked first in the nation in its population category) - *Site Selection*
- Sioux City ranked #3 Most Livable Small City in the U.S. – *Smart Asset*
- Sioux City ranked #3 top small-size city with the most ENERGY STAR-certified buildings – *U.S. Environmental Protection Agency (EPA)*
- Sioux City metro ranked #4 Most Sustainable Metro in the West North Central Region of U.S. – *Site Selection*
- Sioux City is 1 of 4 communities in the nation to have Police, Fire, EMS and Communications accreditations

Sioux City is faced with the challenge of minimizing property taxes, meeting current obligations, and increasing quality of life, all while the current costs of providing public services continue to rise. Notable challenges in providing services have included increasing salary and benefit obligations and decreasing federal and state funding. Road maintenance continues to be an area of particular importance due to significant increases in construction costs but inadequate growth in State Road Use Tax funding. However, successful economic development initiatives are working to offset these challenges by increasing the City's property tax base or stimulating the economy through different measures. The following is a summary of some of the major projects currently underway:

- Sabre Industries started construction on a \$25 million expansion project to include construction of a galvanizing plant in Southbridge Business Park.
- Sioux City Tarp, one of the nation's largest manufacturers and wholesalers of tarp systems, invested over \$1 million to expand its manufacturing and storage space.

- The iconic 12-story Badgerow Building in downtown will see a \$20 million renovation by Clarity Development of Omaha. The historic mixed-use redevelopment will include 71- market-rate apartments and two floors of commercial space.
- HCI Real Estate Company announced the purchase and planned redevelopment of several properties on 4th Street in downtown Sioux City, including the historic Aalfs building.
- The renovation of the former Karltons building at 515 4th Street into Art SUX Gallery, a collaborative art gallery and studio space that features the work of local artists, offers classes and demonstrations on art for the public, and brings art education and classes to Siouxland kids at little to no cost.
- Stone Bru announced the renovation of 101 W 3rd Street into a coffee roasting facility, digital media studio and Stone Bru's headquarters.
- The Carlson Group announced the transformation of the former Riviera Theatre in downtown into the RE/MAX City Centre. The building will be renovated to include a sushi restaurant, arcade and taproom, coffee shop, theatre and real estate offices.
- Merge Development is constructing a new \$7 million 5-story mixed-use building on 4th Street to include 56 residential units and roughly 6,600 square feet of commercial space.
- Nelson Construction is investing \$12 million to renovate the Benson Building in downtown Sioux City into mixed-use, including 65 new market-rate residential units and first floor commercial space.
- The U.S. Environmental Protection Agency (EPA) selected the City of Sioux City to receive \$300,000 in EPA Brownfields funding to complete environmental site assessments throughout the community.
- The \$17 million Chris Larsen Park Riverfront Redevelopment project, a plan to redevelop 23 acres of riverfront area near downtown, is underway. Outdoor amenities included in the plan are: Stockyards Garden Plaza, Yoga Lawn, Event Lawn, Exploration Ridge with soft surface playground for children, two pavilions/plazas, two basketball courts, a dog park, regional trail and fountain.

LONG-TERM FINANCIAL PLANNING

The City Council and administration considers the long-term impact of all financial matters. Finance staff prepares detailed analysis periodically throughout the year that involves five to seven-year forecasts for each of the City's major funds. Projected fund balances are reviewed to ensure they meet minimum fund balance policies. These forecasts are integral to the development of the annual operating budget and annually approved capital improvements program (CIP) budget. The CIP budget is a five-year plan of major capital expenditures and includes all corresponding revenue sources.

The City of Sioux City monitors debt capacity closely to ensure a proper level of available debt capacity and adjusts borrowings as necessary. The City continues to maintain high credit ratings from both Standard & Poor's (AA) and Moody's Investor Service (Aa2). Among the reasons cited by the rating agencies for the high ratings include very strong budgetary flexibility, strong reserves, very strong management conditions and financial practices, stable and diverse tax base, and having a long trend of balanced General Fund operations.

RELEVANT FINANCIAL POLICIES

The City of Sioux City abides by its adopted debt policy. The policy states:

It shall be the policy of the City of Sioux City, Iowa to maintain a debt policy which will provide for proper planning of capital expenditures, financing requirements, and guidelines for the issuance of various debt instruments. The results help secure favorable rating and competitive lower interest costs on all types of borrowing instruments; thereby holding borrowing costs to a minimum and providing a savings to all taxpayers.

It is the City's desire and direction to assure that such debt obligations are issued and administered in such a fashion as to obtain the best long-term financial advantage to the City and its residents, while making every effort to maintain and improve the City's bond ratings and reputation in the investment community.

The City reviews its debt capacity each budget year to ensure that it complies with State law, and is at a level that will allow sufficient development projects in the community, while still able to respond to emergencies or unforeseen opportunities. The City adjusts its borrowings or postpones issuance of debt as necessary to abide by its debt policy. The State debt limit is 5% of assessed value, however the City has a self-imposed limit of 70% of the state imposed limit. If the 70% level will be exceeded, the additional debt issuance is to be tied directly to an Economic Development project which will generate an adequate payment to cover the debt service. The City is currently at 54.31% of its debt capacity.

To ensure a proper level of cash reserves, the City abides by its fund balance policies established for major funds. The General Fund policy states that the minimum unreserved General Fund balance, as a percentage of actual expenditures, will be no less than 12%. To avoid balances in excess of the level deemed sufficient for prudent fiscal management, the General Fund balance will not exceed 20%. The Enterprise Fund policy states that, on a cash basis, fund balance shall be no less than 15% and no more than 20% of operating expenses.

MAJOR INITIATIVES

Sioux City invests in a wide array of capital improvement projects each year. These projects are primarily funded by issuing bonds or notes, with State Revolving Fund loans, or through grant proceeds. Bonds and notes are typically paid back over a period of 10 years with interest paid every six months.

In fiscal year 2021 the City spent about \$42 million on capital improvement projects. The largest projects were: Runway 17/35 reconstruction \$4.8 million and taxiways \$1.9 million at the airport, Riverfront recreational upgrades \$4 million, annual resurfacing \$3.5 million, annual infrastructure reconstruction \$2.9 million, annual Waste Water Treatment Plant rehabilitation \$2.5 million, Myrtle Street reconstruction \$2.2 million, Grandview Park Tank Replacement \$2 million, Hunt Elementary Paving \$1,7 million, Glenn Avenue Reconstruction \$1,7 million, Lewis & Clark facility upgrade and parking lot \$1.6 million, and \$1 million for the I-29 Trail Relocation.

The City has several significant capital improvements planned for fiscal year 2022. The City has planned for over \$18.9 million in street maintenance projects which includes \$8.5 million for annual infrastructure, \$2.1 million for annual resurfacing, \$2.6 million for bridge deck restoration, \$1.8 million for Andrew Avenue paving (part of the Southbridge Business Park development), and \$1.4 million for the Woodbury County Jail Infrastructure.

Additionally in fiscal year 2022, the City plans to spend \$10.7 million on runway, electrical systems, buildings, equipment and other improvements at the Sioux Gateway Airport, \$5.4 million on Riverfront recreational upgrades, \$4.1 million on Airport industrial improvements to provide opportunities for industrial and aviation related development, \$2.5 million for a new Innovation Center in downtown Sioux City to support business growth, \$1.2 million for the Gordon Drive-Interstate-29 development and \$7.7 million on Waste Water Treatment Plant asset renewal and modifications.

The City continues to pursue development opportunities in areas of the City where growth and expansion prospects exist. The Northern Valley Crossing area on Floyd Boulevard will continue to grow with prospectively interested businesses and Sunnybrook Plaza continues to expand. The Southbridge and Bridgeport Business Parks continue to grow and are premier locations for large-scale industrial and commercial projects.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement - The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2020.

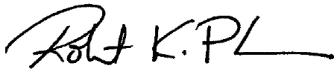

To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Sioux City, Iowa has received a Certificate of Achievement every year since fiscal year 1984 except for fiscal year 1996 and 1998. We believe that our current report continues to conform to the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate. The fiscal year 1996 report's production was delayed past the submittal deadline because of the City's financial application software change at the beginning of the fiscal year. The fiscal year 1998 report's production was delayed past the submittal deadline because of changes in personnel and software.

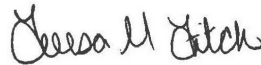

Acknowledgment - The preparation and completion of the 2021 Comprehensive Annual Financial Report was made possible by the dedicated service of the Finance Department employees. Each member of the Department has our sincere appreciation for the contributions they made toward this report. Sioux City is very fortunate to have such excellent, versatile and dedicated people.

In closing, without the leadership and support of the City Council, the preparation of this report would not have been possible.

Respectfully Submitted,

Robert Padmore

INDEPENDENT AUDITORS' REPORT

The Mayor and Members of the
City Council
City of Sioux City, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the CITY OF SIOUX CITY, IOWA (the City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the

entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sioux City, Iowa as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 23 to the financial statements, the City of Sioux City, Iowa adopted new accounting guidance related to Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities. Our opinions are not modified with respect to this matter.

As described in Note 21 to the financial statements, a prior period adjustment was made to correct the following: proper reporting of land purchased for resale. Our opinions are not modified with respect to these prior period adjustments.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Information, Schedule of Proportionate Share of Net Pension Liability, Schedule of Contributions and Schedule of changes in the City's Total OPEB Liability and Related Ratios on pages 5 through 20 and 96 through 102 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide

any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the year ended June 30, 2020, (which are not presented herein) and expressed unmodified opinions on those financial statements. The introductory section, other financial information, combining nonmajor fund financial statements, schedule of expenditures of passenger facility charges, continuing disclosures and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining nonmajor fund financial statements, schedule of expenditures of passenger facility charges, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, schedule of expenditures of passenger facility charges, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory, other financial information, continuing disclosures and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2021, on our consideration of the City of Sioux City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Sioux City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing*

Standards in considering the City of Sioux City's internal control over financial reporting and compliance.

Management Discussion and Analysis

June 30, 2021

This discussion and analysis of the City of Sioux City's financial performance provides an overview of the City's financial activities for the fiscal year ending June 30, 2021. We encourage the readers to consider the information presented here in conjunction with the additional information furnished in our letter of transmittal on page xi and the City's financial statements which follow this report.

Financial Highlights

- The assets and deferred outflows of resources of the City of Sioux City exceeded its liabilities and deferred inflows of resources at June 30, 2021, by \$592,509,976.
- The City's net position increased by \$36,291,918 during the year. Of this amount, the net position of Governmental Activities increased \$18,563,575 net position of Business-Type Activities increased \$17,728,343.
- The largest factors contributing to the increase in net position were: amount by which capital outlays exceeded depreciation, \$6,844,039 excess of Sewer Fund revenues over expenses and transfers out in the amount of \$6,683,985, excess of Airport Fund revenues over expenses and transfers out in the amount of \$5,919,017.
- The City's long-term debt increased \$23,160,938 (8.2%). General obligation bonds outstanding increased \$12,679,997 (8.5%) to \$161,734,998 and notes payable outstanding increased \$10,480,941 (7.9%) to \$143,004,462.

OVERVIEW OF THE FINANCIAL STATEMENTS

In addition to the Management Discussion and Analysis, this annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government. An additional part of the basic financial statements are the notes to the financial statements. This report contains required supplementary information and other supplementary information in addition to the basic financial statements.

REPORTING THE CITY AS A WHOLE

The Statement of Net Position and the Statement of Activities

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

One of the most important questions asked about the City's finances is, "Is the City of Sioux City in a better financial position at the end of this fiscal year, compared to last year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting, which is the method of accounting used by most private-sector companies. These two statements report the City's net position, which is calculated as assets plus deferred outflows minus liabilities and deferred inflows, as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Additional factors, such as changes in the City's property tax base and sales tax collections and condition of the City's infrastructure are also important in making this determination.

In the Statement of Net Position and the Statement of Activities, we have divided the City into two kinds of activities:

- **Governmental Activities** - Most of the City's basic services are reported here, such as Police, Fire, Public Works and Parks departments, and General Administration. Property taxes and state and federal grants finance most of these activities.
- **Business-Type Activities** - The City charges fees to customers to cover the cost of these services. Included here are the City Water, Sewer, Solid Waste, Airport, Skyway and Parking Funds.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by State law or by bond requirements. The City Council also establishes funds to control and manage money for particular purposes (such as construction projects) and to show that it is properly using certain revenues (such as Sales Tax Revenues). The City has the following types of funds:

- **Governmental Funds** - Most of the City's basic services are included in governmental funds, which focus on how money moves into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using the "modified accrual basis" of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general governmental operations and basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance City programs. We describe the relationship between governmental activities (reported in the Statement of Net Position and

the Statement of Activities) and governmental funds in a reconciliation following each Governmental Fund financial statement.

- **Proprietary funds** - When the City charges customers for the service it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The major difference between the proprietary funds report and the business-type activities reported in the government-wide statements is the detail and additional information, such as cash flows, provided in the proprietary funds report.

THE CITY AS TRUSTEE

Reporting the City's Fiduciary Responsibilities

Fiduciary funds are used to account for resources held for the benefit of parties outside the City government. The City is the trustee, or fiduciary, for the Woodbury County Information, Sioux City Housing Trust Fund, Sioux City Sports Commission, HomeServe, Siouxland Expo Center and Communications Commission funds which can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found behind the Fiduciary funds statements.

THE CITY AS A WHOLE

As stated earlier, net position may serve over time as a useful indicator of a government's financial position. The largest part of the City's net position reflects its investment in capital assets (land, buildings and improvements, and equipment); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following comparison chart shows the changes in net position for the years ended June 30, 2021, and 2020:

	Governmental Activities	
	2021	2020
Current and Other Assets	\$239,792,058	\$192,308,972
Capital Assets	454,617,548	447,196,178
Total Assets	694,409,606	639,505,150
OPEB Related Deferred Outflows	483,545	508,881
Pension Related Deferred Outflows	20,196,835	15,738,774
Total Deferred Outflows of Resources	20,680,380	16,247,655
Other Liabilities	34,396,574	18,363,039
Long-Term Liabilities Outstanding	233,198,001	209,365,273
Total Liabilities	267,594,575	227,728,312
Deferred Inflows – Property Taxes	60,048,179	57,638,208
Deferred Inflows – OPEB Related	1,085,121	1,211,903
Deferred Inflows – Pension Related	3,008,275	5,048,509
Total Deferred Inflows of Resources	64,141,575	63,898,620
Net Position:		
Net Investment in Capital Assets	329,647,949	331,227,875
Restricted	80,110,229	56,573,051
Unrestricted	(26,404,342)	(23,675,053)
Total Net Position	\$383,353,836	\$364,125,873

This summary reflects an increase in total net position of 5.28% for the governmental activities and an increase of 9.26% in the business-type activities.

The restricted portion of net position (13.53%) is subject to external restrictions on how these resources may be used.

The governmental activities total net position increased by \$18,563,575 during the current fiscal year which can be attributed to revenues outpacing expenses and capital outlays exceeding depreciation.

Business-Type Activities		Totals	
2021	2020	2021	2020
\$44,719,721	\$24,036,276	\$284,511,779	\$216,345,248

Program revenues totaled \$114,690,567 for fiscal year 2021. Governmental Activities provided \$45,396,684 and Business-Type Activities provided \$69,293,883. Revenue collected for Charges for Services during fiscal year 2021 was \$73,279,923 accounting for approximately 63.89% of the total program revenues.

Governmental charges for services decreased about \$7.7 million. Items contributing were a decrease of \$5.5 million in the Internal Service fund due to giving the departments allowances on insurance premium costs in the Comprehensive Insurance Fund. In the General Fund charges for service decreased by \$4.0 million due to the removal of the speed limit cameras on Interstate 29 construction site.

Governmental capital grants and contributions decreased about \$10.5 million. Public Works capital grants and contributions decreased \$7.9 million primarily due to receiving \$1.9 million less in IDOT grants, \$1.7 million less in RISE funds from the state of Iowa, \$2.2 million less in private contributions and \$.5 million less in grants from the US Department of Homeland Security. Culture and Recreation capital contributions decreased \$1.7 million primarily due to receiving \$1.5 million less in IDOT grants for the I-29 Trail Relocation Project. Community and Economic Development decreased \$.8 million due to receiving less contributions from the Missouri River Historical Development. In the Business-Type funds, Airport capital grants decreased \$5.2 million mainly due to receiving \$4.3 million less from the Federal Aviation Administration (FAA).

The following chart breaks down program revenues by source:

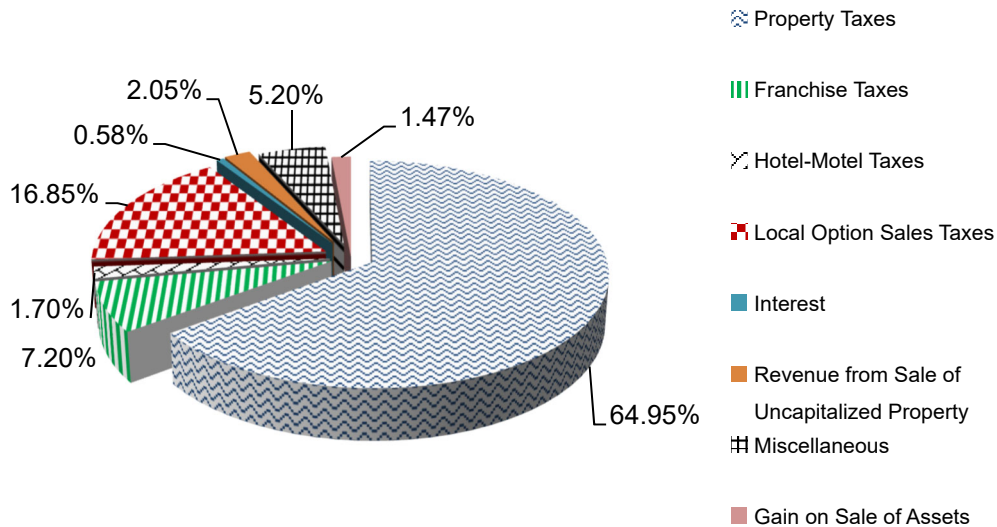

Program Revenues

General Revenues for fiscal year 2021 totaled \$91,915,827 which is \$8,910,914 more than fiscal year 2020. Governmental Activities provided \$91,454,050 and Business-Type Activities provided \$461,777. Property tax revenues for fiscal year 2021 totaled \$59,706,068, accounting for 64.96% of General Revenues. Property tax revenues were \$3,328,411 higher than fiscal year 2020. Franchise taxes increased \$912,926. Local Option Sales taxes increased \$2,574,196, while hotel and motel taxes decreased \$341,801.

The following chart breaks down General Revenues by source:

General Revenues

Expenses for fiscal year 2021 totaled \$170,314,476, a decrease of \$18,801,380 from fiscal year 2020. Expenses for Governmental Activities totaled \$116,502,779 accounting for 68.4% of total expenses. Business-Type Activity expenses totaled \$53,811,697 for 31.6% of the total.

Public Safety expenses decreased \$1.1 million primarily due to decreased expenses in the Capital Improvement fund for public safety projects. Public Works, Culture and Recreation and Community and Economic Development saw a decrease in expenses of about \$12.5 million due to the loan the City made to the Siouxland Expo Center of \$12.5 million for the construction of the building. The loan proceeds reduced capital expenditure costs the City incurred for the construction of the building. In addition, Community & Economic Development expenses decreased for the construction of the Siouxland Expo Center, construction was finalized in FY21.

The expenses are shown on the following page:

The following table shows the activities included within each program level:

Governmental Expenses

Business-Type Expenses

Program Level	Activity
Public Safety	Individual and Community Protection, Physical Health
Public Works	Public Service, Utilities, Transportation
Culture and Recreation	Education and Culture
Community and Economic Development	Housing and Community Development
General Government	Policy and Administration
Debt Service	Debt

Governmental Activities

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses and Changes in Fund Balance. Please note that the expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense) Revenue calculation. This format highlights the respective financial burden that each of the functions place on the taxpayers. For example, for Public Safety, the City spent \$49,925,706 and received \$4,499,940 in revenue thus leaving a cost to the taxpayer of \$45,425,766 to be funded by various methods. This format also identifies how much each function draws from general revenues or is self-financing through fees or grants. Some of the individual line item revenues reported for each function are:

Public Safety	Fines, COPS Grants, Block Grants
Community and Economic Development	HUD Grants, Building Permits, Licenses
General Government	Internal Service – Charges for Services

The total cost of governmental activities this year was \$116,502,779. Of these costs, \$14,197,847 was paid by those who directly benefited from the programs. Costs paid by other governments and organizations that subsidized certain programs with grants and contributions were \$31,198,837, leaving a Net Expense of \$71,106,095 for governmental activities. These expenses were covered with tax revenues, interest and other general revenues. The Statement of Activities in the financial section provides further detail. The Net (Expense) Revenue by governmental activity is shown in the following table:

<u>Functions/Programs</u> <u>Governmental Activities</u>	<u>Net (Expense) Revenue</u>	
	<u>FY21</u>	<u>FY20</u>
Public Safety	\$ (45,425,766)	\$ (44,378,712)
Public Works	2,626,492	5,799,388
Culture & Recreation	(10,784,869)	(12,888,236)
Community & Economic Development	(6,067,003)	(17,014,849)
General Government	(5,244,135)	2,388,262
Debt Service	(6,210,814)	(6,207,170)
Total Net (Expense) Revenue Government Activities	(71,106,095)	(72,301,317)
General Revenues & Transfers	89,669,670	82,218,087
Change in Net Position	<u>\$ 18,563,575</u>	<u>\$ 9,916,770</u>

Total resources available during the year to finance governmental operations were \$499,856,615, consisting of Net Position at July 1, 2020, of \$364,790,261, Program Revenues of \$45,396,684, General Revenues of \$91,454,050 and Transfers of \$ (1,784,380). Total Governmental Activities during the year expended \$116,502,779; thus, Net Position was increased by \$18,563,575 to \$383,353,836.

Business-Type Activities

Business-type activities increased the City's net position by \$17,728,343.

The cost of all Proprietary activities this year was \$53,811,697. As shown in the Statement of Activities, the amounts paid by users of the systems was \$59,082,076, and \$10,211,807 was funded from grants and contributions, resulting in total net gain for business-type activities of \$15,482,186. As discussed in the revenue section, Airport capital grants increased \$5,228,329, while operating grants increased \$2,742,544 from the Federal Aviation Administration (FAA) for airport capital improvements and operations.

The Net (Expense) Revenue by Business-Type Activity is shown in the following table:

<u>Business-Type Activities</u>	<u>Net (Expense) Revenue</u>	
	<u>FY21</u>	<u>FY20</u>
Airport System	\$ 5,073,065	\$ 9,702,116
Water System	4,180,657	2,840,961
Sewer System	6,629,250	2,204,922
Solid Waste System	(124,327)	(23,686)
Parking	(185,892)	(519,944)
Skyway System	(90,567)	(77,140)
Total Net (Expense) Revenue Business-Type Activities	15,482,186	14,127,229
General Revenues & Transfers	2,246,157	786,826
Change in Net Position	\$ 17,728,343	\$ 14,914,055

Total resources available during the year to finance Proprietary Fund activities were \$262,967,837 consisting of Net Position at July 1, 2020, of \$191,427,797, program revenues of \$69,293,883 General Revenues of \$461,777 and transfers of \$1,784,380. Total Proprietary Fund Activities during the year expended \$53,811,697, thus Net Position was increased by \$17,728,343 to \$209,156,140.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Fund balances that are not categorized as non-spendable, restricted, or committed may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year. The City's governmental funds reported combined ending fund balances of \$122,913,512 a total increase of \$33,143,540 from the prior year.

The General Fund is the primary operating fund of the City. The fund balance of \$14,884,453 is approximately 25.01% of expenditures, which is at the upper end of the City's goal of a fund balance between 12% and 20% of expenditures. During the year, revenues and transfers in exceeded expenditures and transfers out in the general fund by \$2,137,193, a decrease of \$116,362 from fiscal year 2020. Tax revenues increased \$5,575,519 due to less collections. Regulatory fees decreased \$4.0 million due to a decrease from ticket revenue from the Redflex Speed cameras located along Interstate 29.

The Debt Service Fund is used to account for and report the accumulation of financial resources that are restricted, committed, or assigned for the payment of general long-term debt principal, interest and related costs. The fiscal year 2021 fund balance increased \$9,943,583. Tax revenues increased \$3.2 million due to an increase in the debt service fund property tax levy. All the fund balance is restricted for debt service.

The Capital Improvements Fund accounts for and reports all financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities, excluding those financed by Proprietary Funds and Fiduciary Funds. Intergovernmental revenue decreased \$6.0 million primarily due to receiving \$1.9 million less in IDOT grants for projects that include the I-29 Trail Relocation, Milwaukee Railroad Rehab, Morningside Avenue reconstruction, and Bridgeport West improvements, among others. The City also received \$1.7 million less in RISE funds from the state of Iowa for the Bridgeport West improvements. Private contributions decreased \$3.9 million for the 3rd & Pearl Street Parking Lot from Hard Rock, the Riverfront Trail Relocation and for the Bridgeport West improvements. Additionally, the city received \$.5 million less in grants from the US Department of Homeland Security for equipment. Capital expenditures decreased \$31.7 million, while debt proceeds decreased \$.1 million, both due to the timing of construction and development projects in which funds are borrowed in one fiscal year and spent in another fiscal year.

The Enterprise Funds, which account for operations that are similar to a private business, had a net position increase of \$17,728,343 in fiscal year 2021. The funds with the largest net position increases were the Airport Fund, Water Fund and Sewer Fund. In the Sewer Fund charges for service increased because of an increase in rates and Intergovernmental Revenue increased \$1.5 million because the city received state grant funds for the I-29 Reconstruction project. Solid Waste Charges for Service increased \$.2 million due to increased rates. Airport capital grants decreased \$5.2 million due to receiving less grant funds from the Federal Aviation Administration (FAA), while operating grants increased \$1.2 million for CARES Act funds. Interest income decreased in the Water, Sewer, and Airport fund due to lower investment returns.

GENERAL FUND BUDGETARY HIGHLIGHTS

Comparing the fiscal year 2021 original (adopted) General Fund amount of \$73,389,301, to the final budget amount of \$92,581,827, shows a net increase of \$19,192,526.

<u>Original Budget</u>	<u>Encumbrances</u>	<u>Beginning Balance</u>	<u>Supplemental Changes</u>	<u>Final Budget</u>
\$73,389,301	\$452,836	\$73,842,137	\$18,739,690	\$92,581,827

The following table shows the General Fund budget variances by program structure:

	<u>Amended Budget</u>	<u>Actual</u>	<u>Variance Over (Under) Amended Budget</u>
<u>EXPENDITURES</u>			
Public Safety	\$ 48,094,203	\$ 43,574,776	\$ (4,519,427)
Public Works	2,673,200	1,472,520	(1,200,680)
Culture & Recreation	13,402,786	9,620,096	(3,782,690)
Community & Economic Development	2,113,718	1,091,564	(1,022,154)
General Government	9,393,245	3,747,899	(5,645,346)
	<u>75,677,152</u>	<u>59,506,855</u>	<u>(16,170,297)</u>
Transfers Out	16,904,675	9,125,682	(7,778,993)
Total Expenditures	<u>\$ 92,581,827</u>	<u>\$ 68,632,537</u>	<u>\$ (23,949,290)</u>

The City complied with statutory requirements and did not exceed the budget by program structure.

In fiscal year 2021, appropriations increased \$18.7 million between the original budget and the final amended budget. Public Safety increased \$5.8 million, Public Works increased \$.6 million, Culture and Recreation increased \$2.7 million, Community and Economic Development increased \$1.0 million, and General Government increased \$1.1 million all due to additional grants received during the fiscal year and due to accrual and year-end budget adjustments.

CAPITAL ASSETS

The City's investment in capital assets, including land, building and improvements, equipment, streets, sewer systems, lighting systems, traffic signals and other infrastructure represents the value of the resources utilized to provide services to our citizens. The investment in capital assets as of June 30, 2021 was \$511,985,513 (net of accumulated depreciation and outstanding financings). This is a decrease of \$6,509,651 (1%) from fiscal year 2020. The gross additions to capital assets for fiscal years 2021 and 2020 are as follows:

	General Governmental Activities		Business-Type Activities	
	2021	2020	2021	2020
Land	\$ 25,001	\$ 25,064	\$ ---	\$ ---
Infrastructure	38,916,814	11,974,815	---	---
Buildings	1,538,539	19,330,735	172,023	---
Improvements-Other than Buildings	4,401,660	1,218,337	18,114,004	3,252,545
Equipment	5,006,427	4,044,861	269,067	---
Construction in Progress	<u>23,486,712</u>	<u>33,130,550</u>	<u>18,381,897</u>	<u>35,826,945</u>
Total Gross Additions	<u>\$ 73,375,153</u>	<u>\$ 69,724,362</u>	<u>\$ 36,936,991</u>	<u>\$ 39,079,490</u>

	Totals	
	2021	2020
Land	\$ 25,001	\$ 25,064
Infrastructure	38,916,814	11,974,815
Buildings	1,710,562	19,330,735
Improvements-Other than Buildings	22,515,664	4,470,882
Equipment	5,275,494	4,044,861
Construction in Progress	<u>41,868,609</u>	<u>68,957,495</u>
Total Gross Additions	<u>\$ 110,312,144</u>	<u>\$ 108,803,852</u>

The majority of the expenditures for capital outlays were incurred by the Capital Improvements Fund. Infrastructure was the major capital outlay for Governmental Activities in fiscal year 2021 and included: Bridgeport West Improvements, W 7th Street reconstruction, Military Road street and bridge reconstruction and annual resurfacing projects around the City. The major expenditures related to Improvements-Other than Buildings include the Lewis & Clark Field parking lot renovation. New equipment includes a new Fire Truck, various emergency medical equipment, police interceptors, city work trucks and heavy construction equipment. Major construction in progress included Riverfront Recreational upgrades, Lewis & Clark Field Facility upgrades, Hunt Elementary Paving Improvements, Glenn Avenue reconstruction, Annual Resurfacing project and various street reconstruction projects.

For Business-Type Activities, construction in progress included major water and sewer main relocation for Interstate 29 reconstruction, Waste Water Treatment Plant asset renewal and modifications, Grandview Tank replacement, and improvements to Taxiway C and Runway 17/35 reconstruction at the Airport.

See Note 4 to the financial statements for more information on the City's capital assets.

DEBT ADMINISTRATION

At year end, the City had \$308,686,342 of debt outstanding. This is an increase of \$24,908,913 from the prior year. Of this amount \$145,047,634 is to be paid from tax sources (primarily local option sales tax, general taxes and Tax Increment Funds) and \$163,638,708 is to be repaid from the City's Municipal Enterprises.

Debt administration is conservative since almost all City general obligation debt is to be repaid within the next 10 years. This rapid repayment when combined with the use of Tax Increment Financing and Local Option Sales Tax Revenue has allowed the City to maintain our AA bond rating. This rating is the second highest possible rating and reflects well on our community.

Major projects for fiscal year 2022 include: complete reconstruction which includes underground utilities, asphalt resurfacing, curb and gutter improvements, median enhancements, street lighting and traffic control.

The City continues to operate well under State debt capacity limitations. The State limits the amount of General Obligation Debt outstanding to 5% of the assessed value of all taxable property in the community. The City's debt capacity is \$265,684,709. With outstanding general obligation debt applicable to this limit of \$144,833,000, the City is utilizing 50.57% of this limit. More detailed information on debt administration is provided in Note 6 of the financial statements.

ECONOMIC FACTORS

A number of major initiatives and business expansions had a positive impact on the Siouxland economy in fiscal year 2021, bringing new jobs, economic stimulation, and an increased property tax base. Oracle Aviation announced its commitment to establish an Aviation Center at Sioux Gateway Airport and will offer an academy in partnership with Morningside University for professional pilot training and other in-demand aspects of the aviation industry. As part of the project, the City successfully applied for a \$1 million U.S. Economic Development Administration grant to assist with construction of the planned new hangar facility. In addition, the City of Sioux City saw record breaking residential housing construction in 2021 with more than 500 new housing units added, including 107 single-family and 400 multi-family units.

An indicator of local economic activity often used by the City is the amount of sales tax collected. In fiscal year 2021, the amount collected was \$15.48 million. This is a \$2.57 million increase over fiscal year 2020, or 19.9%.

The property value of residential and commercial building permits issued is another good sign of economic stimulation in Sioux City. The number of permits went up 29 to 2,795.

Assessed 2021 property values increased to \$5.31 billion, or 13.51%, from \$4.68 billion in 2020. Taxable Per capita income increased to \$26,982 in 2021, an increase of 3.18% from \$26,151 in 2020.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact the City Finance Department at 712-279-6207.

CITY OF SIOUX CITY, IOWA
RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION
GOVERNMENTAL FUNDS
JUNE 30, 2021

EXHIBIT 3A

Amounts reported for governmental activities in the Statement of Net Position are different because:

Total Fund Balances - Governmental Funds (Exhibit 3)		\$ 122,913,512
<p>Infrastructure, property and equipment used in governmental activities are not financial resources and therefore, are not reported in the funds. Those assets consist of:</p>		
Land	47,137,697	
Construction in Progress	30,361,994	
Infrastructure, net of \$114,622,107 accumulated depreciation	237,295,667	
Buildings, net of \$57,549,325 accumulated depreciation	89,390,037	
Buildings under Capital Lease, net of \$6,347,612 accumulated depreciation	1,327,388	
Improvements other than Buildings, net of \$41,426,606 accumulated depreciation	28,523,219	
Equipment, net of \$22,029,952 accumulated depreciation	<u>3,218,170</u>	
Total Capital Assets		437,254,172
<p>Internal Service funds (See Exhibit 5) are used by management to fund and maintain the City's insurance policies provided to user departments and for the maintenance, repair and replacement of the City's fleet and are included in the Statement of Net Position.</p>		
		23,109,363
<p>Unavailable Revenues that provide current financial resources for governmental activities.</p>		
		858,835
<p>Pension related deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, are not due and payable in the current year and, therefore, are not reported in the governmental funds.</p>		
		16,848,865
<p>Accrued interest expense from the balance sheet that requires current financial resources for governmental activities.</p>		
		(268,458)
<p>Bond discounts and premiums are reported in the governmental activities but are not reported in the funds as they do not provide current economic resources.</p>		
Bond Discount	81,518	
Bond Premium	<u>(4,028,400)</u>	
Total Bond Discounts and Premiums (See Note 6)		(3,946,882)
<p>Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.</p>		
General Obligation Bonds	(140,575,687)	
Compensated Absences	(4,458,810)	
Net Pension Liability	<u>(68,381,074)</u>	
Total Long-term Liabilities (See Note 6)		<u>(213,415,571)</u>
Total Net Position - Governmental Activities (Exhibit 1)		<u>\$ 383,353,836</u>

CITY OF SIOUX CITY, IOWA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE YEAR ENDED JUNE 30, 2021

EXHIBIT 4A

Amounts reported for governmental activities in the Statement of Activities are different because:

Net Change in Fund Balances - Governmental Funds (Exhibit 4)		\$ 32,479,152
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$23,568,431) exceeded depreciation (\$16,724,392) in the current period.		6,844,039
Governmental funds report the proceeds from the sale of capital assets as revenue whereas the statement of activities reports the gain or (loss) on the disposal of capital assets. This is the effect on the change in net position on the statement of activities.		(36,055)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(1,076,990)
Accrued interest expense that does not require current financial resources.		22,740
Long-term accrual of compensated absences is not reported in the governmental funds as it does not consume current financial resources. The net change in the long-term compensated absences for the year was:		(508,139)
Pension expenses reported in the Statement of Activities do not require the use of current financial resources.		(11,707,362)
The current year City employer share of IPERS and MFPRSI contributions are reported as expenditures in the governmental funds, but reported as a deferred outflow of resources in the Statement of Net Position		7,442,528
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Additionally, governmental funds report the effect of premiums, discounts and similar items when new debt is issued, whereas these amounts are deferred and amortized in the Statement of Activities.		
Debt Issued:		
General Obligation Bonds	(32,584,045)	
Refunding Bonds	(16,201,504)	
Bond Premium	(2,232,409)	
Repayments:		
General Obligation Bonds	21,802,835	
Refunding Bonds	17,024,057	
Bond Charges	484,436	
Net Adjustment (See Note 6)	(11,706,630)	(11,706,630)
Internal Service funds (See Exhibit 6) are used by the City to fund and maintain the City's insurance policies provided to user departments and for the maintenance, repair and replacement of the City's equipment and are included in the Statement of Net Position. The net expense of the Internal Service funds is reported with governmental activities.		(3,189,708)
Changes in Net Position - Governmental Activities (Exhibit 2)		\$ 18,563,575

The notes to the financial statements are an integral part of this statement.

SI^oUXTM
CITY

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Summary of Significant Accounting Policies

A. Reporting Entity

The City of Sioux City, Iowa, was incorporated May 5, 1855, under the laws of the State of Iowa, later amended by the Home Rule City Act. The City operates under the Council-Manager form of government and provides the following program services as authorized by its charter: Public Safety, Public Works, Culture and Recreation, Community and Economic Development, and General Government. These program services are administered by departments, agencies and various boards.

These financial statements have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) that apply to governmental units. All funds created under the authority of the State Code of Iowa, the operations of which are under the control of the City's governing body, and by financial reporting standards for governmental units are included herewith.

The Governmental Accounting Standards Board (GASB) is responsible for establishing U.S. GAAP for state and local government through its pronouncements (Statements and Interpretations). The more significant accounting policies established in U.S. GAAP and used by the City are discussed below.

The City of Sioux City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization, or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present City of Sioux City (the primary government) and its component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationship with the City.

Discretely Presented Component Unit:

The Siouxland Expo Center (Authority) was established in 2018 to promote Sioux City as a premier destination for agricultural conventions, expositions, and demonstrations as well as youth sporting events and tournaments. The Authority is governed by an eleven-member board appointed by its own board members. The City annually provides operating subsidies to the Authority. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Authority meets the definition of a component unit which should be discretely presented. The Siouxland Expo Center has a fiscal year end of December 31.

The City participates in jointly governed organizations for which the City is not financially accountable or that the nature and significance of the relationship with the City are such that exclusion does not cause the City's financial statements to be misleading or incomplete. The City is a member of the County Assessor's Conference Board and the City Assessor's Conference Board.

B. Basic Financial Statements - Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds) as well as any component units. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general, special revenue, debt service, capital projects, and permanent funds are classified as governmental activities. The City's internal service funds are classified as governmental-type activities. The government-wide financial statements do not include fiduciary funds.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual,

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The City first uses restricted resources to finance qualifying activities.

The Government-wide Statement of Activities reports both the gross and net cost of each of the City's functions (Public Safety, Public Works, Culture and Recreation, Community and Economic Development, General Government, and Debt Service), and business-type activities. These expenses are supported by related program revenues, operating grants, and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The City does not allocate indirect costs. Certain expenses of the City are accounted for through the internal service fund on a cost-reimbursement basis.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

C. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues or receipts, and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB No. 34 sets forth minimum criteria for the determination of major funds, which should have a specific community focus. The nonmajor funds are combined into a single column in the fund financial statements. The various funds reported in the financial statements are grouped into fund types as follows:

Governmental Fund Types - The governmental fund financial statements are reported using the current financial resources measurement focus. This means that the focus of the governmental funds' measurement is upon the determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

General Fund - The General Fund is the general operating fund of the City. It is used to account for and report all financial resources, except those required to be accounted for and reported in another fund. The sources of revenue include property taxes, charges for services, fines and fees, licenses and permits, as well as state and federal grants. The expenditures of the General Fund relate to general administration, police and fire protection, maintenance of public streets, economic development, and culture and recreation. The General Fund is a major fund.

Special Revenue Funds - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Special Revenue Funds for Sioux City include: Other Employee Benefits, Storm Water Drainage, Road Use, Community Development, Housing, Main Street, Local Option Sales Tax, Events Facilities, and Transit Operations. Two of the Special Revenue Funds are considered major funds: the Other Employee Benefits Fund is used to account for the City's employee benefits tax levy and the Local Option Sales Tax Fund is used to account for the City's 1% local option sales tax. Both are funded by the tax revenues of the same name.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

Debt Service Fund - The Debt Service Fund is used to account for and report the accumulation of financial resources that are restricted, committed, or assigned for, and the payment of, general long-term debt principal, interest, and related costs. The Debt Service Fund is a major fund.

Capital Improvements Fund - Capital Improvements Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets (other than those financed by Proprietary Funds and Fiduciary Funds). The Capital Improvements Fund is a major fund.

Permanent Fund - The Permanent Fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal may be used for the care and maintenance of assets held by the City, pursuant to the cemetery trust agreement in which the City cares for its cemeteries.

Proprietary Fund Types - The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. Operating revenues and expenses are distinguished from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations, whereas non-operating revenue and expenses result from activities outside the normal business operations. The principal operating revenues of enterprise funds are charges to customers for services. Operating expenses consist of cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The U.S. Generally Accepted Accounting Principles used are those applicable to similar businesses in the private sector.

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis should be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City maintains several business-type activities. The funds reported as enterprise funds are listed below.

Airport Fund - The Airport Fund accounts for the operation and maintenance of the City's airport facility. The Airport Fund is a major fund.

Water Fund - The Water Fund accounts for the operation and maintenance of the City's water system. The Water Fund is a major fund.

Sewer Fund - The Sewer Fund accounts for the operation and maintenance of the City's sewer system. The Sewer Fund is a major fund.

Solid Waste Fund - The Solid Waste Fund accounts for the operation and maintenance of the City's solid waste facilities. The Solid Waste Fund is a major fund.

Parking Fund - The Parking Fund accounts for the operations of the City-owned parking ramps and other parking facilities.

Skyway System Fund - The Skyway System accounts for the maintenance and security of the skyway system.

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-recovery basis.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

The City's internal service funds are presented in the proprietary fund financial statements. Because the principal users of the internal services are the City's governmental activities, the financial statements of the internal service fund are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

Central Maintenance Garage Fund - The Central Maintenance Garage Fund accounts for maintenance and repair services for the City's automotive equipment and acquisition of replacement vehicles.

Comprehensive Insurance Fund - The Comprehensive Insurance Fund accounts for the funding and maintenance of the City's insurance policies provided to user departments.

Fiduciary Fund Types - Fiduciary funds are used to report assets held in a trust or custodial capacity for others and therefore, are not available to support City programs. Since custodial funds are custodial in nature, they do not involve the measurement of results of operations and are not incorporated into the government-wide financial statements.

Sioux City Housing Trust Fund - This fund accounts for the activity of the Sioux City Housing Trust Fund.

Revolving Fund - This fund accounts for refunds to City customers.

WCICC Fund - This fund accounts for the activity of the Woodbury County Information and Communication Commission (WCICC).

Sioux City Sports Commission Fund - This fund accounts for the activity of the Sioux City Sports Commission.

Utility Service Line Fund - This fund accounts for the activity related to utility line service protection plan payments collected from City customers on behalf of an outside service plan provider, currently, HomeServe USA.

Siouxland Expo Center Fund - This fund accounts for the activity of the Siouxland Expo Center Fund.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual basis of accounting is used for all activities in the government-wide financial statements and for the proprietary and fiduciary activities in the fund financial statements. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows.

Modified accrual basis of accounting is used by all governmental funds in the fund financial statements. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year-end. A 60-day availability period is typically used for revenue recognition for all other governmental fund revenues. One exception is reimbursement driven grants, which are periodically recognized beyond 60 days after year-end to match revenues with expenditures.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

Expenditures are recorded when the related fund liability is incurred. An exception to this general rule is that principal and interest on general obligation debt, if any, is recognized when due.

Those revenues susceptible to accrual are property taxes, assessments, and intergovernmental revenues. Licenses, fines and permits are not susceptible to accrual because generally they are not measurable until received in cash.

E. Budgets

Chapter 384, Section 16, of the State Code of Iowa, requires the adoption of an annual budget on or before March 31 of each year, which becomes effective July 1 and constitutes the appropriation for each program specified therein until amended. The City budget may be amended for specified level purposes and budget amendments must be prepared and adopted in the same manner as the original budget. Appropriations, as adopted and amended, lapse at the end of the fiscal year, with the exception of Capital Improvement Projects and encumbrances. Encumbrances outstanding at year-end are reported as commitments of fund balances since they do not constitute expenditures or liabilities.

Annual budgets are adopted on a basis consistent with U.S. generally accepted accounting principles for all governmental funds. The City's budget is prepared on the modified accrual basis of accounting. The legal level of control (the level on which expenditures may not legally exceed appropriations) is the program level for all funds combined rather than at the individual fund level. This level of control is at a level higher than the individual fund. It is necessary, therefore, to aggregate the expenditures of governmental fund types with expenses of proprietary fund types on a program level basis and to compare such program totals to program budgeted totals in order to demonstrate legal compliance with budget. Legal budget compliance for cities in the State of Iowa is applied only to expenditures. During the fiscal year ended June 30, 2021, disbursements exceeded the amount budgeted in the debt service function.

F. Cash, Cash Equivalents, and Investments

Cash and cash equivalents include not only currency on hand, but also demand deposits with banks or other financial institutions. Cash also includes deposits in the cash management pool, which has the general characteristics of a demand deposit account.

Iowa Code, Chapter 452.10, Custody of Public Funds, allows the City Treasurer to invest public funds not needed for operations. Chapter 97B.7, Trustees duties, indicates that the City Treasurer shall exercise the judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs. Common, preferred, and guaranteed stock is an exception for the investment of public funds.

For purposes of the Statement of Cash Flows, the City considers investments with maturities of three months or less when purchased to be cash equivalents.

G. Accounts Receivable

Accounts receivable result primarily from miscellaneous services provided to citizens in the General Fund, Capital Projects Fund, and other non-major governmental funds. Accounts receivable in the proprietary funds result from providing services specific to the operations of the fund. Special assessment receivables are reported net of allowances for doubtful accounts of \$24,726 in the General Fund, \$4,560 in the Storm Water Drainage Fund, \$403 in the Debt Service Fund, \$25,317 in the Skyway Operations Fund \$2,565 in the Water Fund, \$760 in the Sewer Fund, and \$1,615 in the Solid Waste Fund.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

H. Short-Term Interfund Receivables/Payables

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets, and service debt. To the extent that certain transactions between funds have not been paid or received as of June 30, 2021, balances of interfund amounts payable or receivable have been recorded as "due to other funds" and "due from other funds", respectively. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as interfund balances.

I. Notes Receivables/Payables From Other Funds

Noncurrent portions of long-term interfund loans are reported as notes receivable/payable in the government-wide financial statements and as "advances from other funds" and "advances to other funds" in the fund level financial statements.

J. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental and proprietary fund type inventories are recorded as expenditures when consumed rather than when purchased.

K. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items. The costs of governmental and proprietary fund type prepaid items are recorded as expenditures when consumed rather than when purchased.

L. Restricted Assets

Revenue bond ordinances require the City to reserve certain cash and investments to provide for payment of bonds and interest, for protection of bondholders, and for extension and improvement of facilities.

M. Capital Assets

Assets with an initial individual cost of \$10,000 or more are considered capital assets. Property and equipment are valued at historical cost or estimated historical cost if actual historical cost is not available.

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at their acquisition value. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Infrastructure has been capitalized using historical or estimated historical cost beginning in 1980, as required by GASB 34. Depreciation on all assets is provided on the straight-line basis over the following estimated lives:

Buildings & Structures.....	39 - 50 Years
Machinery & Equipment.....	3 - 10 Years
Infrastructure	15 - 70 Years

N. Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and pension contributions from the City after the measurement date but before

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

the end of the City's reporting period, and the unamortized portion of the net difference between projected and actual earning on pension plan investments.

O. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when the employees separate from service, with the exception of employees of the Transit System. All Transit System employees who are covered by the Amalgamated Transit Union receive, upon retirement or death, a sick leave benefit of up to 120 days of paid sick leave.

P. Long-Term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt is reported as a liability in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond/note premiums and discounts are deferred and amortized over the life of the bonds/notes using the effective interest method.

In the fund financial statements, governmental fund types recognize bond/note premiums and discounts as well as issuance costs during the current period. The face amount of the debt issued is reported as other financial sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

Q. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System and the Municipal Fire and Police Retirement System (Systems'), and additions to/deductions from the Systems' fiduciary net position, have been determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Deferred Inflows of Resources

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year.

Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of property tax, special assessments, and loan receivables. These amounts are considered unavailable and recognized as an inflow of resources in the period that the amounts become available.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivables that will not be recognized until the year for which it is levied and Other Post-Employment Benefits (OPEB) related changes of assumption or other inputs.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 (Continued)

S. Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds. The portion of the debt related to unspent proceeds is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

T. Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services provided and used transactions and reimbursements, are reported as transfers.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

U. Fund Balance

Nonspendable Fund Balance - Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance - Amounts that can be spent only for specific purposes because of constraints imposed by external providers or imposed by constitutional provisions or enabling legislation.

Committed Fund Balance - Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through resolution, unless the City Council removes or changes the specified use by taking the same type of action used to commit the amounts.

Assigned Fund Balance - Amounts that are constrained by the City's intent to use them for a specific purpose. It is the City's policy that the authority to assign fund balance has been delegated by the City Council to the City Manager.

Unassigned Fund Balance - Amounts that are available for any purpose. Positive unassigned amounts can be reported only in the City's General fund, while negative amounts may be reported in other governmental funds.

V. Classifying Fund Balance Amounts

Fund balance amounts represent the nature of the net resources that are reported in a governmental fund. The City fund balance classifications include non-spendable resources, restricted, and non-restricted (committed, assigned and unassigned) amounts. When the City incurs an expenditure and both restricted and unrestricted amounts are available, the City considers restricted amounts to have been spent. When the City incurs an expenditure for an unrestricted amount, committed amounts are reduced first, followed by assigned amounts and then unassigned amounts for purposes in which any of those unrestricted fund balance classifications could be used.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 1 (Continued)

W. General Fund Balance Policy

The City budgets sufficient General Fund revenues to finance current year expenditures. Due to the volatility of some of the major revenue sources, the minimum unrestricted General Fund balance as a percentage of actual expenditures will be no less than 12%. To avoid a balance in excess of the level deemed sufficient for prudent fiscal management, a maximum unrestricted General Fund balance, as a percentage of actual expenditures will be no more than 20%. If the General Fund balance falls outside of the above parameters, budgeted revenues will be either greater or less than budgeted expenditures in subsequent years to bring the General Fund balance into compliance with this policy.

X. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 2 - Deposits and Investments

State statutes authorize the City to invest in "notes, certificates, bonds, prime eligible bankers acceptances, commercial paper rated within the two highest classifications of prime as established by at least one of the standard rating services approved by the Superintendent of Banking pursuant to Chapter 17A, perfected repurchase agreements, or other evidences of indebtedness which are obligations of or guaranteed by the United States of America or any of its agencies, or in time deposits in depositories as provided in Chapter 12B and receive the time certificates of deposit for the funds, certain registered open-end management investment companies, certain joint investment trusts or in savings accounts in depositories, or in warrants or improvement certificates of drainage districts." Additionally, as required by statute, the City Council has implemented an investment policy for the City. This policy does not specifically limit those authorized by statute, but does express the Council's preferences as to maturities, trading and location of financial institutions invested in. Investments during the year have not varied from these statutes and were consistent with those held by the City at year-end.

Deposits

The City's deposits at June 30, 2021, were entirely covered by Federal depository insurance, collateralized with securities or letters of credit held by the City or the City's agent in the City's name, or by a multiple financial institution collateral pool in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds. The City's bank deposits, per banks, at June 30, 2021, were \$120,846,499. These deposits have a book balance of \$121,092,363.

Investments

Investments are shown at fair value, except those that have a remaining maturity at the time of purchase of one year or less are shown at amortized costs. Presented below are the ratings, where applicable, by investment type as of June 30, 2021.

Investments	Carrying Amount	Moody's Rating 6/30/2021
U.S. Treasury Strips	\$19,091,554	N/A
Commercial Paper	9,984,721	P-1
U.S. Agencies	9,818,918	Aaa
IPAIT	5,150,386	N/A
Repurchase Agreements	6,000,000	N/A
	\$50,045,579	

The City uses the fair value hierarchy established by Generally Accepted Accounting Principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

The recurring fair value measurement for the U.S. Treasury Strips of \$19,091,554, the Commercial Paper of \$9,984,721, and the U.S. Agencies of \$9,818,918 were all determined using the last reported sales price at current exchange rates (Level 1 inputs).

On June 30, 2021, the City held repurchase agreement investments of \$6,000,000 of which the underlying securities are held by the investments' counterparty, not in the name of the City, are reported at amortized cost.

In addition, the City had investments in the Iowa Public Agency Investment Trust (IPAIT) which are valued at an amortized cost of \$5,150,386. There were no limitations or restrictions on withdrawals for the IPAIT investments. The City's investment in IPAIT is unrated.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 2 (Continued)

The City had no other investments meeting the disclosure requirements of Governmental Accounting Standards Boards Statement No. 72.

Interest rate risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. In accordance with the City's investment policy, the City minimizes the fair value risk of investments in the portfolio by structuring its investment portfolio so that securities mature to meet cash requirements for operations, thereby avoiding the need to sell securities in the open market prior to maturity.

The City employs a laddered maturity approach to its investments. Within 12 months, \$54,960,410 of the fair value will mature.

Credit risk. State law limits investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. It is the City's policy to comply with rating restrictions.

Concentration of credit risk. The City's investment policy does not allow for an investment in any one issuer that is in excess of 5% of the City's total investments.

Custodial credit risk - deposits. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The 2005 Iowa Code Chapter 12C Deposit of Public Funds requires that any bank accepting deposits of public funds to fully collateralize those deposits with the State Treasurer.

Custodial risk - investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of the City's investments at June 30, 2021, the City has limited custodial credit risk exposure because all investments of the City must be held for the credit of the City in compliance with Iowa Code Chapter 12B. The counterparty must keep the securities in an account separate and apart from its own.

Cash and investments

The City pools the resources of each individual fund's available cash in order to obtain higher rates of return than could be if the funds were invested individually. The interest earned on the cash and investments is allocated to selected funds, as determined by the Finance Director and the City Treasurer, in accordance with the City's investment policy, based on the ratio of each fund's participation in the pool. The cash and investments at June 30, 2021, consisted of the following:

Reconciliation to Exhibit 1:	Carrying Amount
Investments	\$ 50,045,579
Bank Deposits	121,092,363
Cash on hand, petty cash and other cash items	13,450
Total Cash and investments	<u>\$ 171,151,392</u>
Cash and investments – Exhibit 1	\$169,466,524

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 3 (Continued)

All property subject to taxation is valued by the City Assessor, in compliance with State law, every two years subject to equalization action of the State Director of Revenue and further adjustment to restrict growth of taxable valuations to an annual limit of three percent statewide.

Taxes are billed and collected for the City of Sioux City by the Woodbury County Treasurer and are levied and due on July 1 of each year. Property taxes attach as an enforceable lien on March 15. The first installment becomes delinquent the following October 1, and the second installment becomes delinquent April 1 of the following calendar year. Property tax revenues are recognized when they become available. Available means when due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Such time thereafter shall not exceed 60 days. The maximum rate for the General Fund is \$8.10 per thousand dollars assessed valuation. General Obligation Bonds or Notes issued are payable from taxes levied in the Debt Service Fund without limitation as to rate or amount. The City has been at the \$8.10 General Fund limit for the past thirty-nine years.

The City has other notes receivable totaling \$169,044 at June 30, 2021, from rehabilitation loans made from the Community Development Funds. In connection with the Home Program funded by the U.S. Department of Housing and Urban Development, the Community Development Fund had notes receivable outstanding of \$4,474,775 from fifteen local businesses.

During fiscal year 2011 the City executed an amendment to an agreement with Warfield Building, LLC in relation to a parking licensing agreement for property located at Third and Jones Street. The agreement calls for \$300,000 to be repaid with annual payments of \$25,000 beginning in January 2012. The balance outstanding in the Debt Service Fund at June 30, 2021 was \$81,250.

During fiscal year 2018, the City executed a Management Agreement with Kinseth Hospitality Company, Inc., to operate the Convention Center. Per the agreement, the City advanced \$100,000 to maintain base level balances in the operating bank accounts. Kinseth Hospitality Company, Inc., is obligated to repay this advance upon termination, cancellation or expiration of this agreement. During fiscal year 2018, the City executed a Management Agreement with Comcast Spectacor to operate the Tyson Events Center and the Orpheum Theatre. Per the agreement, the City advanced \$340,000 to maintain base level balances in the operating bank accounts. Comcast Spectacor is obligated to repay this advance upon termination, cancellation or expiration of this agreement. The combined outstanding balance of these notes at June 30, 2021 was \$440,000.

During fiscal year 2021, the City entered into an agreement with Motor Mart, LLC for the development of the property located at 520 Nebraska Street. The city loaned Motor Mart, LLC \$400,000 payable in ten years. The loan carries a 4.5% interest and the balance of \$397,354 as of June 30, 2021 sits in the Community Development Fund.

During fiscal year 2021, the city entered into an agreement with the Transportation Security Administration (TSA). The City loaned TSA \$40,340 for the annual airport capital project. The loan carries a 3% interest rate and the balance of \$33,917 as of June 30, 2021 is in the Airport Fund.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 3 (Continued)

The City has eighteen loans in the Capital Improvements Fund.

- The City loaned \$120,000 to the Castle on the Hill in December 2003. The purpose of the loan was for the development of affordable housing in the City. The loan carries an interest rate of 1% for a term of 30 years with payments beginning in December 2013. It has a balance that includes capitalized interest as of June 30, 2021, of \$119,398.
- The City loaned \$413,891 to Green Valley Floyd Golf Corporation in July 2015 for the installation of a new underground electric service. The loan carries an interest rate of 3.5% for a term of 5 years with payments beginning in July 2016 with balloon payment due at maturity with option of two 5 year extensions. In fiscal year 2021 the first 5 year extension was executed. It has a balance of \$304,711 as of June 30, 2021.
- In fiscal year 2017, the City received a Franchise fee settlement totaling almost \$800,000, which was loaned to private property owners and developers to improve and preserve neighborhoods and housing stock in Sioux City. The City is entitled to all of the funds that are paid back on the loans. These funds can be loaned to other private property owners and developers to preserve and improve primarily single family properties. All loans are secured by mortgages on the related real estate with an interest rate of 2% for a term of 10 years with monthly payments. These loans have a balance of \$70,433 as of June 30, 2021. In fiscal year 2020 the mortgages on these loans were released and converted into a 5 year forgivable loan.
- In fiscal year 2018, the City loaned \$350,000 to Lamb Arts, Ltd., to historically renovate a property into a performing arts center. The loan is to be repaid within one year with the option for the City to grant a one-year extension. During fiscal year 2019, the City approved a first amendment to the development agreement and extended the loan repayment to October 22, 2020. Subsequently during fiscal year 2021 an amendment was made to the development agreement to extend the terms until October 22, 2022.
- During fiscal year 2019, the City approved a development and minimum assessment agreement with Warrior Hotel Operator LLC., to redevelop two properties into a Marriott Tribute or Autograph Collection branded hotel and luxury apartments including retail, restaurant, and commercial spaces. As part of the agreement, the City will provide financing in an amount up to \$5 million as a loan to the developer to assist with the cost of the infrastructure improvements. Upon repayment by the developer of \$2.5 million of the loan to the City, the remaining \$2.5 million will be forgiven. It has a balance as of June 30, 2021, of \$4,016,115.
- On June 18, 2018 the City entered into a development agreement with the Siouxland Expo Center. With this agreement the City agreed to provide financing for the project at 550 South Lafayette Street for the amount of \$10 million. On February 3, 2020 an amendment was made to change the financing structure to allow the city to provide \$12.5 million for the project. It has a balance as of June 30, 2021 of \$11,936,099.

The combined outstanding balance of these notes at June 30, 2021 was \$16,796,756.

The City has one note receivable outstanding from economic development incentive packages with local businesses in the amount of \$5,000. This note receivable is reported in the Local Option Sales Tax Fund.

The Housing Trust Fund has a note receivable of \$203,394 for housing loan repayments. The amount due by June 30, 2022 is \$20,348 while \$12,086 of the balance is due after June 30, 2022. The balance of \$170,960 for housing loan repayments is a receivable through the State of Iowa Income Offset Program.

The City has five notes receivables from Siouxland District Health for vehicles purchased in 2015, 2017, 2018, 2019 and 2020. The June 30, 2021 balances total \$46,098. The amounts are reported in the Central Maintenance Garage Fund.

At June 30, 2021, special assessments receivables totaled \$59,946. This amount is reported net of an allowance for doubtful accounts of \$479,295.

The Water, Sewer, and Solid Waste Funds accrue unbilled revenues rendered subsequent to the last billing date and prior to year-end based upon the number of days unbilled compared to the first billing subsequent to year-end. At June 30, 2021, unbilled utility revenues included in the accounts receivable of the Water, Sewer, and Solid Waste System Funds were \$2,332,939, \$2,278,712, and \$548,952, respectively.

Note 3 (Continued)

Component Unit

The discretely-presented component unit Siouxland Expo Center has held fundraising campaigns for funding the construction of the Expo Center and acquisition of necessary equipment. The promises to give as of December 31, 2020 are unconditional and due in 2021 and over the next 8 to 10 years. The Expo Center has estimated that 10% of receivables will not be collected. Presented below is what the Siouxland Expo Center is expected to collect in the next 10 years.

Receivable in Fiscal Year Ending	
December 31, 2021	\$ 371,000
December 31, 2022	371,000
December 31, 2023	371,000
December 31, 2024	371,000
December 31, 2025	366,000
December 31, 2026	366,000
December 31, 2027	366,000
December 31, 2028	366,000
December 31, 2029	215,000
December 31, 2030	124,000
Total unconditional promises to give	3,287,000
Less: discounts to net present value	(204,867)
Net unconditional promises to give at June 30, 2021	\$ 3,082,133

The Promises to Give on Exhibit 1 are presented net of allowance for doubtful accounts of 208,700.

Conditional contributions – Conditional promises to give depend on the occurrence of a specified future and uncertain event to bind the promisor. For this reason, they are recognized only when the conditions on which they depend are substantially met, that is, when the conditional promise becomes unconditional. On October 1, 2019, the City of Sioux City commenced an agreement with the Iowa Economic Development authority to establish “Reinvestment Districts” which may capture hotel/motel and sales taxes generated within the district for up to twenty years. As part of the agreement, the Siouxland Expo center was awarded an allocation of \$6,500,000 in taxes. However, because this award represents that maximum allocation rather than the guaranteed payment, thereby rendering it a conditional contribution. Payments will be made from the City only as the City collects the respective tax. It will not be included as a receivable and rather revenue will be recorded as it is received. At December 31, 2020, payments of \$13,854, had been received in relation to this agreement. The remaining \$6,486,146 has not been recognized in the accompanying financial statements.

Note 5 - Capital Leases

In 1986, the City entered into an agreement with the Siouxland Chamber Foundation to construct the Sioux City Convention Center and lease it back to the City. This original lease expired June 1, 2007, and the title to the facility passed back to the City according to the terms of the lease. On June 1, 2007, another agreement was formed which sold the facility back to the Siouxland Chamber Foundation for \$1 and subsequently leased the facility back to the City again. The new lease terms call for a rental payment of \$1 per year for a term of 5 years. The lease also provides for two 5 year renewal options. The lease was renewed for an additional five years commencing on June 2, 2017 and ending on June 1, 2022. Per the agreement, title to the facility will transfer back to the City for no consideration at the termination of the lease. Accordingly, the lease is treated as a capital lease and the leased assets are accounted for in the governmental activities on the statement of net position. Buildings under capital lease have an original cost of \$7,675,000, accumulated depreciation of \$6,523,750 for a net book value at June 30, 2021, of \$1,151,250.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 6 - Long-Term Debt

NOTES PAYABLE - DIRECT BORROWINGS

During fiscal years 2003 and 2004, the City borrowed funds from the State of Iowa Clean and Drinking Water State Revolving Fund. The City received four notes at 3% interest each to make certain improvements to the wastewater treatment and water systems. All four notes are unsecured. The notes were drawn upon as improvements were made. The final draws on the fourth note were made during fiscal year 2007 bringing the total amount borrowed under these notes to \$25,000,000 in the Water Fund and \$8,000,000 in the Sewer Fund. The outstanding balances as of June 30, 2021, were \$3,909,000 in the Water Fund and \$1,029,000 in the Sewer Fund. In fiscal year 2014, State of Iowa reduced the interest rate from 3% to 1.75%.

During fiscal year 2006, the City obtained a \$31,000,000 note from the State of Iowa Clean and Drinking Water State Revolving Fund. The note was at 3% and is unsecured. The loan was drawn upon as the funds were spent on the improvements. The loan was fully drawn as of June 30, 2009 and the outstanding balance on the note as of June 30, 2021, was \$11,289,000 in the Sewer Fund. In fiscal year 2017, State of Iowa reduced the interest rate from 3% to 1.75% effective June 1, 2016.

During fiscal year 2007, the City obtained a note with the State of Iowa Clean and Drinking Water State Revolving Fund in the amount of \$6,000,000 with a 3% interest rate. The loan was drawn upon as improvements were made. The loan was fully drawn as of June 30, 2009 and the outstanding balance of the note as of June 30, 2021, was \$1,622,000 in the Water Fund. In fiscal year 2017, State of Iowa reduced the interest rate from 3% to 1.75% effective December 1, 2016.

During fiscal year 2008, the City obtained a note with the State of Iowa Clean and Drinking Water State Revolving Fund in the amount of \$15,000,000 with a 3% interest rate. The loan was drawn upon as the funds were spent on improvements. The loan was fully drawn as of June 30, 2010, and the outstanding balance of the note as of June 30, 2021, was \$7,078,000 in the Sewer Fund. In fiscal year 2018, State of Iowa reduced the interest rate from 3% to 1.75% effective June 1, 2018.

During fiscal year 2009, the City obtained four notes with the State of Iowa Clean and Drinking Water State Revolving Fund. These loans included one loan in the amount of \$31,000,000 in the Sewer Fund and three Planning & Design Loans totaling \$4,450,000 in the Water Fund, all loans have a 3% interest rate. The loans were drawn upon as improvements were made. The amount of the sewer loan increased to \$38,600,000 in fiscal year 2011. The City did not draw the full loan amount authorized. The outstanding balance of the note as of June 30, 2021, was \$21,561,000 in the Sewer Fund. In fiscal year 2019, State of Iowa reduced the Sewer Fund interest rate from 3% to 1.75% effective December 1, 2019. During fiscal year 2012, \$4,023,859 that had been drawn under the Planning & Design Loans in the Water Fund was rolled into a new construction loan totaling \$30,618,000. The loan was fully drawn as of June 30, 2015. The balance outstanding in the Water Fund at June 30, 2021 was \$19,205,000.

During fiscal year 2010, the City obtained a note with the State of Iowa Clean Drinking Water State Revolving Fund in the amount of \$10,807,000 with an interest rate of 3%. The loan was drawn upon as funds were spent on improvements. The loan was fully drawn as of June 30, 2011. The outstanding balance of the note as of June 30, 2021, was \$6,260,000 in the Water Fund. In fiscal year 2021, State of Iowa reduced the interest rate from 3% to 1.75% effective June 1, 2020.

During fiscal year 2011, the City obtained a note with the State of Iowa Clean Drinking Water State Revolving Fund in the amount of \$9,193,000 with an interest rate of 3%. The loan was drawn upon as improvements were made. The loan was fully drawn as of June 30, 2011, with an outstanding balance as of June 30, 2021, of \$5,325,000 in the Water Fund. In fiscal year 2021, State of Iowa reduced the interest rate from 3% to 1.75% effective December 1, 2020.

During fiscal year 2013, the City obtained three Sewer Capital Loan Notes from the State of Iowa Clean and Drinking Water State Revolving Fund. The authorized loan amounts were \$3,100,000 for I-29 Sewer Relocation on S. Lafayette Street, \$4,200,000 for the Southeast Morningside Sanitary Sewer Project and \$7,100,000 for the Wastewater Treatment Plant Asset Renewal. The loans all had an interest rate of 0.75%.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 6 (Continued)

The loans were fully drawn, with outstanding balances as of June 30, 2021 of \$921,000, \$2,723,000, and \$4,275,000 in the Sewer Fund.

During fiscal year 2014, the City obtained a note with the State of Iowa Clean Drinking Water State Revolving Fund in the amount of \$2,100,000 for the Ultraviolet Disinfection Project with an interest rate of 1.75%. The loan was drawn upon as improvements were made. The loan was fully drawn as of June 30, 2017, with an outstanding balance as of June 30, 2021, of \$1,255,000 in the Water Fund.

During fiscal year 2017, the City obtained a Sewer Capital Loan Note from the State of Iowa Clean and Drinking Water State Revolving Fund in the amount of \$33,000,000 with an interest rate of 1.75% for I-29 Utility Relocation. The City did not draw the full loan amount authorized. The outstanding balance at June 30, 2021 was \$28,041,771 in the Sewer Fund.

During fiscal year 2017, the City obtained a note from the State of Iowa Clean and Drinking Water State Revolving Fund in the amount of \$5,700,000 with an interest rate of 1.75% for I-29 Utility Relocation. The City did not draw the full loan amount authorized. The outstanding balance at June 30, 2021 was \$4,849,854 in the Water Fund.

During fiscal year 2020, the City obtained a note from the State of Iowa Clean and Drinking Water State Revolving Fund in the amount of \$6,507,000 with an interest rate of 1.75% for Western Hills to Indian Hills Pressure Zone and Tank Demolition Project. The loan was drawn upon as the funds were spent on the improvements. The City did not draw the full loan amount authorized. As of June 30, 2021, the outstanding balance on the note was \$5,640,000 in the Water Fund.

During fiscal year 2021, the City obtained three Sewer Capital Loan Notes from the State of Iowa Clean and Drinking Water State Revolving Fund. The authorized loan amounts were \$6,928,000 for the Waste Water Treatment Plant Asset Renewal project and \$10,000,000 and \$1,800,000 both for the Waste Water Treatment Plant Renewable Fuels Project. The \$6.928M and \$10M loans have interest rates of 1.75% and the \$1.8M loan has an interest rate of 2.75%. The loans were drawn upon as the funds were spent on the improvements. The City did not draw the full loan amount authorized for the \$6.928M and \$1.8M loans. The outstanding balance at June 30, 2021 was \$5,856,353 and \$894,475 in the Sewer Fund. The \$10M has been fully drawn and the outstanding balance at June 30, 2021 was \$10,000,000 in the Sewer Fund.

During fiscal year 2021, the City obtained a note with the State of Iowa Clean Drinking Water State Revolving Fund in the amount of \$8,038,000 for the Grandview Tank Replacement Project with an interest rate of 1.75%. The loan was drawn upon as the funds were spent on the improvements. The City did not draw the full loan amount authorized. The outstanding balance at June 30, 2021 was \$1,270,009 in the Water Fund.

GENERAL OBLIGATION BONDS/NOTES

The City issues general obligation bonds/notes to provide funds for the acquisition and construction of major capital facilities and projects. General obligation bonds/notes have been issued for both governmental and business-type activities. These bonds/notes are direct obligations and pledge the full faith and credit of the City.

The City issued new general obligation notes in the fiscal year ending June 30, 2021 as follows:

Series A was issued for \$15,510,000. The notes were sold to JP Morgan for \$16,960,013. The notes have a true interest rate of 0.41% with principal payments due each June 1 from years 2021 through 2025.

Series A was issued for \$3,725,000. The notes were sold to UMB Bank for \$3,768,321. The notes have a true interest rate of 0.57% with principal payments due each June 1 from years 2021 through 2025.

Series A was issued for \$26,025,000. The notes were sold to Fifth Third Securities, Inc. for \$26,632,752. The notes have a true interest rate of 1.12% with principal payments due each June 1 from years 2022 through 2031.

Series B was issued for \$12,710,000. The notes were sold to UMB Bank for \$12,841,323. The notes have a true interest rate of 1.34% with principal payments due each June 1 from years 2022 through 2031.

General obligation bonds/notes outstanding as of June 30, 2021, are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amounts</u>
Governmental Activities	1.00 – 5.00%	\$141,100,752
Business-Type Activities	1.50 – 5.00%	20,634,246

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 6 (Continued)

The Governmental General Obligation Bonds/Notes are shown net of the unamortized premiums and discounts of \$3,968,066 on the Statement of Net Position.

		Exhibit 1- Statement of Net Position	
General Obligation Bonds/Notes	\$141,100,752	General Obligation Bonds/Notes Payable-current	\$ 32,940,212
Unamortized Bond/Notes Charges	3,946,882	General Obligation Bonds/Notes Payable-long term	112,107,422
	<u>\$145,047,634</u>		<u>\$145,047,634</u>

Internal Service Funds predominantly serve the Governmental Funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At June 30, 2021, \$525,065 of Internal Service Fund general obligation debt was carried by the Central Maintenance Garage. Internal Service Fund's \$271,017 compensated absences, \$7,098,236 of total OPEB liability, and \$1,761,728 of net pension liability are included in the above amounts. For the governmental activities, compensated absences and net pension liability are liquidated by the funds where the employee's wages and benefits are allocated. For the above balances in compensated absences as of June 30, 2021, approximately 76% will be liquidated by the General Fund, 17% by the Special Revenue Funds, and 7% by the Internal Service Funds. For the above balances in net pension liability as of June 30, 2021, approximately 83% will be liquidated by the General Fund, 8% by the Special Revenue Funds, 2% by the Internal Service Funds, and 7% by the Enterprise Funds. For the above balances in total OPEB liability as of June 30, 2021, the full balance will be liquidated by the Internal Service Fund.

At June 30, 2021, the general obligation debt issued by the City did not exceed its legal debt margin, computed as follows:

Assessed Value as of January 1, 2020	\$ 5,313,694,178
Debt Limit- 5% of valuation	265,684,709
Amount of Debt Applicable to Limit	
Total Bonded Debt and Long-Term Notes Payable	308,686,342
Less: Notes Payable	(143,004,462)
Funds on Hand Available to Service Debt	(16,901,998)
Debt Applicable to Debt Limit	<u>148,779,882</u>
Legal Debt Margin	<u>\$ 116,904,827</u>

ARBITRAGE

Arbitrage rules apply to tax-exempt debt issued after August 31, 1986. The rules require that earnings from the investment of tax-exempt bond/note proceeds which exceed the yield on the bonds/notes must be remitted to the federal government every five years.

The City entered into an agreement with an outside consulting firm to assist City personnel in reviewing arbitrage rebate calculations for the above bond/note issues. Those bond/note issues that have been reviewed show that no arbitrage rebate is owed.

Note 6 (Continued)

Component Unit

In accordance with an agreement dated March 6, 2020, the Siouxland Expo Center issued \$12,500,000 of notes payable to the City of Sioux City with an interest rate of 1.07% per annum. The debt was incurred to fund the construction of the Expo Center and acquisition of necessary equipment. Both interest and principal are due annually until the note matures on June 1, 2040. The balance is to be retired through public pledges as well as revenue generated by the facility. Presented below is an amortization schedule of the loan:

Years Ending <u>December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 563,903	\$ 133,591	\$ 697,494

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 9 - Risk Management/Contingent Liabilities

The City participates in a number of federally assisted grant programs, principally Federal Aviation Administration, FTA Capital, Planning and Operating Assistance Grants, Federal Highway Construction Grants, and Community Development Block Grant. The programs are subject to financial and compliance audits. The amount of expenditures if any, which may be disallowed by the Grantor agencies is not determinable at this time; however, City officials do not believe that such amounts would be significant.

The City is a defendant in a number of lawsuits in its normal course of operations. The City Attorney estimates that an unfavorable outcome on certain lawsuits is likely and, accordingly, a provision for losses of \$4,115,564 has been established in the accompanying financial statements as of June 30, 2021. A provision for health claims incurred but unpaid as of June 30, 2021, of \$2,063,938 has also been recorded.

The City is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets, errors or omissions, injuries to employees, or acts of God. The City has self-insured itself since July 1, 1986 for general liability, and automobile liability. Argonaut Insurance Company covers up to \$10 million in general liability and automobile liability, after the City's self-insured retention amount of \$500,000. The City has umbrella liability coverage with Allied Insurance Company of America covering general liability, and auto liability up to \$5 million in excess. The City began self-insuring health coverage as of July 1, 1988. It is self-insured for health coverage risk up to \$150,000, specific, and 125% of expected annual paid claims in the aggregate.

During fiscal year 2019, the City became a member of the Iowa Municipalities Worker's Compensation Association (IMWCA). The IMWCA Pool (Pool) is a local government risk-sharing pool whose more than 530 members include various governmental entities throughout the State of Iowa, by pooling the risks of their workers' compensation liabilities. The Pool was formed in July 1981 under Chapter 28E, Code of Iowa, for the purpose of managing and funding to provide a stable, affordable alternative to the standard insurance market. To meet this purpose, the Pool uses stringent underwriting guidelines and prudent financial management, which protect the integrity of the Pool and its member's interests. Membership in the Pool is limited to Iowa cities, counties, Chapter 28E entities, and other political subdivisions subject to approval in writing by the Board of Trustees or their designee; a member may withdraw from the Pool at any time by complying with the rules of the Pool.

Each member's annual premiums are determined by using applicable standard rates for the exposure to risk and applicable experience modification factors of the National Council on Compensation Insurance (NCCI). Each member may be subject to additional premiums to pay its pro rata share of claims, when they exceed the Pool's resources available to pay such claims. Any money not used to pay claims and expenses remains with the Pool as surplus to fund future catastrophic claims. If a surplus substantially exceeds an actuarially sound figure, a distribution may be made to current members according to a formula that contemplates members' premium and claims experience of past years.

The Pool is currently reinsured with Safety National Casualty Corporation (SNCC) and NLC Mutual Insurance Company (NLC-MIC, a member owned captive insurance company). Each reinsurance carrier covers a specific layer of reinsurance risk. As of June 30, 2021, the specific limit of indemnity was unlimited per occurrence in excess of \$850,000, subject to a \$2,000,000 per occurrence sublimit for employers' liability for the members. NLC covers the first \$650,000 in excess of \$850,000 with SNCC taking the remaining risk per occurrence. To the extent that any reinsuring companies are unable to meet their obligations under the reinsurance agreements, the Pool would remain liable to the insured. The Pool attempts to mitigate reinsurance risk by checking the creditworthiness and rating of the reinsurers, if available. The Pool has elected to maintain the capital contribution with NLC whether or not there is a reinsurance agreement. NLC credits the Pool's capital contribution with the allocation of NLC's statutory earnings (loss) included in investment income.

The City does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2021, no liability has been recorded in the City's financial statements. As of June 30, 2021, settled claims have not exceeded the risk pool or reinsurance coverage.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 9 (Continued)

The self-insurance programs are administered using an internal service fund, the Comprehensive Insurance Fund, which records premium revenue as "Charges for Service". All funds of the City participate in the self-insurance programs and make payments to the Comprehensive Insurance Fund based on pre-determined amounts needed to pay prior and current year claims and to establish a reserve for future catastrophic losses. Currently, the City is unfunded for reserves to cover incurred but unreported claims and unanticipated claim fluctuations.

The City maintains outside insurance coverage through various insurance policies on buildings and their contents, equipment and property, employee dishonesty, and excess health coverage throughout 2021. There have been no significant reductions in insurance coverage from prior years. The City has had no amount of settlements exceeding insurance coverage for each of the past ten fiscal years.

The claims payable, including claims incurred but not yet reported, have been determined by the City's management and have been recorded in the accompanying financial statements. Changes in the fund's claims liability amount were as follows:

Year Ended June 30	Beginning Balance Liability	Claims and Changes in Estimates	Claim Payments	Ending Balance
2012	\$17,886,263	\$15,592,769	\$12,974,935	\$20,504,097
2013	20,504,097	3,756,957	12,911,188	11,349,866
2014	11,349,866	6,052,645	12,770,584	4,631,927
2015	4,631,927	13,050,118	14,109,436	3,572,609
2016	3,572,609	16,732,582	15,754,165	4,551,026
2017	4,551,026	17,572,064	16,134,006	5,989,084
2018	5,989,084	12,782,034	13,926,251	4,844,867
2019	4,844,867	3,745,587	3,810,828	4,779,626
2020	4,779,626	15,340,964	14,522,662	5,597,928
2021	\$5,597,928	\$15,006,747	\$14,425,173	\$6,179,502

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS

Note 10 - Commitments

The City has recognized as a liability only that portion of construction contracts completed through June 30, 2021. The following summary presents the amount of contracts outstanding at June 30, 2021 for both Governmental and Enterprise Funds combined:

Construction	\$ 37,511,487
Design & Engineering Services	6,545,028
Other	8,974,348
Less: Due, but unpaid at June 30, 2021	<u>(13,137,468)</u>
Construction Contract Commitments	<u>\$ 39,893,395</u>

Governmental contracts and encumbrances outstanding at June 30, 2021 are listed below and are included in fund balance committed amounts but do not include encumbered amounts already previously restricted:

	General Fund	Non-Major Governmental	Debt Service	Local Option Sales Tax	Total
Public Safety	\$ 194,130	\$ ---	\$ ---	\$ ---	\$ 194,130
Public Works	52,120	93,963	---	---	146,083
Culture & Recreation	70,558	---	---	---	70,558
Community & Economic Dev	163	---	---	21,594	21,757
General Government	135,865	---	1,675	---	137,540
Totals	<u>\$ 452,836</u>	<u>\$ 93,963</u>	<u>\$ 1,675</u>	<u>\$ 21,594</u>	<u>\$ 570,068</u>

As of June 30, 2021, the City had \$5,411,495 outstanding purchase orders and \$47,602,962 outstanding contracts, less \$13,137,468 unpaid of the total commitments listed above.

The City Council approved the construction of the Chris Larsen Park-Riverfront Development project on May 18, 2020 for approximately \$6 million. This is slated to be a \$17.5 million project funded by \$9.1 million from private donations, \$1.1 million from various State programs, \$900,000 from the EPA-Brownfields grant, \$100,000 from Woodbury County, \$200,000 from the Gilchrest Foundation, and the remaining to be funded by the City's CBD TIF district.

Under an agreement with the Siouxland Expo Center Board, the City has a commitment to oversee the construction of the new Siouxland Expo Center for the non-profit. The total cost of the project was expected to be \$17.5 million. The project has received major public donations and grant funding from Woodbury County, Missouri River Historic Development, the Gilchrist Foundation, the state's Brownfield/Grayfield Redevelopment Program, Iowa Department of Agriculture, and over thirty businesses in the community. The City Council approved a \$15 million contract on May 13, 2019 for the construction of the center. Construction was completed in 2020.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS

Note 11 - Joint Venture

The Woodbury County Information and Communication Commission (WCICC) was formed in fiscal year 1988. WCICC was established to operate a combined data processing and communications center for the City and the County. Each governmental unit selects two of its members to serve on the commission and a fifth member is selected by the commission. The operating budget is approved by both governments with contributions for operations from both. All assets, liabilities and equity are owned on a 60/40 basis. The City maintains the financial records and bank accounts of WCICC, which are recorded as a custodial fund of the City (see Exhibit D-2). The capital assets are reported directly on the City/County financials per the 60/40 ownership. The remaining equity is recorded as an investment in joint venture on the City/County financials per the same 60/40 ownership. Summary financial information as of, and for the fiscal year ended June 30, 2021, is presented as follows:

Assets	\$ 1,922,362
Total Assets	<u>1,922,362</u>
Total Liabilities	923,556
Fund Equity	<u>998,806</u>
Total Liabilities and Fund Equity	<u>1,922,362</u>
Total Revenue	5,572,979
Total Expenditures	<u>(4,964,176)</u>
Net Increase (Decrease) in Fund Balance	<u>\$ 608,803</u>

The Woodbury County Information and Communication Commission does not publish a Comprehensive Annual Financial Report. The City's share of the capital assets is reported in governmental activities.

City's Share of Joint Venture	
Assets	60%
Liabilities	60%
Equity	60%

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 12 - Post-Employment Health Care Benefits

During fiscal year 2018, the City adopted the provisions of Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions (OPEB). This statement established standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditure. It replaces the requirements of the Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, as amended.

For defined benefit OPEB plans the statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Plan Description. The City's defined benefit OPEB plan, City of Sioux City, Iowa Health Benefit Plan, offers OPEB benefits for all eligible retirees. City of Sioux City, Iowa Health Benefit Plan is a single-employer defined benefit OPEB plan administered by the City. Under Chapter 509A.13 Group Insurance for Public Employees of the Code of Iowa, if a governing body, a City Board of Supervisors, or a City Council has procured for its employees accident, health, or hospitalization insurance, or a medical service plan, or has contracted with a health maintenance organization authorized to do business in this state, the governing body, City Board of Supervisors, or City Council shall allow its employees who retired before attaining sixty-five years of age to continue participation in the group plan or under the group contract at the employee's own expense until the employee attains sixty-five years of age. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The City is self-insured for medical benefits. No stand alone financial report is issued; the plan is self-funded and included in the City's financial statements.

Benefits provided. City of Sioux City, Iowa Health Benefit Plan offers medical with or without prescription and dental insurance benefits for non-Medicare eligible retirees and their dependents. The benefits are covered under the City's plan with the premium cost to be paid by the retiree. Premiums are calculated based on prior year claim experiences and amounts needed to fund the plan operations

Employees covered by the benefit terms. At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	27
Active employees	<u>707</u>
	734

Total OPEB liability. The City's total OPEB liability of \$7,098,236 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Changes in the Total OPEB Liability

	Total OPEB
Balance at 6/30/20	\$ 6,708,294
Changes for the year:	
Service cost	481,878
Interest cost	155,806
Changes of benefit terms	---
Differences between expected and actual experience	---
Changes in assumptions or other inputs	32,481
Benefit payments	<u>(280,223)</u>

Note 12 (Continued)

The total OPEB liability as of June 30, 2021 assumes a discount rate of 2.16%.

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.

For the year ended June 30, 2021, the City recognized OPEB expense of \$568,718. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ ---	\$ (985,578)
Changes of assumptions or other inputs	483,545	(99,543)
Net difference between projected and actual investments	---	---
Total	\$ 483,545	\$ (1,085,121)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending June 30:	
2022	\$ (68,966)
2023	(68,966)
2024	(68,966)
2025	(68,966)
2026	(68,966)
Thereafter	(256,746)
Total	\$(601,576)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

1% Decrease	\$6,213,000
1% Increase	\$8,066,000

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

1% Increase	\$6,441,000
1% Decrease	\$7,753,000

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal based on level percentage of projected salary
Discount rate	2.16% per annum for June 30, 2021 Source: Bond Buyer 20-Bond GO Index The projection of cash flows used to determine the discount rate assumed that employee contributions will be made based on prior year claim experiences and amounts needed to fund the plan operations.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 12 (Continued)

Salary Increase Rate	3.0% per annum
Inflation Rate	3.0% per annum
Mortality Rates	Pub-2010 generational table scaled using MP-19 and applied on a gender-specific basis
Plan Participation Percentage	The participation percentage is the assumed rate of future eligible retirees who elect to continue health coverage at retirement. It is assumed that 30% of Pre-Medicare and 5% of Post-Medicare employees and their dependents who are eligible for early retiree benefits will participate in the retiree medical plan. This assumes that a one-time irrevocable election to participate is made at retirement.

Health Care Cost Trend Rate

The health care cost trend assumptions are used to project the cost of health care in future years. The following annual trends are based on the current HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced 0.5% each year until reaching the ultimate trend rate.

Expense Type	Select	Ultimate
Pre-Medicare Medical and Rx Benefits	6.0%	4.5%
Medical Benefits	5.0%	4.5%
Stop Loss Fees	6.0%	4.5%
Administrative Fees	4.5%	4.5%

Per Capita Health Claim Cost

Expected annual claim costs were developed using historical claim experience through December 2019. The expected annual medical and prescription drug claim costs for pre-Medicare and Medicare members is below.

Member Age	Claim cost
Age 60 Retiree or Spouse	\$ 13,088
Age 70 Retiree or Spouse	\$ 8,288

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 13 - Employee Benefits

Vacation hours for City employees are accumulated for subsequent use or for payment upon termination, retirement or death up to a maximum ranging from 120 to 240 hours based upon number of years employed.

Severance pay is paid to all employees of the Professional, Administrative, Technical, Supervisory, Executive and Council Appointed (PATS) employees group, PATS Union Agreement employees group, and Library non-bargaining employees group with a minimum of 15 years of consecutive service with the City. The 15-year requirement does not apply to those who retire and immediately become eligible to receive retirements benefits under the provisions of the Iowa Public Retirement System (IPERS), the Social Security Act, or the Municipal Fire and Police Retirement System (MFPRSI). The pay is based on three day's pay for each full twelve months of consecutive service upon retirement, resignation, death or termination (other than for disciplinary reasons).

Severance pay is paid to all employees of the Affiliated Sioux City Municipal Employee Union (AFSME) employees group, who retires and immediately upon such retirement becomes eligible for regular retirements benefits under the provisions of the IPERS, or the Social Security Act shall receive retirement severance pay, at the rate of three day's pay for each full twelve months of consecutive service.

Severance pay is paid to all employees of the Fire Supervisory employees group, and Police Supervisory employees group, who retires and immediately upon such retirement becomes eligible for regular retirements benefits under the provisions of the MFPRSI, the Social Security Act, the Workers' Compensation, or resigns as a vested member of the provisions of the MFPRSI, shall receive retirement severance pay, at the rate of three day's pay for each full twelve months of consecutive service.

Severance pay is paid to all employees of the Fire Union employees group, who terminates employment and is immediately eligible for regular retirements benefits under the provisions of the MFPRSI, shall receive retirement severance pay, at the rate of three day's pay (33.6 hours) for each full twelve months of consecutive service. A fire fighter who terminates employment and is not immediately eligible to receive payments for benefits under the MFRSI shall receive severance pay at the time of the fire fighter becomes eligible to receive payment from MFPRSI. Severance pay payable at a date other than the date of termination from service shall be calculated from the wage scale and formula in effect at the date of termination.

Severance pay is paid to all employees of the Police Union employees group, who retires and immediately upon such retirement becomes eligible for regular retirements benefits under the provisions of the MFPRSI, or resigns as a vested member of the provisions of the MFPRSI, shall receive retirement severance pay, at the rate of three day's pay for each full twelve months of consecutive service at the time of retirement or resignation.

Vacation and severance pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. At June 30, 2021, two employment agreements involving termination benefits were in effect. These termination benefits include severance, health, life and long term disability benefits. The long-term portion of \$235,531 is reported in the governmental activities in the government-wide financial statements. The liabilities were calculated based on current salary rates and benefit cost at the time of statement preparation.

City employees accumulate sick leave hours for subsequent use. For all employees except those of the Transit employees group, Police Union employees group, Police Supervisory employees group and Fire Supervisory employees group sick leave hours are not a vested benefit and expire if unused upon termination, death or retirement.

Sick leave is paid to all Transit System's employees covered by the Amalgamated Transit Union Agreement with the City of Sioux City. These employees receive a benefit of up to 120 days of paid sick leave upon death or retirement.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 13 (Continued)

Sick leave upon separation of employment is paid to all employees of the Fire Supervisory employees group, Police Union employees group and Police Supervisory employees group who retire and immediately upon such retirement become eligible for regular retirement benefits under the provisions of IPERS/MFPRSI. The value of the payout will be calculated at 20% of the sick leave balance and deposited into a City established Health Reimbursement Arrangement (HRA). If an employee who leaves employment with the City does not meet IPERS/MFPRSI retirement eligibility, any remaining sick leave balance will be forfeited. Any employee termed for cause will not be eligible for HRA.

The accumulated sick leave under this agreement for Transit, Fire and Police Supervisory, and Police Union employees are recorded only in the government-wide financial statements. All other accumulated sick leave is not recognized as an expenditure until used or paid as it is not measurable at June 30, 2021.

Compensated absences consist of the following amounts as of June 30, 2021:

Accrued Vacation	\$ 3,237,021
Accrued Severance Pay	1,391,266
Accrued Sick Leave	386,808
Accrued Termination Benefits	235,531
Total	\$ 5,250,626

Compensated absences have been recorded as follows:

	CURRENT	LONG-TERM	TOTAL
Enterprise Funds	\$ 348,364	\$ 172,435	\$ 520,799
Internal Service Funds	113,522	157,495	271,017
Government-Wide Statement	3,161,943	1,296,867	4,458,810
	\$ 3,623,829	\$ 1,626,797	\$ 5,250,626

Note 14 - Pension Plans

IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM

Plan Description. IPERS membership is mandatory for covered City employees. Employees of the City of Sioux City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive, P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

Pension Benefits. A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 14 - (Continued)

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Protection occupation members may retire at normal retirement age which is generally at age 55 and may retire any time after reaching age 50 with 22 or more years of covered employment. The formula used to calculate a protection members' monthly IPERS benefit includes:

- 60% of average salary after completions of 22 years of service, plus an additional 1.5% of average salary for years of service greater than 22 but no more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month that the member received benefits before the members earliest normal retirement age. For service earned starting July 1, 2012 the reduction is 0.50 percent for each month that the member received benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits. A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions. The contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. Statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a thirty-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2021, pursuant to the required rate, Regular Members contributed 6.29 percent of covered payroll and the City contributed 9.44 percent of covered payroll for a total rate of 15.73 percent, and Protection Occupation Members contributed 6.41 percent of covered payroll and the City contributed 9.61 percent of covered payroll for a total rate of 16.02 percent.

The City's contributions to IPERS for the year ended June 30, 2021 were \$3,133,720.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the City reported a liability of \$26,714,496 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 14 - (Continued)

As of June 30, 2020, the City's proportion was 0.3802918 percent, which was a decrease of 0.010387 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the City recognized IPERS pension expense of \$4,048,341. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 46,330	\$ 632,382
Changes of assumptions	1,417,175	2,533
Net difference between projected and actual earnings on pension plan investments	1,582,418	-
Changes in proportion and differences between City contributions and proportionate share of contributions	247,027	958,209
City contributions subsequent to the measurement date	3,133,720	-
Total	\$ 6,426,670	\$ 1,593,124

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 14 (Continued)

An amount of \$3,133,720 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,		
2022	\$	234,517
2023		314,069
2024		390,205
2025		814,993
2026		(53,958)
Total	\$	1,699,826

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions. The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2017)	2.60 percent per annum
Salary Increases (effective June 30, 2017)	3.25 to 16.25 percent, including inflation. Rates vary by membership group
Investment rate of return (effective June 30, 2017)	7.00 percent per annum, compounded annually, net of pension plan investment expense, including inflation
Wage growth (effective June 30, 2017)	3.25% per annum based on 2.60% inflation and 0.65% real wage inflation

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an economic assumption study dated March 24, 2017 and an actuarial experience study dated June 28, 2018.

Mortality rates used in the 2020 valuations were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (i.e., expected returns, net of IPERS' investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS

Private Credit	3.0	3.11
Total	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that City contributions will be made at contractually required rates, actuarially determined. Based on those assumptions, the IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percent lower (6.0 percent) or 1 percent higher (8.0 percent) than the current rate.

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
City's proportionate share of the net pension liability	\$ 45,330,538	\$ 26,714,496	\$ 11,106,251

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to the Pension Plan. At June 30, 2021, the City reported payables to the defined benefit pension plan of \$101,381 for legally required employer contributions.

MUNICIPAL FIRE AND POLICE RETIREMENT SYSTEM OF IOWA (MFPRSI)

Plan Description. MFPRSI membership is mandatory for fire fighters and police officers covered by the provisions of Chapter 411 of the Code of Iowa. Employees of the City of Sioux City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by MFPRSI. MFPRSI issues a stand-alone financial report which is available to the public by mail at 7155 Lake Drive, Suite #201, West Des Moines, Iowa 50266 or at www.mfprsi.org.

CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 14 (Continued)

MFPRSI benefits are established under Chapter 411 of the Code of Iowa and the administrative rules thereunder. Chapter 411 of the Code of Iowa and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits. Members with 4 or more years of service are entitled to pension benefits beginning at age 55. Full service retirement benefits are granted to members with 22 years of service, while partial benefits are available to those members with 4 to 22 years of service based on the ratio of years completed to years required (i.e., 22 years). Members with less than 4 years of service are entitled to a refund of their contribution only, with interest, for the period of employment.

Benefits are calculated based upon the member's highest 3 years of compensation. The average of these 3 years becomes the member's average final compensation. The base benefit is 66 percent of the member's average final compensation. Additional benefits are available to members who perform more than 22 years of service (2 percent for each additional year of service, up to a maximum of 8 years). Survivor benefits are available to the beneficiary of a retired member according to the provisions of the benefit option chosen plus an additional benefit for each child. Survivor benefits are subject to a minimum benefit for those members who chose the basic benefit with a 50 percent surviving spouse benefit.

Active members, at least 55 years of age, with 22 or more years of service have the option to participate in the Deferred Retirement Option Program (DROP). The DROP is an arrangement whereby a member who is otherwise eligible to retire and commence benefits opts to continue to work. A member can elect a 3, 4, or 5 year DROP period. By electing to participate in DROP the member is signing a contract indicating the member will retire at the end of the selected DROP period. During the DROP period the member's retirement benefit is frozen and a DROP benefit is credited to a DROP account established for the member. Assuming the member completes the DROP period, the DROP benefit is equal to 52% of the member's retirement benefit at the member's earliest date eligible and 100% if the member delays enrollment for 24 months. At the member's actual date of retirement, the member's DROP account will be distributed to the member in the form of a lump sum or rollover to an eligible plan.

Disability and Death Benefits. Disability coverage is broken down into two types, accidental and ordinary. Accidental disability is defined as permanent disability incurred in the line of duty, with benefits equivalent to the greater of 60 percent of the member's average final compensation or the member's service retirement benefit calculation amount. Ordinary disability occurs outside the call of duty and pays benefits equivalent to the greater of 50 percent of the member's average final compensation, for those with 5 or more years of service, or the member's service retirement benefit calculation amount, and 25 percent of average final compensation for those with less than 5 years of service.

Death benefits are similar to disability benefits. Benefits for accidental death are 50 percent of the average final compensation of the member plus an additional amount for each child, or the provisions for ordinary death. Ordinary death benefits consist of a pension equal to 40 percent of the average final compensation of the member plus an additional amount for each child, or a lump-sum distribution to the designated beneficiary equal to 50 percent of the previous year's earnable compensation of the member or equal to the amount of the member's total contributions plus interest.

Benefits are increased (escalated) annually in accordance with Chapter 411.6 of the Code of Iowa which states a standard formula for the increases.

The surviving spouse or dependents of an active member who dies due to a traumatic personal injury incurred in the line of duty receives a \$100,000 lump-sum payment.

Contributions. Member contribution rates are set by state statute. In accordance with Chapter 411 of the Code of Iowa, the contribution rate was 9.40% of earnable compensation for the year ended June 30, 2021.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 14 (Continued)

Employer contribution rates are based upon an actuarially determined normal contribution rate and set by state statute. The required actuarially determined contributions are calculated on the basis of the entry age normal method as adopted by the Board of Trustees as permitted under Chapter 411 of the Code of Iowa. The normal contribution rate is provided by state statute to be the actuarial liabilities of the plan less current plan assets, with such total divided by 1 percent of the actuarially determined present value of prospective future compensation of all members, further reduced by member contributions and state appropriations. Under the Code of Iowa the employer's contribution rate cannot be less than 17.00% of earnable compensation. The contribution rate was 25.31% for the year ended June 30, 2021.

The City's contributions to MFPRSI for the year ended June 30, 2021 was \$5,052,836.

If approved by the state legislature, state appropriation may further reduce the employer's contribution rate, but not below the minimum statutory contribution rate of 17.00% of earnable compensation. The State of Iowa therefore is considered to be a nonemployer contributing entity in accordance with the provisions of the Governmental Accounting Standards Board Statement No. 67 - Financial Reporting for Pension Plans, (GASB 67).

There were no state appropriations to MFPRSI during the fiscal year ended June 30, 2021.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the City reported a liability of \$48,346,997 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2020, the City's proportion was 6.061557% which was a decrease of .0170845% from its proportions measured as of June 30, 2019.

For the year ended June 30, 2021, the City recognized pension expense of \$8,618,583. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,329,279	\$ 262,624
Changes of assumptions	1,197,611	57,682
Net difference between projected and actual earnings on pension plan investments	7,112,416	-
Changes in proportion and differences between City contributions and proportionate share of contributions	251,089	1,448,114
City contributions subsequent to the measurement date	5,052,836	-
Total	\$ 14,943,231	\$ 1,768,420

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 14 (Continued)

An amount of \$5,052,836 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,	
2022	\$ 1,789,658
2023	2,502,658
2024	2,274,984
2025	1,577,044
2026	(22,369)
Total	\$ 8,121,975

Actuarial Assumptions. The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of Inflation	3.00 percent
Salary Increases	3.75 to 15.11 percent including inflation
Investment rate of return	7.50 percent, net of pension plan investment expense

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2007 to June 30, 2017.

Mortality rates were based on RP 2014 Blue Collar Healthy Annuitant table with males set-forward zero years, females set-forward two years and disabled set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB beginning in 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (i.e., expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class are summarized in the following table:

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 14 (Continued)

Asset Class	Long-Term Expected Real Rate of Return
Large Cap	5.5%
Small Cap	5.8
International Large Cap	7.3
Emerging Markets	9.0
Emerging Market Debt	6.3
Private Non-Core Real Estate	8.0
Master Limited Partnerships	9.0
Private Equity	9.0
Core Plus Fixed Income	3.3
Private Core Real Estate	6.0
Tactical Asset Allocation	6.4

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the city's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percent lower (6.50 percent) or 1 percent higher (8.5 percent) than the current rate.

	1% Decrease (6.5%)	Discount Rate (7.5%)	1% Increase (8.5%)
City's proportionate share of the net pension liability	\$ 74,154,884	\$ 48,346,997	\$ 26,969,863

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued MFPRSI financial report which is available on MFPRSI's website at www.mfprsi.org.

Payables to the Pension Plan. At June 30, 2021, City of Sioux City reported payables to the defined benefit pension plan of \$161,598 for legally required employer contributions.

For the year ended June 30, 2021, the City recognized IPERS and MFPRSI pension expense of \$12,666,924. At June 30, 2021, the City reported a liability of \$75,061,493 for its proportionate share of the net pension liability. At June 30, 2021, the City reported deferred outflows of resources in the amount of \$21,369,901 and deferred inflows of resources in the amount of \$3,361,544 related to pension.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 15 - Landfill Closures and Post-Closure Care Costs

State and federal laws and regulations require the City's Solid Waste System to place a final cover on its 28th Street landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The landfill was closed as of October 1, 2007. A consulting engineer's estimate for total costs prepared as of February 18, 2021 was \$923,320. This full amount has been accrued by the City as of June 30, 2021. Of this amount, it was estimated that \$53,207 would be incurred within the next fiscal year. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The State of Iowa specifies financial assurance requirements in Code Section 567-Chapter 113. The Iowa Code enumerates various allowable financial assurance mechanisms to meet the costs of closure and post-closure care. The City satisfies this requirement with a Local Government Dedicated Fund passed and approved on June 16, 2003, under Resolution 2003-0501.

Note 16 - Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

City Tax Abatements

The City provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa, and local hotel/motel tax as provided for in Chapter 423A of the Code of Iowa. For these types of projects, the City enters into agreements with developers which require the City, after developers meet the terms of the agreements, to rebate a portion of the property tax and/or unreserved portion of the local hotel/motel tax paid by the developers, to pay the developers an economic development grant or to pay the developers a predetermined dollar amount. Because taxes are not abated until after the new construction have been completed, there are no provisions for recapturing abated taxes. Commitments, other than reducing taxes, are the City's support in the associated construction costs.

The City provides tax abatements for economic development projects under Enterprise Zone Program with tax exemption as provided for in Chapters 15E of the Code of Iowa. For these types of projects, the City enters into agreements with developers which require the City, after developers meet the terms of the agreements, to exempt the property tax paid by the developers. No other commitments were made by the City as part of these agreements. Because taxes are not abated until after the new construction have been completed, there are no provisions for recapturing abated taxes. Commitments, other than reducing taxes, are the City's support in the associated construction costs.

Urban Revitalization programs provides property tax abatements to encourage new construction and improvements to residential property and eligible commercial property. The Program is established under the auspices of the Iowa State Code (Chapter 404) empowering cities and counties to establish such programs. The abatements equal 100% for 3 years or a partial exemption for 10 years on a graduated scale, of additional property tax resulting from the increase in assessed value as a result of the improvements or the new construction, administered as a reduction in the tax bill. Abatements are obtained through application by the property owner after improvements have been made. However, developers applying for the Iowa Workforce Housing Tax Incentive Program (Chapter 48) make agreement prior to commencing improvements or new construction and require subsequent provision by the owner of proof that the improvements have been made and a new assessed valuation by the City Assessor. Because taxes are not abated until after the improvements and new construction have been made, there are no provisions for recapturing abated taxes. Commitments, other than reducing taxes, may only be applicable with commercial properties. In these instances, the City supports in the associated construction costs.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 16 (Continued)

For the year ended June 30, 2021, the City abated \$1,495,803 of property tax under the urban renewal and economic development projects and \$885,975 under the Enterprise Zone Program.

Note 17 – Siouxland Expo Center

On June 18, 2018 the City of Sioux City Entered into a development agreement, lease agreement, and fiscal management agreement with the Siouxland Expo Center for the development of land in the 700 Block of South Lafayette. The Siouxland Expo Center constructed a \$15 million building to be a premier destination for agricultural conventions, exhibitions and demonstrations as well as youth sporting events and tournaments. The Siouxland Expo Center opened its doors to the public in September 2020. The Siouxland Expo Center is governed by an eleven-member board of directors. Board members are appointed by the board of directors. The terms of the agreement are for 20 years. The City determined that the Siouxland Expo Center will be a discretely presented component unit. See Note 1 for more information.

With the agreement, the City provided an Economic Development Grant of \$2,000,000 to the developer for the project. The City agreed to be responsible for the management of the facility and grounds and served as the fiscal agent during the construction phase. The City prepares and submits an operating budget to the Siouxland Expo Center board for review and approval. All revenue from operations are placed into an operating account and all expenses paid are paid from the account. The City will charge \$500 per year for the management services. The management is done by the Parks & Rec Department. The City also leases office space from the Siouxland Expo center for \$500 per year.

The City also has a responsibility to any negative cashflows from the operations of the Siouxland Expo Center. The agreement calls that if the cashflows from operations in any given fiscal year is negative, the City is responsible for the first \$75,000 and the Siouxland Expo Center will be responsible for the next \$25,000.

On March 6, 2020 the city entered into a Mortgage Agreement with the Siouxland Expo Center. The City Loaned the Siouxland Expo Center Board \$12,500,000 for the construction of the new facility. The loan has a 20-year term and carries an interest rate of 1.07%. Payments are made annually.

Note 18 – Deficit Balances

At June 30, 2021, funds with deficit balances were as follows:

Comprehensive Insurance	\$127,466
-------------------------	-----------

The Deficit balance in the Comprehensive Insurance fund is the result of the amounts reserved for potential litigations and other contingent liabilities. There is also a reserved for unpaid health insurance claims. These amounts have not been paid but have been reserved for future payment. As these litigations and claims are paid funds will be transferred to cover the deficit.

Note 19 - Other Information

The City of Sioux City is under obligation from the State of Iowa to remediate underground pollution located at the Sioux City Gateway Airport. The pollution was caused during the 1930's by underground storage tanks leaking petroleum-based substances. Since then, the storage tanks have been removed, but the underground contamination remains. The cost to remediate the pollution is not reasonably estimable at this time.

Note 20 – Subsequent Events

In July 2021, the City refunded General Obligation Bonds totaling \$14,100,000.

**CITY OF SIOUX CITY, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 21 – Prior Period Adjustments

In Fiscal year 2020 the City purchased the Badgerow Building. The building was to be reported as a Building Held for resale but instead was reported as an expense. A prior period adjustment was made to the Capital Improvements fund of \$664,388 which increased the beginning fund balance by this amount. It also increased the beginning net position in Exhibit 2 by this amount.

Note 22 - Prospective Accounting Change

GASB Statement No. 87, “Leases.” The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

Note 23 – Accounting Change/Restatement

Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities, was implemented during fiscal year 2021. The new requirements change the definition of fiduciary activity and establish new financial reporting requirements for state and local governments which report fiduciary activity. Beginning net position for fiduciary funds was restated to retroactively report the change in net position, as follows:

	Fiduciary Activities
Net position June 30, 2020, as previously reported	\$ -
Change to implement GASBS No. 84	(1,266,330)
Net position July 1, 2020, as restated	\$ (1,266,330)

REQUIRED SUPPLEMENTARY INFORMATION (unaudited)

In accordance with the Governmental Accounting Standards Board Statements No. 25, No. 27, No. 34, No. 68, and No. 75, the following information is a required part of the basic financial statements.

Notes:

¹ In accordance with the Code of Iowa, the City Council annually adopts a budget following required public notice and hearing which includes all funds, except agency funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. The City budgets on a modified accrual basis of accounting for all governmental funds and on the accrual basis for proprietary fund types. Formal and legal budgetary control is based upon eight major classes of expenditures known as functions, not by fund or fund type. These eight functions are: Public Safety, Public Works, Culture and Recreation, Community and Economic Development, General Government, Debt Service, Capital Projects, and Business-Type/Enterprises. The legal level of control is at the aggregated function level, not at the fund or fund type level.

² Intergovernmental revenue and the expenditures for capital projects and enterprises are significantly below budgeted amounts due to the timing of when projects are actually completed and the corresponding revenue is received.

	<u>Total Actual</u>	<u>Budgeted Amounts</u>		<u>Final Budget To Actual</u>

CITY OF SIOUX CITY, IOWA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION LIABILITY
YEAR ENDED JUNE 30, 2021

Iowa Public Employees' Retirement System (IPERS)

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of a demographic assumption study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Municipal Fire and Police Retirement System of Iowa (MFPRSI)

Changes of benefit terms:

There were no significant changes of benefit terms.

Changes of assumptions:

The 2018 valuation changed postretirement mortality rates were based on the RP-2014 Blue Collar Healthy Annuitant Table with males set-forward zero years, females set-forward two years and disabled individuals set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB beginning in 2017.

The 2017 valuation added five years projection of future mortality improvement with Scale BB.

The 2016 valuation changed postretirement mortality rates to the RP-2000 Blue Collar Combined Healthy Mortality Table with males set-back two years, females set-forward one year and disabled individuals set-forward one year (male only rates), with no projection of future mortality improvement.

The 2015 valuation phased in the 1994 Group Annuity Mortality Table for postretirement mortality. This resulted in a weighting of 1/12 of the 1971 Group Annuity Mortality Table and 11/12 of the 1994 Group Annuity Mortality Table.

The 2014 valuation phased in the 1994 Group Annuity Mortality Table for postretirement mortality. This resulted in a weighting of 2/12 of the 1971 Group Annuity Mortality Table and 10/12 of the 1994 Group Annuity Mortality Table.

CITY OF SIOUX CITY, IOWA
OTHER SUPPLEMENTARY INFORMATION

**CITY OF SIOUX CITY, IOWA
COMBINING FINANCIAL STATEMENTS
GOVERNMENTAL FUNDS**

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

The following funds included in this fund type and their purposes are as follows:

MAJOR FUNDS:

Other Employee Benefits - To account for the City's employee benefits tax levy.

Local Option Sales Tax - To account for revenue generated by the one percent local option sales tax.

NON-MAJOR FUNDS:

Storm Water Drainage - To account for the collection of revenues for Storm Water Drainage Fees.

Road Use - To account for State revenues allocated to the City for maintenance and improvement of City streets.

Community Development - To account for the use of Community Development Block Grant Funds as received from the Federal Government.

Housing Trust - To account for the operations of Federal Section 8, low income housing projects and municipally sponsored rent payment assistance programs.

Main Street - To account for the collection of a levy to fund the revitalization of the City's downtown area.

Events Facilities - To account for revenue generated by the operations of the Convention Center and the Tyson Events Center.

Transit System - To account for the Transit levy and operations of the City's bus and other transit services.

Permanent Fund - Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

The following fund included in this fund type and its purpose is as follows:

Cemetery Trust – To account for the activity of the cemeteries of the City.

SI^oUXTM
CITY

**CITY OF SIOUX CITY, IOWA
COMBINING FINANCIAL STATEMENTS
ENTERPRISE FUNDS**

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis should be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The following funds included in this fund type and their purposes are as follows:

MAJOR FUNDS:

Airport System - To account for the operations of the Sioux Gateway Airport.

Water System - To account for the operations of the City's water facilities and services.

Sewer System - To account for the operations of the City's sewage treatment facilities and services.

Solid Waste System - To account for the operations of the City's sanitary landfill facilities.

NON-MAJOR FUNDS:

Parking Facilities - To account for the operations of the City-owned parking ramps and other parking facilities.

Skyway System - To account for the maintenance and security of the skyway system.

COMBINING FINANCIAL STATEMENTS
INTERNAL SERVICE FUNDS**

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis.

The following funds included in this fund type and their purposes are as follows:

Central Maintenance Garage - To account for maintenance and repair services for the City's automotive equipment and acquisition of replacement vehicles.

Comprehensive Insurance - To account for the funding and maintenance of the City's insurance policies provided to user departments.

**CITY OF SIOUX CITY, IOWA
COMBINING FINANCIAL STATEMENTS
FIDUCIARY FUNDS**

Custodial Funds - Custodial Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The following represents the funds and/or government agencies for which the City acts in an agent capacity.

Sioux City Housing Trust - To account for the activity of the Sioux City Housing Trust Fund.

Revolving - To account for refunds to City customers.

Woodbury County Information and Communication Commission (WCICC) - To account for the activity of the WCICC.

Sioux City Sports Commission - To account for the activity of the Sioux City Sports Commission.

Utility Service Line - To account for the activity related to utility line service protection plan payments collected from City customers on behalf of an outside service plan provider, currently, HomeServe USA.

Siouxland Expo Center - To account for the operating activities of the Siouxland Expo Center.

CITY OF SIOUX CITY, IOWA
STATISTICAL SECTION

CITY OF SIOUX CITY, IOWA STATISTICAL SECTION

(Unaudited)

This part of the City of Sioux City's comprehensive annual financial report presents detailed information as a context for understanding this year's financial statements, note disclosures and supplementary information. This information has not been audited by the independent auditor.

<u>Contents</u>	<u>Table</u>
Financial Trends These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.	I -V
Revenue Capacity These tables contain information that may assist the reader in assessing the City's most significant local revenue source, the property tax.	VI-X
Debt Capacity These tables present information that may assist the reader in analyzing the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	XI-XV
Economic & Demographic Information These tables offer economic and demographic indicators to assist the reader in understanding the environment within which the government's financial activities take place.	XVI-XVII
Operating Information These tables contain service and infrastructure indicators that can inform one's understanding how the information in the City's financial statements relates to the services the City provides and the activities it performs.	XVIII-XX

Source:

Unless otherwise noted, the information in these tables is derived from the annual financial report for the relevant year.

Notes:

¹ Accounting standards require that net position be reported in three components in the financial statements: invested in capital assets, net of related debt; restricted; and unrestricted. Net position is considered restricted only when (1) an external party, such as the State of Iowa or the Federal Government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the City.

Notes:

¹ Net (expense)/revenue is the difference between the expenses and program revenues of a function or program.

It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and other general revenues.

Notes:

⁸ Excluding General Obligation bonds reported in the Enterprise Funds.

⁹ For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using assessed property values. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the City's boundaries and dividing it by each unit's total assessed value.

Notes:

- ¹ Central Maintenance Garage was separated from Transit within the Public Works function in 2014.
- ² Field Services previously included Parks and Recreation personnel who during 2014 moved to the Culture and Recreation function.
- ³ Transit previously included Central Maintenance Garage and Purchasing personnel. Central Maintenance Garage was separated within the Public Works function and Purchasing moved to Finance within the General Government function, both in 2014.
- ⁴ Convention Center contracted out a majority of its services beginning in 2014.
- ⁵ The Finance and Administrative Services departments were separated in 2014.
- ⁶ The Sewer function added 25 waste water treatment plant employees in 2012 as a result of terminating the operations contract with American Water Services.
- ⁷ In 2015, the Convention Center operations was contracted out to Centerplate.
- ⁸ In 2018, the Convention Center and Tyson Events Center operations were contracted out to Kineth and Comcast Spectacor, respectively.
- ⁹ In 2018, the Emergency Medical Services operation was transferred to the City from the Siouxland Paramedics.
- ¹⁰ In 2019, Events Coordinator position was added to act as a liaison with Kineth and Comcast Spectacor.

Sewer				
Sewer backups	49	51	47	42
Total hours per sewer backup ⁴	14.40	4.28	7.12	7.27

Source: Various City of Sioux City departments.

Notes:

¹ Transit system passengers decreased in fiscal year 2018 due to change in accounting procedure for transfer passengers.

² Swimming pool attendance was low in fiscal years 2011 due to unseasonably cool weather.

³ Water production increased in fiscal year 2013 with the addition of the Southbridge Water Plant.

⁴ DNR changed how reporting is done in fiscal year 2021, in past, private mains were counted, now only city mains are counted.

Property Tax Valuations

In compliance with Section 441.21 of the Code of Iowa, as amended, the State Director of Revenue annually directs all county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The final values, called Actual Valuation, are then adjusted by the county auditor. Assessed or Taxable Valuation subject to tax levy is then determined by the application of State determined rollback percentages, principally to residential and commercial property.

Beginning in 1978, the State required a reduction in Actual Valuation to reduce the impact of inflation on its residents. The resulting value is defined as the Assessed or Taxable Valuation. The rollback percentages for residential, agricultural and commercial valuations are as follows:

Fiscal Year	Residential Rollback	Ag. Land & Buildings	Commercial	Multi-residential	Utilities
2021-22	56.4094	84.0305	90.00000	67.50000	98.54890
2020-21	55.0743	81.4832	90.00000	71.25000	100.00000
2019-20	56.9180	56.1324	90.00000	75.00000	100.00000
2018-19	55.6209	54.4480	90.00000	78.50000	100.00000
2017-18	56.9391	47.4996	90.00000	82.50000	100.00000

Property is assessed on a calendar year basis. The assessments finalized as of January 1 of each year are applied to the following fiscal year. For example, the assessments finalized on January 1, 2020 are used to calculate tax liability for the tax year starting July 1, 2021 through June 30, 2022. Presented below are the historic property valuations of the Issuer by class of property.

Property Valuations

Valuation Year	Actual Valuation w/ Utilities	% Change in Actual Valuation	Taxable Valuation w/ Utilities	% Change in Taxable Valuation

Largest Taxpayers

Set forth in the following table are the persons or entities which represent the 2020 largest taxpayers within the Issuer, as provided by the County Auditor's Offices. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the City. Except as noted below, the City's mill levy is uniformly applicable to all of the properties included in the table, and thus taxes expected to be received by the City from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the mills levies of the other taxing entities which overlap the properties.

<u>Taxpayer</u>	2020 Taxable Valuation	Percent of Total

EXHIBIT E-5

(1) Utility Property Tax Replacement

Beginning in 1999, the State replaced its previous property tax assessment procedure in valuing the property of entities involved primarily in the production, delivery, service and sale of electricity and natural gas with a replacement tax formula based upon the delivery of energy by these entities. Electric and natural gas utilities now pay replacement taxes to the State in lieu of property taxes. All replacement taxes are allocated among local taxing cities by the State Department of Revenue and Finance and the Department of Management. This allocation is made in accordance with a general allocation formula developed by the Department of Management on the basis of general property tax equivalents. Properties of these utilities are exempt from the levy of property tax by political subdivisions. Utility property will continue to be valued by a special method as provided in the statute and taxed at the rate of three cents per one thousand dollars for the general fund of the State.

The utility replacement tax statute states that the utility replacement tax collected by the State and allocated among local taxing cities (including the City) shall be treated as property tax when received and shall be disposed of by the county treasurer as taxes on real estate. However, utility property is not subject to the levy of property tax by political subdivisions, only the utility replacement tax and statewide property tax. It is possible that the general obligation debt capacity of the City could be adjudicated to be proportionately reduced in future years if utility property were determined to be other than "taxable property" for purposes of computing the City's debt limit under Article XI of the Constitution of the State of Iowa. There can be no assurance that future legislation will not (i) operate to reduce the amount of debt the City can issue or (ii) adversely affect the City's ability to levy taxes in the future for the payment of the principal of and interest on its outstanding debt obligations, including the Bonds. Approximately 2.89% of the City's tax base currently is utility property. Notwithstanding the foregoing, the City has the obligation to levy taxes against all the taxable property in the City sufficient to pay principal of and interest on the Bonds.

(2) Industrial Real Estate Partial Tax Exemption

Due to Chapter 427B - Industrial Real Estate Partial Tax Exemption, only 40% of the actual value is taxable. The current assessed value as of January 1, 2020 is \$118,000,000.

(3)

Multiple City owned properties are rented out, and thus, are taxable real estate properties. The parking ramp leased to Hard Rock Casino makes up 46.57% of this total.

Lease Commitments

In 1986, the City entered into an agreement with the Siouxland Chamber Foundation to construct the Sioux City Convention Center and lease it back to the City. The original lease expired June 1, 2007, and the title to the facility passed back to the City according to the terms of the lease. On June 1, 2007, another agreement was formed which sold the facility back to the Siouxland Chamber Foundation for \$1.00 and subsequently leased the facility back to the City again. The new lease terms call for a rental payment of \$1.00 per year for a term of 5 years. The lease also provides for two 5-year renewal options. The lease was renewed for an additional five years commencing on June 2, 2017 and ending on June 1, 2022. Per the agreement, title to the facility will transfer back to the City for no consideration at the termination of the lease. Accordingly, the lease is treated as a capital lease and the leased assets are accounted for in the City's audit, in the governmental activities on the statement of net position. Buildings under the capital lease have an original cost of \$7,675,000, accumulated depreciation of \$6,523,750 for a net book value at June 30, 2021, of \$1,151,250.

Debt Limit

The amount of general obligation debt a political subdivision of the State of Iowa can incur is controlled by the constitutional debt limit, which is an amount equal to 5% of the actual value of property within the corporate limits, taken from the last County Tax list. The Issuer's debt limit, based upon said valuation, amounts to the following:

1/1/2020 Actual Valuation:	\$5,377,635,701
X	0.05
Statutory Debt Limit:	268,881,785
 Total General Obligation Debt:	 161,735,000
	-
Total Debt Subject to Limit (1):	161,735,000
Percentage of Debt Limit Obligated:	60.15%

Source: Iowa Department of Management

(1) The "Total Debt Subject to Limit" amount reported above does not include \$54,889,161 in City rebate agreements (subject to yet to be achieved contingencies or annual appropriation). Were such rebate agreements determined to be constitutional debt, the City's percentage of Debt Limit Obligated would be 80.56%. The Iowa Supreme Court has not formally ruled on the question of whether contracts to rebate the tax increment generated by a particular development constitutes indebtedness of a City for constitutional debt limit purposes. The amount reported above includes amounts payable under development agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amounts currently due and appropriated in the fiscal year reported herein (the data in this table is as of 6/30/21 – with no amounts remaining payable in said fiscal year). Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred. The City actively pursues opportunities consistent with the development goals of its various urban renewal plans, which may be amended from time to time, and the City may enter into additional development agreements committing to additional rebate incentive in calendar year 2021 or after.

(1) Unless otherwise noted, the interest rate on the SRF loan noted is 1.75%

(2) With respect to the Water revenue loan dated 9/7/11, the interest rate on the loan is 3%. The City anticipates that the interest rate on this loan will reset to 1.75% on 12/1/2021. The interest rate reset is voluntary at the option of the State Revolving Loan Fund (“SRF”) program, and the City’s expectations may not be achieved were the SRF to choose to discontinue its current interest-rate reset practice.

(3) Pursuant to a 28E agreement with the State of Iowa – Department of Transportation, the City has an obligation to repay, in addition to the above, \$462,996 to the DOT over the period through 7/1/2025, out of net operating revenues of the Water System of the City.

(4) The City submitted and closed on a \$3.996M SRF Water loan on 8/6/21. Debt service for the additional loan has not been included in the table above.

(5) As of June 30, 2021, the City has drawn \$4,849,854 on the \$5.7M water note dated 6/23/17 and \$1,270,009 on the \$8.038M water note dated 4/3/21

CITY OF SIOUX CITY, IOWA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED JUNE 30, 2021

(1) The reporting entity for purposes of the Schedule of Expenditures of Federal Awards is the same as used for reporting on the comprehensive annual financial report.

(2) The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of the City of Sioux City under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Sioux City, it is not intended to and does not present the financial position, changes in financial position or cash flows of the City of Sioux City.

(3) The City administers various loan programs, including the collection of principal and interest, for the Federal government. The outstanding balances of these programs at June 30, 2021, are:

	<u>Balance</u>
CDBG loans	\$169,501
CDBG deferred loans	218,267

(4) The City accepts and approves loan applications under the Section 312 loan program. However, the proceeds of loans from the Federal government and repayment to the Federal government are not administered by the City and are not included in the current year activity for purposes of the Schedule of Expenditures of Federal Awards.

(5) The City expended \$ 21,156 of grant funds as a pass-through to subrecipients through CFDA numbers 14.218 and 14.231.

	<u>Subrecipients</u>	<u>Amount</u>
14.218 Community Devel Block Grant B-17-MC-19-0006 B-19-MC-19-0006	Jones Street -Midtown Food Pantry	\$ 2,533
14.231 Emergency Solutions Grant E-19-MC-0002 E-20-MC-0002 E-20-MW-0006	Institute for Community Alliance	\$ 18,623

(6) The Schedule of Expenditures of Federal Awards is prepared on the cash basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City of Sioux City has elected to use the 10% de minimis indirect cost rate as allowed in accordance with 2 CFR 200 Part 200.510(b)(6).

**Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Honorable City Council
of the City of Sioux City, Iowa:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the CITY OF SIOUX CITY, IOWA as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 10, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Sioux City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Sioux City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Sioux City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations,

contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City of Sioux City's Responses to the Findings

The City of Sioux City's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The City of Sioux City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City during the course of our audit. Should you have any questions concerning the above matters, we would be pleased to discuss them with you at your convenience.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

Honorable Members of the City Council
City of Sioux City, Iowa

Report on Compliance for Each Major Federal Program

We have audited the City of Sioux City, Iowa's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Sioux City, Iowa's (the City) major federal programs for the year ended June 30, 2021. The City's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in a material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Williams & Company, P.C.

Sioux City, Iowa
December 10, 2021

CITY OF SIOUX CITY, IOWA
Schedule of Findings and Questioned Costs
Year Ended June 30, 2021

I. Summary of Auditors' Results

- a. An unmodified opinion was issued on the financial statements.
- b. A material weakness in internal control over financial reporting was disclosed by the audit of the financial statements.
- c. No noncompliance which is material to the financial statements was disclosed.
- d. No significant deficiencies in internal control over major programs were disclosed.
- e. An unmodified opinion was issued on compliance with requirements applicable to each major program.
- f. The Audit disclosed no audit findings which were required to be reported in accordance with Uniform Guidance Section 200.516(a).

g. Major programs:

Airport Improvement Program	CFDA #20.106
Community Development Block Grant	CFDA #14.218
Emergency Solutions Grant Program	CFDA #14.231
Lead-Based Paint Hazard Control	CFDA #14.900
Local Government Relief CARES Act Grant	CFDA #21.019
Federal Transit Cluster	

- h. Dollar threshold used to distinguish between Type A and Type B programs: \$830,665.
- i. The Auditee did not qualify as a low-risk auditee under 2 CFR Section 200.520.

II. Findings Related to the Financial Statements Reported in Accordance with Government Auditing Standards

Instances of Non-Compliance:

No matters were reported.
There were no prior year audit findings.

Material Weakness:

2021-001 Financial Reporting

Criteria – A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Properly designed policies and procedures and implementation of the policies and procedures are an integral part of ensuring the reliability and accuracy of the City's financial statements.

Year Ended June 30, 2021

II. Findings Related to the Financial Statements Reported in Accordance with Government Auditing Standards (Continued)

Condition – Material adjustments were required to correct the City's financial statements. Adjustments were subsequently made by the City to properly reflect these amounts in the financial statements.

Cause – Due to limited staff, policy and procedures have not been established to require independent review to ensure the City's financial statements are accurate and reliable.

Effect – Lack of policies and procedures resulted in City employees not detecting the errors in the normal course of performing their assigned functions. As a result, material adjustments to the City's financial statements were necessary.

Recommendation – The City should implement procedures to ensure all adjustments are properly identified and included in the City's financial statements.

Response – The City will develop procedures to ensure a secondary review is performed of the financial statements.

Conclusion – Response accepted.

III. Findings and Questioned Costs Relating to Federal Awards

Instances of Non-Compliance:

No matters were noted.

Significant Deficiency:

No matters were noted.

IV. Other Findings Related to Required Statutory Reporting

21-IV-A – Certified Budget – Disbursements during the year ended June 30, 2021 exceeded the amount budgeted in the debt service function. Chapter 384.20 of the Code of Iowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation.

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response – The budget will be amended in sufficient amounts to ensure the certified budget is not exceeded.

Conclusion – Response accepted.

21-IV-B – Travel Expense – No expenditures of City money for travel expenses of spouses of City officials or employees were noted.

CITY OF SIOUX CITY, IOWA
Schedule of Findings and Questioned Costs
Year Ended June 30, 2021

IV. Other Findings Related to Required Statutory Reporting (Continued)

- 21-IV-C – Bond Coverage – Surety bond coverage of City officials and employees is in accordance with statutory provisions. However, we recommend that the amount of coverage be reviewed annually to insure that the coverage is adequate for current operations.
- 21-IV-D – Council Minutes – We noted no transactions requiring approval, which had not been approved by the City Council.
- 21-IV-E - Questionable Expenditures – We noted no questionable expenditures during our audit.
- 21-IV-F - Revenue Bonds – No violations of revenue bond resolutions were noted.
- 21-IV-G - Business Transactions – No business transactions between the City and City officials or employees were noted.
- 21-IV-H - Deposits and Investments – We noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy.
- 21-IV-I - Urban Renewal Annual Report – The urban renewal annual report was properly approved and certified to the Iowa Department of Management on or before December 1 and no exceptions were noted.
- 21-IV-J- Restricted Donor Activity - No transactions were noted between the City, City officials, City employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

CITY

**CITY OF SIOUX CITY, IOWA
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2021**

PRIOR AUDIT FINDINGS:

The following significant deficiency regarding Internal Control Over Financial Reporting and Internal Control Over Compliance was considered to be a material weakness for the year ended June 30, 2020.

FINANCIAL STATEMENT FINDINGS:

2020-001-Financial Reporting

Condition and Criteria – The auditors were required to propose and have management post adjusting journal entries in order for the financial statements to conform with U.S. generally accepted accounting principles. Management is responsible for the preparation of financial statements in accordance with U.S. generally accepted accounting principles. (GAAP).

Effect – The financial statements provided by management are not presented entirely in accordance with U.S. generally accepted accounting principles.

Cause – With a limited number of personnel and current staff workload, the time constraints and staff expertise do not allow for a proper review process for the financial statements.

Recommendation – We recommend that the City implement procedures to ensure all adjustments are identified and included in the financial statements and a proper review is conducted.

Views of Responsible Officials – City management feels that hiring additional personnel to implement the additional U.S. GAAP adjusting journal entries would not be cost-effective. However, management has and will continue to monitor this process on a regular basis.

Current Status - This finding still exists at June 30, 2021 (See comment 2021-001). This finding was first reported in fiscal year 2019.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

MATERIAL WEAKNESSES:

No matters were noted.
